Sister Circle: The Power of Sisterhood Cheryle T. Ricks, 2015-01-09 This book is written with courage and bracing honesty The author before she does anything else shares her own story of pain and confusion thereby making it clear that she writes from a well of understanding This is not some abstract checklist of what it takes to be a whole woman rather it is a heartfelt guide composed by a woman who has suffered through and survived the very challenges she wants to help other women overcome Every woman should give this book to at least one other woman and certainly every mother to her daughter And it must be pointed out no man will be the poorer for reading this for a better understanding of how very different a woman's struggles and needs are from his own This book says Woman heal thyself The author makes it clear that this must happen first before a woman can heal others and that this can only happen by embracing God's healing love The author's tone is conversational sometimes even humorous in the midst of calamity Clearly recalled details draw the reader into her experiences teaching through example and the message of God's omnipresence and faithfulness is brought home repeatedly There is universally sound advice here for struggling men as well you are not the mistakes you make Xulon Press Every woman should have a mentor or friend they can look to for advice during both the challenging and joyful times in life Cheryle T Ricks is that friend and through her conversational style of writing you feel as if she's right next to you as you read Her transparency lends authenticity to her life story and credibility to her wise words You'll walk away from this book feeling as if you've made a new friend Erika Bennett Xulon Press Editor

The Unchosen Me Rachelle Winkle-Wagner,2009-12-01 Racial and gender inequities persist among college students despite ongoing efforts to combat them Students of color face alienation stereotyping low expectations and lingering racism even as they actively engage in the academic and social worlds of college life The Unchosen Me examines the experiences of African American collegiate women and the identity related pressures they encounter both on and off campus Rachelle Winkle Wagner finds that the predominantly white college environment often denies African American students the chance to determine their own sense of self Even the very programs and policies developed to promote racial equality may effectively impose unchosen identities on underrepresented students She offers clear evidence of this interactive process showing how race gender and identity are created through interactions among one s self others and society At the heart of this book are the voices of women who struggle to define and maintain their identities during college In a unique series of focus groups called sister circles these women could speak freely and openly about the pressures and tensions they faced in school The Unchosen Me is a rich examination of the underrepresented student experience offering a new approach to studying identity race and gender in higher education

Black Women Navigating Historically White Higher Education Institutions and the Journey Toward Liberation Logan, Stephanie R., Good, Tyra L., 2022-05-27 Black women in higher education continue to experience colder institutional climates that devalue their presence. They are relied on to mentor students and expected to commit to service activities that are not rewarded in the tenure process and often lack access to knowledgeable mentors to offer career support. There is a need to move beyond the individual resistance strategies employed by Black women to institutional and policy changes in higher education institutions. Specifically, higher education policymakers and administrators should understand and acknowledge how the race and gender makeup of campuses and departments impact the successes and failures of Black women as they work to recruit and retain Black women graduate students, faculty, and administrators. *Black Women Navigating Historically White Higher Education Institutions and the Journey Toward Liberation* provides a collection of ethnographies, case studies, narratives, counter stories, and quantitative descriptions of Black women's intersectional experience learning, teaching, serving, and leading in higher education. This publication also provides an opportunity for Black women to identify the systems that impede their professional growth and development in higher education institutions and articulate how they navigate racist and sexist forces to find their versions of success. Covering a range of topics such as leadership, mental health, and identity, this reference work is ideal for higher education professionals, policymakers, administrators, researchers, scholars, practitioners, academicians, instructors, and students.

Black Sisterhoods: Paradigms and Praxis Denise Davis Maye, Sophia Rahming, Jill Andrews, Tamara Bertrand

J,2022-03-18 Sisterhood is oft elusive if not a misunderstood concept Despite all the factors that could impede the development elevation and maintenance of sistering relationships Black women continue to acknowledge the value of sisterhoods Sistering offers a lifeline of support and validation Holding membership in an empowering woman centered relationship is a special kind of privilege The authors in this volume contest any assumption that sisterhood is limited to blood relationships and physical proximity In this volume we consider sisterhood simultaneously as paradigm and praxis We approach Sisterhood as Paradigm and attempt to parse out the nature of Sisterhood as it is understood in Black communities in the United States We hope to convey an organized set of ideas about sisterhood to create sisterhood as a model of interaction or way of being with one another specifically among Black women As we consider how sisterhood could be enacted as practice Using Sisterhood as a framework we explore Sisterhood as Peer Support examining how Black women provide support to peers in academic and professional settings we embark on a provision of applied exemplars of sistering in emerging digital media in Digital Sisterhood
