Tarzan Parent Child Read Together:

Ecocritical Perspectives on Children's Texts and Cultures Nina Goga, Lykke Guanio-Uluru, Bjørg Oddrun Hallås, Aslaug Nyrnes, 2018-06-11 This volume presents key contributions to the study of ecocriticism in Nordic children's and YA literary and cultural texts in dialogue with international classics. It investigates the extent to which texts for children and young adults reflect current environmental concerns. The chapters are grouped into five thematic areas: Ethics and Aesthetics, Landscape, Vegetal, Animal, and Human, and together they explore Nordic representations and a Nordic conception or feeling of nature. The textual analyses are complemented with the lived experiences of outdoor learning practices in preschools and schools captured through children's own statements. The volume highlights the growing influence of posthumanist theory and the continuing traces of anthropocentric concerns within contemporary children's literature and culture and a non-dualistic understanding of nature-culture interaction is reflected in the conceptual tool of the volume: The Nature in Culture Matrix.

Jungle Collection McGraw-Hill, 2004 Favorite Disney stories are gathered in these collections that guide parents to help their children learn to read. Each volume includes a special hands-on activity section and flash cards to reinforce reading and comprehension skills. Full color. Consumable. Telling the Truth to Your Adopted or Foster Child Betsy Keefer Smalley, Jayne E. Schooler, 2015-09-15 Many adopted or foster children have complex troubling often painful pasts. This book provides parents and professionals with sound advice on how to communicate effectively about difficult and sensitive topics, providing concrete strategies for helping adopted and foster children make sense of the past so they can enjoy a healthy well-adjusted future. Approximately one of every four adopted children will have adjustment challenges related to their separation from the birth family, earlier trauma, attachment difficulties, and/or issues stemming from the adoption process. Common complicating issues of adopted children are feelings of rejection, abandonment, or confusion about their origins. While many foster and adoptive parents and even many professionals are reluctant to communicate openly about birth histories, silence only adds to the child's confusion and pain. This revised and significantly expanded edition of the award-winning *Telling the Truth to Your Adopted or Foster Child* equips parents with the knowledge and tools they need to communicate with their adopted or foster child about their past. Revisions include coverage of significant new research and information regarding the importance of understanding the child's trauma history to his or her well-being and successful adjustment in his foster or adoptive family. The authors answer such questions as: How do I share difficult information about my child's adoption in a sensitive manner? When is the right time to tell my child the whole truth? How do I obtain more information on my child's history? Detailed descriptions of actual cases help the parent or caregiver find ways to discover the truth, particularly in closed and international adoption cases, organize the information, and explain the details of the past gently to a toddler child or young adult who may find it frightening or confusing. *In Her Father's Eyes* Béla Weichherz, 2008-09-03 Translated from the German for the first time. *In Her Father's Eyes* is the diary of Béla Weichherz in which he documents the life of his only

daughter Kitty in prewar Czechoslovakia Started as a baby book before her birth in 1929 the journal contains frequent entries about the ups and downs of Kitty s childhood often written in vivid detail Weichherz included photographs developmental charts and Kitty s own drawings to enhance the text The journal entries stop in early spring 1942 just days before the family s deportation to a Nazi death camp In its final pages a recognizable tale of one anonymous life becomes a heartbreaking story about how anti Semitism and nationalism in Slovakia shattered this normalcy In Her Father s Eyes is a moving tale about Jewish life and a father s profound love for his only child By bridging prewar and wartime periods the diary also provides a rich context for understanding the history from which the Holocaust emerged *The Child Care Worker*

Tzu,Gogol,2023-11-16 Summertime Reading List 180 Books You Need to Read Vol I is a sweeping anthology that brings together a remarkable collection of literary giants from various epochs and styles presenting a testament to the diversity and richness of global literature The collection captures the essence of human experience from the imaginative voyages of Jules Verne and the whimsical journeys of Lewis Carroll to the psychological depths of Sigmund Freud and the profound social commentaries of Charles Dickens Each piece carefully selected for its enduring impact and literary merit offers a unique window into the human condition making this anthology an indispensable resource for understanding the evolution of narrative art through poetic philosophical and dramatic forms The contributing authors represent some of the most influential voices across the centuries writers who have shaped literary movements and cultural dialogues worldwide From the existential explorations of Dostoevsky and the pioneering works of Jane Austen to the transcendental reflections of Thoreau and the revolutionary poetics of Walt Whitman this anthology captures a vast range of perspectives Under the curatorial eye of the editors these works converge to reflect on societal norms philosophical inquiries and the endless complexities of life inviting readers to engage with each piece not just as literature but as cultural artefacts offering insights into their respective historical contexts This expansive volume offers readers not only a chance to immerse themselves in the masterful storytelling of history's literary titans but also provides an educational journey through multiple literary landscapes and ideologies Summertime Reading List 180 Books You Need to Read serves as both a passport to explore diverse literary traditions and a catalyst for intellectual discussion making it a perfect companion for scholars students and lovers of literature alike It compels readers to discover the unending dialogue among these distinguished voices each contributing to a broader understanding of humanity's narrative tapestry

Political Anxiety in Golden Age Children's Classics and Their Contemporary Adaptations Jasmin Sültemeyer,2021-07-05 As striking counter intuitive and distasteful as the combination of children and anxiety may seem some of the most popular children's classics abound in depictions of traumatic relationships bloody wars and helpless heroes This book draws on Freudian and Lacanian anxiety models to investigate the psychological and political significance of this curious juxtaposition as it stands out in Golden Age novels from both sides of the Atlantic and their present day adaptations The stories discussed in detail so the argument goes identify specific anxieties and forms of anxiety management as integral elements of hegemonial middle class identity Apart from its audacious link between psychoanalysis and Marxist feminist as well as postcolonial ideology criticism this study provides a nuanced analysis of the ways in which allegedly trivial texts negotiate questions of individual and trans national identities In doing so it offers a fresh look at beloved tales like Alice's Adventures in Wonderland The Wizard of Oz and Peter Pan contributes to the dynamic field of adaptation studies and highlights the necessity to approach children's entertainment more seriously and more sensitively than it is generally the case

Audacious Kids Jerry Griswold, 2014-11-01 The definitive book length study of the great classics of American children's literature now updated for a new century Outstanding Book of the Year Award Children's Literature Association Often called the Golden Age of Children's Books the years stretching from the Civil War to World War I were a

remarkable epoch in juvenile literature an era when the best authors on both sides of the Atlantic wrote some of their finest work primarily for children In *Audacious Kids* Jerry Griswold provides a groundbreaking and lucid study of twelve of these classic American children's tales including such time honored stories as *Little Women* *Tom Sawyer* *The Secret Garden* and *The Wizard of Oz* Griswold's most remarkable insight is that fundamentally these twelve books all tell essentially the same story a child is orphaned makes a journey is adopted and harassed by adults and eventually triumphs over them and comes into his or her own Griswold a leading figure in the study of children's literature also reveals that these tales emphasize motifs that are distinctly American such as positive thinking concern with health and the concealment of sex and violence and he shows how these secular parables replaced religion with psychology and preached gospels of emotional self control and optimism In this revised edition which is aimed at students scholars and general readers Griswold has updated the text throughout and added a new preface introduction and select bibliography *Handbook and proceedings of the annual meeting* California Library Association,1922 *Reading, Learning, Teaching Howard Zinn* Ed Welch,2009 Howard Zinn is one of the most celebrated historians and social activists of our time Raised in a working class family in Brooklyn he was a shipyard worker and union organizer when World War II began He served as a bombardier in the European Theatre and this experience shaped his opposition to war as an instrument of foreign policy He became active in the civil rights movement as well as the anti war movement from the 1950s to the 1970s He is perhaps best known as the author of *A People's History of the United States* published in 1980 This study of Zinn's life and work opens the door to many aspects of historical study generally untouched in traditional secondary and collegiate survey courses in United States history To Zinn history is not an objective account of the past to be indelibly carved into the brains of American citizens rather history is an ever changing palette of events as people react to the contexts and cultures they find themselves immersed in By considering the lives and thoughts of less politically and socially prominent individuals students have the opportunity to re examine their own beliefs and assumptions about contemporary American life Students will gain insight into how history is constructed and recorded through a consideration of the life and writings of Howard Zinn *Reading Children's Literature: A Critical Introduction - Second Edition* Carrie Hintz,Eric L. Tribunella,2019-03-28 *Reading Children's Literature* offers insights into the major discussions and debates currently animating the field of children's literature Informed by recent scholarship and interest in cultural studies and critical theory it is a compact core text that introduces students to the historical contexts genres and issues of children's literature A beautifully designed and illustrated supplement to individual literary works assigned it also provides apparatus that makes it a complete resource for working with children's literature during and after the course The second edition includes a new chapter on children's literature and popular culture including film television and merchandising and has been updated throughout to reflect recent scholarship and new offerings in children's media
