**Getting Beyond Sobriety** Michael C. Clemmens, 2014-05-22 In this groundbreaking book Michael Clemmens offers a new model of treatment for long term recovery which goes beyond the traditional disease paradigm. Working from the belief that a fuller life for the recovering addict is grounded on a foundation of abstinence, the author explores a self modulation approach which leads to a change in the behavior from within the individual while developing and expanding connection with others.

**Beyond Mystery** E. M. James, 2007 This study of the origin of Alcoholics Anonymous takes all mystery out of how the Twelve Step Program for addiction recovery works. The author explores the historical influences from which the Twelve Steps were conceived and delves into the essential meaning of the Higher Power concept. The author contends that the Twelve Step Program is a straightforward, comprehensible and simple prescription for living that if carefully followed makes recovery from addiction a certainty. A comparative study of and commentary on A A's two central texts, the Big Book and the Twelve Twelve, is the centerpiece of this definitive work.

**Stage II Recovery** Earnie Larsen, 2013-03-26 Sustained abstinence from an addiction is only the first stage of recovery. Real recovery begins with Stage II, the rebuilding of the life that was saved in Stage I.

**Recovery Despite Rehab** Skyler Pennington, 2021-11-30 Based on true events I offer details of my own life, my struggles with mental illness, substance abuse and recovery. Offered is a unique perspective of America's broken mental healthcare system and the cruel treatment of patients dealing with addiction, providing real solutions supported by research. America's fragmented mental healthcare system and treatment of addiction promotes an outdated cure that is often far worse than the disease it supposedly treats. This is a treatment that exacerbates addictive behaviors, mental illness and increases average substance misuse. If mental illness and addictive behaviors are to be combatted, reduced or eliminated, the core foundation of societal values as well as beliefs about addiction recovery and our mental health ecosystem must be rebuilt from the ground up.
