## **Sinking Of The Kenbane Head:**

The Sinking of the Kenbane Head Sam McAughtry,1977      **Culture, Northern Ireland, and the Second World War** Guy Woodward,2015 Culture Northern Ireland and the Second World War presents a new cultural history of Northern Ireland during and after the Second World War examining the often neglected period before the onset of the Troubles and exploring work by the generation of artists and writers that preceded Seamus Heaney and his contemporaries      **The Merchant Seamen's War** Tony Lane,1990      Atlantic Convoys and Nazi Raiders Bruce A. Watson,2005-12-30 In November of 1940 the German pocket battleship Admiral Scheer attacked British Convoy HX 84 The merchant cruiser HMS Jervis Bay a converted passenger liner that was the convoy's only escort armed only with antique 6 inch guns charged the Nazi raider While the Jervis Bay did not stand a chance of surviving the battle her crew's fatalistic bravery inspired awe in all who witnessed the fight Watson recounts how the Scheer's 11 inch guns turned the ship into a burning hulk in twenty two minutes but most of the convoy escaped In November of 1940 the German pocket battleship Admiral Scheer attacked British Convoy HX 84 The Armed Merchant Cruiser HMS Jervis Bay the only escort and mounting antique 6 inch guns charged the Nazi raider While the Jervis Bay did not stand a chance of surviving the battle her crew's fatalistic bravery inspired awe in all who witnessed the fight Watson describes how the Scheer's 11 inch guns turned the converted passenger liner into a burning hulk in twenty two minutes but most of the convoy escaped How did this confrontation come to pass Both the necessity of arming a passenger liner and pretending it was a warship and the building of the Admiral Scheer and her sister ships for the express purpose of commerce raiding find their roots in the events political decisions re armament policies war plans naval traditions and blunders that arose in pre war Britain and Germany But this event holds a significance beyond the battle itself The sinking of the Jervis Bay symbolizes the end of an era in naval warfare The Armed Merchant Cruisers of the Second World War inherited a long sometimes noble and sometimes ignoble history Long employed in blockade or patrol duty armed merchant cruisers ventured out for the first time to escort convoys a defensive duty for which they were eminently unsuited and for which the Jervis Bay paid a fearful price      **A New History of Ireland Volume VII** J. R. Hill,2003-12-04 A New History of Ireland is the largest scholarly project in modern Irish history In 9 volumes it provides a comprehensive new synthesis of modern scholarship on every aspect of Irish history and prehistory from the earliest geological and archaeological evidence through the Middle Ages down to the present day Volume VII covers a period of major significance in Ireland's history It outlines the division of Ireland and the eventual establishment of the Irish Republic It provides comprehensive coverage of political developments north and south as well as offering chapters on the economy literature in English and Irish the Irish language the visual arts emigration and immigration and the history of women The contributors to this volume all specialists in their field provide the most comprehensive treatment of these developments of any single volume survey of twentieth century Ireland      Heroine Of Her Own Life Constance Emmett,2022-02-15 In early 20th

century Belfast working class Meg Preston struggles to accept her own sexuality and yearns for forbidden love Battling the customs and hardships of their time Meg pursues a relationship with her childhood friend Lillian Watson But soon tribulations of war violence and emigration threaten to tear everything apart Seeking refuge for herself her love and her family can Meg find the courage to become the heroine of her own life *The Oxford Companion to Twentieth-century Literature in English* Jenny Stringer,1996 Survey of twentieth century English language writers and writing from around the world celebrating all major genres with entries on literary movements periodicals more than 400 individual works and articles on approximately 2 400 authors **Naval Ship Models of World War II in 1/1250 and 1/1200 Scales** Robert K. Liu,2021-02-28 A guide for collectors and modelers packed with photos technical information practical advice and history The origins of 1 1250 and 1 1200 scale models can be traced back to the first years of the twentieth century and their use as identification aids by the military during the First World War When peace came the manufacturers aimed their increasingly sophisticated products at collectors and ever since then acquiring enhancing modifying or scratch building miniature ship models has been an avidly pursued hobby around the world This new book focuses on models of the ships of the Second World War and the author addresses all the practical issues that might confront collectors who like to enhance convert and modify their models or even scratch build models of ships not commercially available The book covers both Allied and Axis warships naval airplanes merchant conversions and even an Italian armed schooner and provides historic and technical information on the ships represented as well as practical advice on modeling them including twenty five chapters covering everything from initial production techniques such as spin casting silicon mold casting resin casting die casting plastic mold injection and 3D printing through techniques for enhancing and modifying models to eventually researching and scratch building an uncommon ship or type The focus is always on particular vessels and the vast array covered builds into a fascinating panorama of the vessels that fought across the world s oceans in that era The combination of intriguing background and historical information combined with detailed practical information and more than 300 stunning photographs makes this book irresistible to collectors modelers or anyone with an interest in the navies of the Second World War Convoy Will Scatter Bernard Edwards,2013-06-12 A naval historian reveals the full story of the HMS Jervis Bay and the merchant ships that valiantly saved lives during the WWII Battle of the Atlantic On November 5th 1940 the thirty eight merchant ships of Convoy HX84 were making their way across the North Atlantic escorted by the armed cruiser HMS Jervis Bay In mid ocean they were attacked by the German pocket battleship Admiral Scheer Though the Jervis Bay charged at the enemy she was hopelessly outgunned Within twenty two minutes the ship was destroyed Meanwhile the merchantmen scattered under the cover of a smokescreen But the radar equipped Admiral Scheer was still capable of picking them off one at a time Captain Hugh Pettigrew commanding the highly armed Canadian Pacific cargo liner SS Beaverford began a desperate game of hide and seek with the Scheer which continued until the Beaverford was sunk with no survivors Thanks to

this sacrifice thirty three merchantmen were able to escape Later the neutral flag Swedish freighter Stureholm commanded by Captain Olander picked up survivors from the Jervis Bay While Jervis Bay s Captain Edward Fegen was rightly awarded the Victoria Cross for his bravery and sacrifice the history books only mention the Beaverford and the Stureholm in passing This thrilling book puts the record straight      **Churchill's Greatest Fear** Richard Doherty,2015-11-30 The Battle of the Atlantic Churchill s term was arguably the pivotal campaign of the Second World War it was certainly the longest starting with the sinking of RMS Athenia on 3 September 1939 and ending with the torpedoing of SS Avon Dale on 7 May 1945 This superbly researched work covers all the major aspects of The Battle balancing the initial advantages of Admiral Doenitz s U Boat force the introduction of the convoy system the role of the opposing surface fleets and air forces relative strengths and the all important technical developments Intelligence particularly the Bletchley Park intercepts played an increasingly important part in the final outcome The author concludes that May 1943 was the moment when the Allies seized the initiative and despite desperate German efforts never lost their advantage Using official records personal accounts and a wealth of historical research this work gives the reader a splendidly concise yet broad account of the course of the campaign the men who fought it on both sides and the critical moments and analysis of the outcome      **The Fourth Service** John Slader,2010-06-04 Here at last is the true story of the merchant fleet during World War II the non fighting service in which 32 000 men died yet whose essential role has never been fully appreciated The author himself a member of the service from 1941 47 relates the stories of merchantmen and their crews with unique insight From the early days of the war to the day of victory on the Rhine through combined operations in the Mediterranean and at Normandy the complete operation of the fleet is examined with vivid accounts of the horrific losses undergone the heroism of the crews and the sacrifices endured to ensure that Britain received its essential supplies of food oil and raw materials Highly illustrated this book will be absorbing for the war historian maritime enthusiast and general reader alike      *Watson's Really Big Wwii Almanac* Patrick Watson,2007-12-11      *Books Ireland* ,1984      Uncommon Valour Granville Allen Mawer,2019-03-30 A military historian presents a provocative study of the Victoria Cross the heroes it honors and the ethics of the British honors system What is the nature of courage How and when should it be recognized How has our appreciation of it changed over time These are among the questions Granville Allen Mawer seeks to answer in this absorbing history of the Victoria Cross the highest honor awarded to members of the British Armed Forces for valor in the presence of the enemy Uncommon Valor is both an analytical account of the institution of the Victoria Cross and a fascinating study of the ethics of rewarding bravery It explores the origin of the award the rationale behind individual awards and the ways in which the institution has evolved over its long history Historian Granville Allen Mawer compares individual actions that led to a Victoria Cross analyzing the circumstances in which they took place the character of the individual concerned and the shifting criteria for giving awards This unconventional treatment of the Victoria Cross may be controversial but it should stimulate a deeper understanding of

the history of the medal and of the heroism of those to whom it has been awarded      **Slanguage** Bernard Share,2005 Are you a holy terror Are you a go boy Could you live on the skin of a rasher Or are you so hungry that you eat a farmer s arse through a hedge When you re on the razz do you get so buckled crippled and scuttered that you can t get your back outa the scratcher in the morning Never mind the answers if you understand the questions you are in Slanguage country If you don t you need to be This is the dictionary that glosses the words that real Irish people use in the streets each day every day Slang is elusive Some words and phrases are always there Others slip in and out of usage according to the whims of fashion This expanded edition of the standard dictionary of Irish slang includes many entries not in the 1997 edition It has dropped a few that have fallen out of favour and has revised others In all this edition is 25 per cent longer than its predecessor It will confirm Bernard Share s invaluable book in its position as the major work of its kind combining scholarship and a keen sense of fun Slanguage does justice to it by taking it seriously but not too seriously      **Ships Monthly** ,1979      Liffey Ships and Shipbuilding Pat Sweeney,2010 The all but forgotten history of Dublin s shipbuilding yards      *Dictionary of Irish Literature* ,1996      Irish Publishing Record ,1979      **A Biographical Dictionary of Irish Writers** Anne M.
