**Virginia Woolf's Rooms and the Spaces of Modernity** Suzana Zink, 2018-02-01 This book provides a fascinating account of rooms in selected works by Virginia Woolf Casting them as spaces which are at once material textual and emotional the volume shows Woolf s rooms to be consistently connected to wider geographies of modernity and therefore central to her writing of gender class empire and the nation The discussion moves in and out of rooms from the focus on travel in Woolf s debut novel to the archival function of built space and literary heritage in Night and Day the university as a male space of learning in Jacob s Room the iconic A Room of One s Own and its historical readers interior space as spatial history in The Years and rooms as

loci of memory in her unfinished memoir Zink masterfully shows the spatial formation of rooms to be at the heart of Woolf's interweaving of the political and the aesthetic revealing an understanding of space as dynamic and relational
