Sjovold Site A River Crossing Campsite In The Northern Plains:

Sjovold Site Ian G. Dyck, Richard E. Morlan, 1995-01-01 This book describes and interprets the findings from archaeological excavations at the Sjovold Site situated on the west bank of the South Saskatchewan River in the far northern Plains It explores many features of life in ancient times inferring along with the cultural and historical framework societal dimensions such as group size and gender trade and travel as well as a wide range of daily activities Published in English

Bison and People on the North American Great Plains Geoff Cunfer, Bill Waiser, 2016-10-04 The near disappearance of the American bison in the nineteenth century is commonly understood to be the result of over hunting capitalist greed and all but genocidal military policy This interpretation remains seductive because of its simplicity there are villains and victims in this familiar cautionary tale of the American frontier But as this volume of groundbreaking scholarship shows the story of the bison s demise is actually quite nuanced Bison and People on the North American Great Plains brings together voices from several disciplines to offer new insights on the relationship between humans and animals that approached extinction The essays here transcend the border between the United States and Canada to provide a continental context Contributors include historians archaeologists anthropologists paleontologists and Native American perspectives This book explores the deep past and examines the latest knowledge on bison anatomy and physiology how bison responded to climate change especially drought and early bison hunters and pre contact trade It also focuses on the era of European contact in particular the arrival of the horse and some of the first known instances of over hunting By the nineteenth century bison reached a tipping point as a result of new tanning practices an early attempt at protective legislation and ventures to introducing cattle as a replacement stock The book concludes with a Lakota perspective featuring new ethnohistorical research Bison and People on the North American Great Plains is a major contribution to environmental history western history and the growing field of transnational history

The Archaeology of the North American Great Plains Douglas B. Bamforth, 2021-09-23 In this volume Douglas B Bamforth offers an archaeological overview of the Great Plains the vast open grassland bordered by forests and mountain ranges situated in the heart of North America Synthesizing a century of scholarship and new archaeological evidence he focuses on changes in resource use continental trade connections social formations and warfare over a period of 15 000 years Bamforth investigates how foragers harvested the grasslands more intensively over time ultimately turning to maize farming and examines the persistence of industrial mobile bison hunters in much of the region as farmers lived in communities ranging from hamlets to towns with thousands of occupants He also explores how social groups formed and changed migrations of peoples in and out of the Plains and the conflicts that occurred over time and space Significantly Bamforth s volume demonstrates how archaeology can be used as the basis for telling long term problem oriented human history

James Vallière Wright, 1996-01-01 Volume two examines such developments as the replacement of the earlier spearthrower by the bow and arrow the introduction of pottery from the south the importance of communal hunting of bison on the Plains and the appearance of ranked societies on the West Coast Published in English [Caribou Hunters in the Western Arctic](#)

David A. Morrison, 1997-01-01 Two archaeological sites in the western Canadian Arctic offer glimpses into the autumn trek of the Inuvialuit away from the coast to procure caribou meat hides and other materials A detailed study of the caribou bones found at these sites offer a better understanding of this poorly known aspect of Inuvialuit life In addition current methods of zooarchaeological analysis are outlined Published in English **Gender and Hide Production** Lisa Frink, Kathryn
