An aerial photograph of the Hollywood sign, which is a large white letter sculpture spelling 'HOLLYWOOD' on a hillside covered in dense green and brown vegetation. The sign is positioned in the middle ground, with a clear blue sky above and some residential buildings visible at the base of the hill. Law in the West Gordon Morris Bakken, Brenda Farrington, 2001 This anthology examines Love's Labours Lost from a variety of perspectives and through a wide range of materials. Selections discuss the play in terms of historical context, dating and sources, character analysis, comic elements and verbal conceits, evidence of authorship, performance analysis and feminist interpretations. Alongside theater reviews, production photographs and critical commentary, the volume also includes essays written by practicing theater artists who have worked on the play. An index by name, literary work and concept rounds out this valuable resource.

Los Angeles in Civil War Days, 1860-1865 John W. Robinson, 2013-05-03 Most accounts of California's role in the Civil War focus on the northern part of the state, San Francisco in particular. In *Los Angeles in Civil War Days*, John W. Robinson looks to the southern half and offers an enlightening sketch of Los Angeles and its people, politics and economic trends from 1860 to 1865. Drawing on contemporary reports in the *Los Angeles Star*, *Southern News* and other sources, Robinson shows how the war came to Los Angeles and narrates the struggle between the pro-Southern faction and the Unionists. Los Angeles in the early 1860s was a developing town lacking many of the refinements of civilization that San Francisco then enjoyed and was much smaller than the bustling metropolis we know today. The book focuses on the effects of the war on Los Angeles, but Robinson also considers social and economic problems to provide a broader view of the community and its place in the nation. The Conscription Act and devalued greenbacks incited public unrest, and the cattle-killing drought of 1862-64, a smallpox epidemic and recurrent vigilantism challenged Angelenos as well. California historians and those interested in the city's historical record will find this book a fascinating addition to the body of California's Civil War history.

Los Angeles Metro Red Line East Side Corridor, 1994 **Inventing the Dream** Kevin Starr, 1986-12-04 This second volume of Starr's cultural history of the Golden State focuses on the turn of the century years and the emergence of Southern California as a regional culture in its own right.

East Los Angeles Richardo Romo, 2010-07-05 This is the story of the largest Mexican American community in the United States, the city within a city known as East Los Angeles. How did this barrio of over one million men and women, occupying an area greater than Manhattan or Washington D.C., come to be? Although promoted early in this century as a workers' paradise, Los Angeles fared poorly in attracting European immigrants and American blue-collar workers. Wages were low, and these workers were understandably reluctant to come to a city which was also troubled by labor strife. Mexicans made up the difference, arriving in the city in massive numbers. Who these Mexicans were and the conditions that caused them to leave their own country are revealed in *East Los Angeles*. The author examines how they adjusted to life in one of the fastest growing cities in the United States, how they fared in this country's labor market and the problems of segregation and prejudice they confronted. Ricardo Romo is associate professor of history at the University of Texas at Austin.
