Durrant,2003-09-16 The cultures of ancient China and ancient Greece have exerted immeasurable influence on later civilizations The texts and cultural values of classical China spread throughout East Asia and became the foundation of learning in Korea Japan and Vietnam Greek learning and culture receive credit for many of the intellectual paradigms of the West Probably the one which is most distinctly Western is the tradition of logical proof and the related assumption that as Aristotle put it in *Metaphysics* 980 we all desire to know In contrast the Chinese tradition as exemplified by Laozi's *Dao de jing* cautions that through our desire to know we may forfeit wisdom thus engendering a split between knowledge and wisdom The *Siren and the Sage* is a comparative study of what some of the most influential writers of ancient China and ancient Greece thought it meant to know and whether they distinguished knowledge from wisdom It surveys selected works of poetry history and philosophy from roughly the eighth through the second centuries BCE focusing on the *Odyssey* the ancient Chinese *Classic of Poetry* Thucydides *History of the Peloponnesian War* Sima Qian's *Records of the Historian* Plato's *Symposium* Laozi's *Dao de jing* and the writings of Zhuangzi The intention through such juxtaposition is to introduce foundational texts of each tradition texts which continue to influence most of the world's peoples It is intriguing to ask what awareness if any these distinctive cultures had of each other A considerable body of scholarship comparing ancient Greece and ancient China now exists Scholars are presenting evidence that the two cultures may actually have been aware of each other's presence even though that awareness was presumably indirect perhaps mediated by the nomadic peoples of Central Asia While not directly contributing evidence the authors argue that comparing the cultures of Greece and China will continue to be an irresistible and important scholarly debate The book offers a provocative study which is accessible to students and general readers and at the same time contributes to the debate

Poetry in Dialogue in the Duecento and Dante David Bowe, 2020-11-20 Poetry in Dialogue in the Duecento and Dante provides a new perspective on the highly networked literary landscape of thirteenth and fourteenth century Italy It demonstrates the fundamental role of dialogue between and within texts in the works of four poets who represent some of the major developments in early Italian literature Guittone d Arezzo Guido Guinizzelli Guido Cavalcanti and Dante Rather than reading the cultural landscape through the lens of Dante s works significant though they may be the first part of this study reconstructs the rich network of literary especially poetic dialogue that was at the heart of medieval writing in Italy The second part uses this reconstruction to demonstrate Dante s engagement with and indebtedness to the

dynamics of exchange that characterised the practice of medieval Italian poets The overall argument for the centrality of dialogic processes to the emerging Italian literary tradition is underpinned by a conceptualisation of dialogue in relation to medieval and modern literary theory and philosophy of language By triangulating between Brunetto Latini's *Rettorica* Mikhail Bakhtin's dialogism and as sense of performative speech adapted from J L Austin Poetry in Dialogue shows the openness of its corpus to new dialogues and interpretations highlighting the instabilities of even the most apparently fixed monumental texts **The Lances of Lynwood** Charlotte Mary Yonge, 1891 [Kazantzakis, Volume 2](#) Peter

Bien, 2010-07-01 Putting Greek writer Nikos Kazantzakis's vast output into the context of his lifelong spiritual quest and the turbulent politics of twentieth century Greece Peter Bien argues that Kazantzakis was a deeply flawed genius not always artistically successful but a remarkable figure by any standard This is the second and final volume of Bien's definitive and monumental biography of Kazantzakis 1883-1957 It covers his life after 1938 the period in which he wrote *Zorba the Greek* and *The Last Temptation of Christ* the novels that brought him his greatest fame A demonically productive novelist poet playwright travel writer autobiographer and translator Kazantzakis was one of the most important Greek writers of the twentieth century and the only one to achieve international recognition as a novelist But Kazantzakis's writings were just one aspect of an obsessive struggle with religious political and intellectual problems In the 1940s and 1950s a period that included the Greek civil war and its aftermath Kazantzakis continued this engagement with undiminished energy despite every obstacle producing in his final years novels that have become world classics
