Chinese Family Business and the Equal Inheritance System Victor Zheng, 2009-12-17 This book disputes the traditional argument that the equal inheritance system hinders the growth of Chinese family business approaching this not only in terms of economic capital but also in terms of human capital such as education and leadership and social networks Zheng argues that most of the family business patriarchs only focus on the passing on economic capital but give little attention to human capital and social capital when they come to the stage to transfer control to the next level It further elaborates that the equal inheritance system itself isn't the destructive force that weakens family business competitiveness but can assist economic development by generating dynamism and capital Based on extensive primary research the work discusses how equal division encourages sibling comparison analysing how such comparisons initially generate stress and anxiety but will ultimately galvanize competition benefiting the business The author also assesses how family division can offer initial economic human and social capitals that can motivate siblings to start their own businesses and be free from the subjugation sometimes associated with a family firm Through the evaluation of these issues the book argues that the equal inheritance system can be regarded as the origin of the self employment mentality which not only fosters the growth of Chinese family business but plays a crucial role in promoting economic development Providing a valuable contribution to the field this work will be of great interest to all scholars of Chinese and Asian business **Sister Vs. Brothers and Sisters in India G. N. Ramu, 2006-01-01 Indian society is rapidly becoming more urban and while the level of urbanization and the values associated with it have yet to correspond with those of Western societies the traditional ethos governing sibling relations is becoming increasingly less relevant G N Ramu explores this phenomenon in *Brothers and Sisters in India* the first detailed study of adult siblings in contemporary Indian society Based on sixteen months of field work in the city of Mysore and over three decades of research in this area Ramu's study focuses on the three types of sibling relationships fraternal sororal and cross sibling and examines the frequency of interaction the level of mutual assistance and the incidence of conflict and strain between brothers and sisters

Brothers and Sisters Henry Abramovitch, 2014-11-18 Growing up we typically spend more time with our brothers and sisters than we do with our parents In an age of divorce mobility and alienation the sibling bond is often the only one that really lasts Given that brothers and sisters are such a fundamental aspect of human existence it is remarkable that they have received so little in depth attention in the field of psychology Henry Abramovitch's *Brothers and Sisters* explores the tension between the myth and reality of brothers and sisters in a variety of cultures and through the poignant brother sister stories in the Bible Abramovitch looks at the developmental sequence in the sibling relationship as brothers or sisters struggle to find their place with each other concluding with a very personal account of his own relationship with his brother and sister

The Ecology of Adaptive Radiation Dolph Schluter, 2000-08-31 Adaptive radiation is the evolution of diversity within a rapidly multiplying lineage It can cause a single ancestral species to differentiate into an impressively vast array of species inhabiting a variety of environments Much of life's diversity has arisen during adaptive radiations Some of the most famous recent examples include the East African cichlid fishes the Hawaiian silverswords and of course Darwin's Galapagos finches This book evaluates the causes of adaptive radiation It focuses on the ecological theory of adaptive radiation a body of ideas that began with Darwin and was developed through the early part of the 20th Century This theory proposes that phenotypic divergence and speciation in adaptive radiation are caused ultimately by divergent natural selection arising from differences in

environment and competition between species In *The Ecology of Adaptive Radiation* the author re evaluates the ecological theory along with its most significant extensions and challenges in the light of all the recent evidence This important book is the first full exploration of the causes of adaptive radiation to be published for decades written by one of the world's best young evolutionary biologists

Analysing Sentences Noel Burton-Roberts, 2013-10-31 This highly successful text has long been considered a standard introduction to the practical analysis of English sentence structure As in previous editions key concepts such as constituency category and function are carefully explained as they are introduced Tree diagrams are used throughout to help the reader visualise the hierarchical structure of sentences The final chapter sets the analysis in the context of generative grammar In this third edition *Analysing Sentences* has been thoroughly revised It has an attractive new layout more examples clearer explanations and summaries of major points A major change concerns the analysis of auxiliary verbs which has been revised to bring it more in line with current thinking Clear development from chapter to chapter together with the author's accessible style make this book suitable for readers with no previous experience of sentence analysis A practical and reader friendly text it includes many in text exercises and end of chapter exercises all with answers and Further Exercises making it suitable for self directed study as well as for taught courses Noel Burton Roberts is Professor of English Language and Linguistics at Newcastle University He is the author of *The Limits to Debate* a Revised Theory of Semantic Presupposition CUP 1989 the editor of *Phonological Knowledge Conceptual and Empirical Issues* OUP 2000 and *Pragmatics* Palgrave 2007 and the author of numerous articles on various aspects of linguistics and the English language

Queer Nuns Melissa M. Wilcox, 2018-05-22 An engaging look into the Sisters of Perpetual Indulgence queer activists devoted to social justice The Sisters of Perpetual Indulgence make up an unlikely order of nuns Self described as twenty first century queer nuns the Sisters began in 1979 when three bored gay men donned retired Roman Catholic nuns habits and went for a stroll through San Francisco's gay Castro district The stunned and delighted responses they received prompted these already seasoned activists to consider whether the habits might have some use in social justice work and within a year they had constituted the new order Today with more than 83 houses on four different continents the Sisters offer health outreach support and at times protest on behalf of queer communities In *Queer Nuns* Melissa M Wilcox offers new insights into the role the Sisters play across queer culture and the religious landscape The Sisters both spoof nuns and argue quite seriously that they are nuns adopting an innovative approach the author refers to as serious parody Like any performance serious parody can either challenge or reinforce existing power dynamics and it often accomplishes both simultaneously The book demonstrates that through the use of this strategy the Sisters are able to offer an effective flexible and noteworthy approach to community based activism Serious parody ultimately has broader applications beyond its use by the Sisters Wilcox argues that serious parody offers potential uses and challenges in the efforts of activist groups to work within communities that are opposed and oppressed by culturally significant traditions and organizations as is the case with

queer communities and the Roman Catholic Church This book opens the door to a new world of religion and social activism one which could be adapted to a range of political movements individual inclinations and community settings *Hoffmann's Catholic Directory, Almanac and Clergy List* ,1897 **Digest of Rulings of the Court of the Judicial Commissioner, Central Provinces from 1862-1903** Krishnarao Phatak,1904 **Leviticus** Johnson M. Kimuhu,2008 Whereas many books in this field deal with individual aspects or texts of the study of family laws Leviticus The Priestly Laws and Prohibitions from the Perspective of Ancient Near East and Africa examines extensively biblical texts ancient Near Eastern text and oral traditions from Africa Thus three different cultures converge the world of the Hebrew Bible the world of the ancient Near East and the world of Africa This volume examines in detail the history of the development of ancient laws in general and family laws in particular especially the laws relating to marriages between close relatives Furthermore Johnson M Kimuhu looks at prohibitions and taboos in Africa and the problems they pose with regard to the interpretation and translation of difficult biblical concepts into African languages In that sense Kimuhu provides an example of how to contextualize or integrate African traditions into the study of biblical Hebrew and he also offers insights into the current debate on the study of kinship from the point of view of social cultural anthropology and the Hebrew Bible legal system Teachers students and researchers in biblical studies ancient Near Eastern studies African traditions and social cultural anthropology will find this book helpful in their quest to understand family laws prohibitions and taboos **Sisters and the English Household** Anne D. Wallace,2018-09-15 Sisters and the English Household revalues unmarried adult sisters in nineteenth century English literature as positive figures of legal and economic autonomy representing productive labor in the domestic space As a crucial site of contested values the adult unmarried sister carries the discursive weight of sustained public debates about ideals of domesticity in nineteenth century England Engaging scholarly histories of the family and providing a detailed account of the 70 year Marriage with a Deceased Wife s Sister controversy Anne Wallace traces an alternative domesticity anchored by adult sibling relations through Dorothy Wordsworth s journals William Wordsworth s poetry Mary Lamb s essay On Needle Work and novels by Jane Austen Elizabeth Gaskell Charles Dickens Dinah Mulock Craik and George Eliot Recognizing adult sibling relationships and the figure of the adult unmarried sibling in the household as primary and generative rather than contingent and dependent and recognizing material economy and law as fundamental sources of sibling identity Sisters and the English Household resets the conditions for literary critical discussions of sibling relations in nineteenth century England *Aunt Sister's Book* Clara Löwenburg Moses,1929 University of Illinois Directory for 1929 University of Illinois (Urbana-Champaign campus),1929
