The concept of being with developed by the philosopher Jean Luc Nancy asks a fundamental question about human life inasmuch as we have always been and will be co existent with people and environments All modes of sense making and subjectivation but also presence can only occur within a context and through interaction This is why historical forms of theater have frequently been viewed as sites of communality and why critical approaches have questioned concepts such as sense meaning and habitus Like literature theater has also inherited the scene of myth It satisfies our need for narration interpretation and to share in something In turn the joint creation of meaning in scenic practices is also part of the traditional idealization of the theater but is this ideal purely mythical The authors of this book investigate and explore how meaning is being questioned or liberated in contemporary performances and how individual thinking action can be articulated to others paving the way for other gestures theatrical processes of recognition and the performative sharing process of sense making A Companion to the Works of Max Frisch Olaf Berwald, 2013 A comprehensive advanced introduction to and scholarly commentary on the work of the Swiss writer Max Frisch one of the leading German language dramatists and novelists of the late twentieth century One of the most influential German language writers of the late twentieth century Max Frisch 1911 1991 not only has canonical status in Europe but has also been well received in the English speaking world English translations of his works are available in multiple recent editions Frisch was a recipient of both the Bchner Award 1958 and the Peace Prize of the German Book Trade 1976 his body of work explores questions of identity alienation and ethics in modern society He is best known for the plays *Andorra* 1961 a seminal drama that examines indifference and mass psychology in the context of the Shoah and continues to be produced by theaters around the world and *Biedermann und die Brandstifter* 1958 another worldwide success and one of the most frequently used texts in advanced undergraduate German courses in the United States as well as for his novels *Stiller* 1954 *Homo Faber* 1957 and *Mein Name sei Gantenbein* 1964 Yet Frisch has only recently begun to receive the sustained scholarly attention he deserves neither a comprehensive introductory volume to nor a collaborative handbook on the works of Frisch is available in English a situation that this volume redresses Contributors R gine Battiston Klaus van den Berg Olaf Berwald Amanda Charitina Boyd C line Letawe Walter Obschlager John D Pizer

Eternal Life? Hans Kung, 2003-04-07 The fact cannot be overlooked that we are in the midst of a sociological crisis of orientation on the grand scale New problems and needs have become insistent new fears and longings have come to light Many are looking for a new foothold a fundamental certainty a compass for their life and the life of other human beings The inconsistencies and ambivalence of the phenomena cannot conceal the fact that religion is attracting greater attention the old religion and many new ones the Christian religion as well as the Islamic Hindu and Buddhist religions In East and West anyway the God Progress seems to have lost rapidly something of its credibility belief in a continually better life with the aid of science and technology and also through revolution and socialism has been shaken by serious doubts And while the elderly have not been able with all the aids of psychology to come to terms with the meaning of death younger people supposedly a no future generation apathetic noncommittal nervous and self destructive are asking afresh about the missing sense of life Meanwhile though science did the most in the last century to destroy belief in immortality and made stupendous efforts to prolong life it is medicine today that has broken through the taboos in regard to death and with its research into dying has given new life to the question of death and survival But has medicine or perhaps parapsychology proved that there is life after death

Lucky Alan Jonathan Lethem, 2015-02-24 The incomparable Jonathan Lethem returns with nine stories that demonstrate his mastery of the short form Jonathan Lethem's third collection of stories uncovers a father's nervous breakdown at SeaWorld in Pending Vegan a foundling child rescued from the woods during a blizzard in Traveler Home a political prisoner in a hole in a Brooklyn street in Procedure in Plain Air and a crumbling haunted blog on a seaside cliff in The Dreaming Jaw The Salivating Ear Each of these locates itself in Lethem land which can be discovered only by visiting As in his celebrated novels Lethem finds the uncanny lurking in the mundane the irrational self defeat seeping through our upstanding pursuits and the tragic undertow of the absurd world's in which we live Devoted fans of Lethem will recognize familiar themes the anxiety of influence taken to reductio ad absurdum in The King of Sentences a hapless horny outsider summoning bravado in The Porn Critic characters from forgotten comics

stranded on a desert island in Their Back Pages As always in Lethem humor and poignancy work in harmony humans strive desperately for connection words find themselves misaligned to deeds and the sentences are glorious **Encyclopedia of Life Writing** Margaretta Jolly,2013-12-04 First published in 2001 Routledge is an imprint of Taylor Francis an informa company **An Artificial Wilderness** Sven Birkerts,1990 If recent fiction consisted exclusively of American postmodernists modern literature would be in deep trouble contends Birkerts In this latest gathering of brilliant essays he examines the decline of humanist faith a theme that links an international community of writers **The Cambridge Companion to Günter Grass** Stuart Taberner,2009-07-16 Günter Grass is Germany's best known and internationally most successful living author from his first novel The Tin Drum to his recent controversial autobiography He is known for his tireless social and political engagement with the issues that have shaped post War Germany the difficult legacy of the Nazi past the Cold War and the arms race environmentalism unification and racism He was awarded the Nobel Prize for literature in 1999 This Companion offers the widest coverage of Grass's oeuvre across the range of media in which he works including literature television and visual arts Throughout there is particular emphasis on Grass's literary style the creative personality which inhabits all his work and the impact on his reputation of revelations about his early involvement with Nazism The volume sets out in a fresh and lively fashion the fundamentals that students and readers need in order to understand Grass and his individual works The Play Within the Play Gerhard Fischer,Bernhard Greiner,2007 The thirty chapters of this innovative international study are all devoted to the topic of the play within the play The authors explore the wide range of aesthetic literary theoretical and philosophical issues associated with this rhetorical device not only in terms of its original meta theatrical setting from the baroque idea of a theatrum mundi onward to contemporary examples of postmodern self referential dramaturgy but also with regard to a variety of different generic applications e g in narrative fiction musical theatre and film The authors internationally recognized specialists in their respective fields draw on recent debates in such areas as postcolonial studies game and systems theories media and performance studies to analyze the specific qualities and characteristics of the play within the play as ultimate affirmation of the self the Hamlet paradigm as a self reflective agency of meta theatrical discourse and as a vehicle of intermedial and intercultural transformation The challenging study with its underlying premise of play as a key feature of cultural anthropology and human creativity breaks new ground by placing the play within the play at the centre of a number of intersecting scholarly discourses on areas of topical concern to scholars in the humanities *Ernst Specker Selecta* Gerhard Jäger,Hans Läuchli,Bruno Scarpellini,Volker Strassen,2012-12-06 Ernst Specker has made decisive contributions towards shaping directions in topology algebra mathematical logic combinatorics and algorithmic over the last 40 years We have derived great pleasure from marking his seventieth birthday by editing the majority of his scientific publications and thus making his work available in a unified form to the mathematical community In order to convey an idea of the richness of his personality we have also included one of his sermons Of course the publication

of these Selecta can pay tribute only to the writings of Ernst Specker It cannot adequately express his originality and wisdom as a person nor the fascination he exercises over his students colleagues and friends We can do no better than to quote from Hao Wang in the Festschrift Logic and Algorithmic I Specker was ill for an extended period before completing his formal education He had the leisure to think over many things This experience may have helped cultivating his superiority as a person In terms of traditional Chinese categories I would say there is a taoist trait in him in the sense of being more detached less competitive and more understanding I believe he has a better sense of what is important in life and arranges his life better than most logicians We are grateful to Birkhauser Verlag for the production of this Selecta volume Our special thanks go to Jonas Meon for sharing with us his intimate knowledge of his friend Ernst Specker **Obiora Udechukwu** Obiora Udechukwu,1984 *Perspectives on Max Frisch* Gerhard F. Probst,Jay F. Bodine,2021-12-14 Max Frisch with his countryman Friederich Diirrenmatt shares the place of eminence in contemporary Swiss literature Indeed he ranks high among the recent leading writers in the German language But although several of his works novels and plays have been translated into English he remains little known in America In this collection of essays an international group of scholars provides a fresh introduction to this noted author The three leading essays review Frisch s work in the forms he has used most extensively drama narrative fiction and the personal diary The remaining nine essays focus on specific works or topics Among the works examined are I m Not Stiller A Wilderness of Mirrors Wilhelm Tell and the recent Man in the Holocene Among the topics are Frisch s use of language and images his treatment of women and the element of parody Concluding the volume is the most complete bibliography on Frisch to appear in English to date The Theory and Analysis of Drama Manfred Pfister,1988 Manfred Pfister s book is the first to provide a coherent comprehensive framework for the analysis of plays in all their dramatic and theatrical dimensions The material on which his analysis is based covers all genres and periods His approach is systematic rather than historical combining more abstract categorisations with detailed interpretations of sample texts **Catalog of Copyright Entries. unfolding of his theory he more and more distinguished the sacred from saintliness to address the break that the biblical revelation represented in comparison to early religions This distinction between the sacred and saintliness resembles Henri Bergson s complementing Emile Durkheim s identification of the sacred and society with a dynamic religion that relies on individual mystics Girard s distinction also relates to the insights of thinkers like Jacques Maritain Simone Weil and Emmanuel Levinas This element explores some of Girard s main features of saintliness Girard pleaded for the transformation of the sacred into holy not their separation Plays Of Max Frisch Michael Butler,2015-12-30
