The Desire and Passion for a Child Patricia

Alkolombre, 2023-06-05 In this book Patricia Alkolombre explores the desire for a child from a contemporary psychoanalytic perspective and covers the questions raised in the face of new resources offered by reproductive medicine This volume reviews traditional psychoanalytic conceptualisations from the perspective of gender theories and analyses theoretical hegemonies related to the desire and passion for a child Alkolombre discusses how the passion to have a child is a key aspect of motherhood characterised by emotional intensity persistence and self sacrificial aspects The book is divided into three sections Part One deals with the desire and passion to have a child while Part Two focuses on the impact of reproductive techniques as well as the ever changing role of parenthood in the modern day Throughout these fascinating chapters clinical vignettes of both individual and couple analyses span topics such as mourning the use of reproductive technology the anonymity of gamete donors enigmatic infertility surrogacy and abortion from an interdisciplinary perspective The historical and cultural contexts of infertility are reviewed from a psychoanalytic angle in Part Three with the view of transcending the former androcentric perspective that has deeply influenced the maternal ideal and expectations of men Alkolombre also proposes a new analysis of the Oedipus myth This book is vital reading for psychoanalysts mental health professionals teachers and students interested in contemporary parenting motherhood and infertility as well as the theoretical analysis of the desire for a child

Psychodrama with

Children Hanna Kende, 2016-12-08 In this book Hanna Kende uses her wealth of experience to explain how psychodrama can allow psychotherapists to fundamentally change their relationships with children presenting with psychosocial mental or behavioral problems Based on Kende s extensive and wide ranging knowledge Psychodrama with Children explores the origins and roots of psychodrama and uses detailed case studies to show how psychodramatists can encourage groups of children to draw upon their natural creativity as a force for healing The method draws on a rich theoretical base starting from the foundational work of Moreno and Adler The method is applicable to a wide range of children with varied symptoms psychosomatic problems distractibility hyperactivity inhibition capable children performing poorly at school etc By creating a warm climate of reciprocal tolerance and acceptance psychodramatists allow children to express themselves freely in a group of their peers and to reshape their negative self image Psychodrama lets children use their natural language of play to mobilize their creative imagination and to express their anxieties conflicts and problems in a symbolic mode This approach helps children heal through their own creativity Psychodrama with Children will be of interest to psychodramatists dramatherapists and child psychotherapists as well as psychologists psychiatrists and other child and adolescent mental health professionals
