Bukhari,2017-08-11 This Book The Lineage of the Prophet Hazrat Muhammad is all about what it is subtitled The true history of Islam Our book describes the circumstances of Huzur s

inheritance Virasat e Rasul Maula Ali alaihissalam and from the lineage of Huzur e Aqdas till Maula Ali alaihissalam and twelve Imam till Hazrat Imam Mehdi alaihissalam Because our lineage begins from Hazrat Imam Naqi alaihissalam as they are our progenitors we have given the descriptions of their sacrifices in the path of Islam We have also described their circumstances The purpose of writing this book is to let the people know the story of torture done on Huzur s physical heirs and the nearest companions and the confusions created after the sad demise of Huzur After the Prophet Hazrat Abubakar Siddiq alaihissalam was crowned as a Caliph After that Hazrat Umar alaihissalam was given this post and then Hazrat Usman e Gani alaihissalam was appointed as a Caliph He also was martyred After the death of Hazrat Usman e Gani alaihissalam the conditions were very delicate Due to the conspiracies of Bani Umiyyah Islam was to be leaned towards the controls of kings Maula e Kainat Hazrat Ali Murtuza alaihissalam was busy collecting the Qur anic verses He was deeply sunk into prayers and practices During this time big shots of Islam came to him and requested him to shoulder the responsibilities of Islam He bluntly refused A meeting of the executive committee Shura the executive committee was convened and after a great insistence Hazrat Ali alaihissalam accepted these responsibilities And as a result of unanimous agreement he became one of the selected of the Momins Mominin Muntakhab He prevented the people from going wild in their behavior He had to fight many wars briefly explained each war inside the book He turned all the malicious plans of Bani Umiyyah into a great failure And then how Hazrat Imam Hasan a s appointed and after him Hazrat Imam Husain a s The author also included the details of the War of Karbala and incidents that happened after Karbala This book consists of the life details of all the twelve 12 Imam s and about their books works and much more *The Encyclopaedia of Islam* Hamilton Alexander Rosskeen Gibb,1993 The Encyclopaedia of Islam Second Edition sets out the present state of our knowledge of the Islamic World It is a unique and invaluable reference tool an essential key to understanding the world of Islam and the authoritative source not only for the religion but also for the believers and the countries in which they live **Islam, Its Theology and the Greek Philosophy** Mohammad Muslehuddin,2000 *Politics of the Islamic Tradition* Mohammed Moussa,2015-10-05 Over the last two centuries the Muslim world has undergone dramatic transformations impacting the Islamic tradition and throwing into question our understanding of tradition The notion of tradition as an unmoving edifice is contradicted by the very process of its transmission and the complex role human beings play in creating and sustaining traditions is evident in the indigenous mechanisms of change within the Islamic tradition Politics of the Islamic Tradition locates the work of Egyptian cleric Muhammad al Ghazali within the context of this dynamic Islamic tradition with special focus on his political thought Al Ghazali inherited a vast and diverse heritage which he managed to reinterpret in a changing world An innovative exploration of the change and continuity present within Muslim discourses this book brings together disparate threads of the Islamic tradition religious exegesis the contemporary Arab Middle East the Islamic state and idea of renewal in al Ghazali s thought As well as being one of the first complete treatments of al Ghazali s works this book provides an original critical approach to

tradition and its capability for innovation and change countering the dichotomy between tradition and modernity that typically informs most scholarly studies on contemporary Islam Offering highly original insights into Islamic thought and engaging with critical notions of tradition this book is essential reading for students and scholars of Islamic Politics and History *Prophet Muhammad (S) and His Family* Shamim Aleem,2011-10-27 Though over the past 1400 years thousand of books have been written on the different aspects of the life of the Prophet Muhammad S Even then it cannot claim to be true and exhaustive picture of his multidimensional life as has been successfully projected in this book The author has tried to look at his family life from a sociological perspective an approach different from that of other writers Her attempt is to place at the disposal of young English speaking people a wider view of the family life of the Prophet so that they may learn something from it to make their own lives more fruitful and happy In the last few years and especially after 9 11 interest in Islam and Islamic literature has increased tremendously Non believers are in a dilemma On one hand Islam is suppose to be a religion of peace while on the other terrorism association with Muslims is on the rise By making an attempt to depict an objective picture of the life of Prophet Muhammad S the author has tried to underline the fact that Islam is not a religion of violence but of peace and the life of the Prophet provides convincing evidence of the same and whatever is being done under the name of Muslim by a handful people has hardly any relation with Islam The book may be a source of interest to those non Muslims who are keen to know more about Islam The Languages of Religion Sipra Mukherjee,2018-06-14 This book analyses the power that religion wields upon the minds of individuals and communities and explores the predominance of language in the actual practice of religion Through an investigation of the diverse forms of religious language available oral traditions sacred texts evangelical prose and national rhetoric used by faith insiders such as missionaries priests or religious leaders who play the communicator s role between the sacred and the secular the chapters in the volume reveal the dependence of religion upon language demonstrating how religion draws strength from a past that is embedded in narratives infusing the sacred language with political power The book combines broad theoretical and normative reflections in contexts of original detailed and closely examined empirical case studies Drawing upon resources across disciplines the book will be of interest to scholars of religion and religious studies linguistics politics cultural studies history sociology and social anthropology Cultural Heritage of India Mr. Rohit Manglik,2024-03-17 EduGorilla Publication is a trusted name in the education sector committed to empowering learners with high quality study materials and resources Specializing in competitive exams and academic support EduGorilla provides comprehensive and well structured content tailored to meet the needs of students across various streams and levels
