Sketches from Life Lewis Mumford, 1983 Up from the Depths Aaron Sachs, 2022-06-07 A double portrait of two of America's most influential writers that reveals the surprising connections between them and their uncanny relevance to our age of crisis Up from the Depths tells the interconnected stories of two of the most important writers in American history the novelist and poet Herman Melville 1819-1891 and one of his earliest biographers the literary critic and historian Lewis Mumford 1895-1990 Deftly cutting back and forth between the writers Aaron Sachs reveals the surprising resonances between their lives work and troubled times and their uncanny relevance in our own age of crisis The author of *Moby Dick* was largely forgotten for several decades after his death but Mumford helped spearhead Melville's revival in the aftermath of World War I and the 1918-1919 flu pandemic when American culture needed a forebear with a suitably dark vision As Mumford's career took off and he wrote books responding to the machine age urban decay world war and environmental degradation it was looking back to Melville's confrontation with crises such as industrialization slavery and the Civil War that helped Mumford to see his own era clearly Mumford remained obsessed with Melville ultimately helping to canonize him as America's greatest tragedian But largely forgotten today is one of Mumford's key insights that Melville's darkness was balanced by an inspiring determination to endure Amid today's foreboding over global warming racism technology pandemics and other crises Melville and Mumford remind us that we've been in this struggle for a long time To rediscover these writers today is to rediscover how history can offer hope in dark times **Walking New York** Stephen Miller, 2014-12-01 Walk along with New York's most celebrated writers on a tour of the city that inspired them in this evolving portrait of New York through the centuries The New York Observer ONE OF THE NEW YORK OBSERVER'S TOP 10 BOOKS FOR FALL It's no wonder that New York has always been a magnet city for writers Manhattan is one of the most walkable cities in the world But while many novelists poets and essayists have enjoyed long walks in New York their experiences varied widely *Walking New York* is a study of celebrated writers who walked the streets of New York and wrote about the city in fiction nonfiction and poetry Though the writers were often irritated disturbed and occasionally shocked by what they saw on their walks they were still fascinated by the city Cynthia Ozick called faithfully inconstant magnetic man made unnatural the synthetic sublime Returning to New York after an absence of two decades Henry James loathed many things about bristling New York while native New Yorker Walt Whitman both celebrated and criticized Mannahatta in his writings This idiosyncratic guidebook combines literary scholarship with urban studies to reveal how this crowded dirty noisy and sometimes ugly city gave these restless analysts plenty of fodder for their craft In *Walking New York* you'll see the city through the eyes of Walt Whitman Herman Melville William Dean Howells Jacob Riis Henry James Stephen Crane Theodore Dreiser James Weldon Johnson Alfred Kazin Elizabeth Hardwick Colson Whitehead and Teju Cole *Dive Deeper* George Cotkin, 2012-08-01 An easy to navigate guide to Herman Melville's epic American novel *Dive Deeper* consists of 135 brief
