**Post-9/11 Historical Fiction and Alternate History Fiction** Pei-chen Liao, 2020-09-19 Drawing on theories of historiography memory and diaspora as well as from existing genre studies this book explores why contemporary writers are so fascinated with history Pei chen Liao considers how fiction contributes to the making and remaking of the transnational history of the U S by thinking beyond and before 9 11 investigating how the dynamics of memory as well as the emergent present influences readers reception of historical fiction and alternate history fiction and their interpretation of the past Set against the historical backdrop of WWII the Vietnam War and the War on Terror the novels under discussion tell Jewish Japanese white American African Muslim and Native Americans stories of trauma and survival As a means to transmit memories of past events these novels demonstrate how multidirectional memory can be not only collective but connective as exemplified by the echoes that post 9 11 readers hear between different histories of violence that the novels chronicle as well as between the past and the present

*Memory Eternal* Sergei Kan, 2014-07-01 In *Memory Eternal* Sergei Kan combines anthropology and history anecdote and theory to portray the encounter between the Tlingit Indians and the Russian Orthodox Church in Alaska in the late 1700s and to analyze the indigenous Orthodoxy that developed over the next 200 years As a native speaker of Russian with eighteen years of fieldwork experience among the Tlingit Kan is uniquely qualified to relate little known material from the archives of the Russian church in Alaska to Tlingit oral history and his own observations By weighing the one body of evidence against the other he has reevaluated this history arriving at a persuasive new concept of converged agendas the view that the Tlingit and the Russians tended to act in mutually beneficial ways but for entirely different reasons throughout the period of their contact with one another The Russian American Company began operations in southeastern Alaska in the 1790s Against a description of Tlingit culture at the time of the Russians arrival Kan examines Russian Orthodox theology ritual practice and missionary methods and the Tlingit response to them An uneasy symbiosis characterized the early era of the Russian

American Company when the trading relationship outweighed any spiritual or social rapprochement A second major focus of Kan s study is the Tlingit experience with American colonial domination He attributes a sudden revival of Tlingit interest in Orthodoxy in the 1880s as their attempt to maintain independence in the face of concerted efforts by the newcomers and especially Presbyterian missionaries to Americanize them Memory Eternal shows the colonial encounter to be both a power struggle and a dialogue between different systems of meaning It portrays Native Alaskans not as helpless victims but as historical agents who attempted to adjust to the changing reality of their social world without abandoning fundamental principles of their precolonial sociocultural order or their strong sense of self respect *New Directions in Jewish American and Holocaust Literatures* Victoria Aarons, Holli Levitsky, 2019-02-28 What does it mean to read and to teach Jewish American and Holocaust literatures in the early decades of the twenty first century New directions and new forms of expression have emerged both in the invention of narratives and in the methodologies and discursive approaches taken toward these texts The premise of this book is that despite moving farther away in time the Holocaust continues to shape and inform contemporary Jewish American writing Divided into analytical and pedagogical sections the chapters present a range of possibilities for thinking about these literatures Contributors address such genres as biography the graphic novel alternate history midrash poetry and third generation and hidden child Holocaust narratives Both canonical and contemporary authors are covered including Michael Chabon Nathan Englander Anne Frank Dara Horn Joe Kupert Philip Roth and William Styron

**NGDC Key to Geophysical Records Documentation** ,1996 *The Rainbow of Delta Tau Delta* ,1924 **Alternate History** Kathleen Singles, 2013-10-14 While strictly speaking Alternate Histories are not Future Narratives their analysis can shed a clear light on why Future Narratives are so different from past narratives Trying to have it both ways most Alternate Histories subscribe to a conflicting set of beliefs concerning determinism and freedom of choice contingency and necessity For the very first time Alternate Histories are here discussed against the backdrop of their Other Future Narratives The volume contains in depth analyses of the classics of the genre such as Philip K Dick s *The Man in the High Castle* and Philip Roth s *The Plot against America* as well as less widely discussed manifestations of the genre such as Dieter K hn s *N* Christian Kracht s *Ich werde hier sein im Sonnenschein und im Schatten* and Quentin Tarantino s film *Inglourious Basterds*
