## **Soc Perspectives On Labor Markets:**

*Sociological Perspectives on Labor Markets* B. Furåker, 2005-10-11 This book presents conceptual tools and theoretical perspectives that can be used to sociologically analyze labour markets in modern capitalist societies It makes use of the rich heritage of sociological thinking and draws on the classical work of Marx Weber and Durkheim as well as structural functionalist contributions Contemporary sociological thinking is criticized for its tendency to exaggerate change in labour markets while the need to consider continuity is emphasized Conceptual tools and perspectives are applied based on concrete phenomena as the author combines abstract theoretical reasoning with theoretically founded reflections on actual labour market developments

*Sociological Perspectives on Labor Markets* Ivar E. Berg, 1981 Sociological and institutional perspectives on labor markets matching persons and jobs theoretical perspectives Firms occupations and labor markets Employment and unemployment Discrimination in labor markets Alternatives to human capital and status attainment research models two views Toward model specification in the structural unemployment thesis issues and prospects

**Labor Markets in a Global Economy: A Macroeconomic Perspective** Ingrid H. Rima, 2015-05-20 This introductory text on labour economics covers topics such as the shift in America from a manufacturing based economy to a service economy the changes in the economic conditions in the US the implications of NAFTA and GATT and the labour markets

*The State and the Labor Market* Samuel Rosenberg, 2012-12-06 In the two decades before the mid 1970s macroeconomic policies in Western Europe were frequently accompanied by policies of direct wage restraint in the pursuit of acceptable levels of employment inflation and international competitiveness The same period witnessed a proliferation of social welfare programs elements of which were sometimes commingled with demand management and pay policies in trilateral bargaining processes involving governments unions and employers In the wake of such subsequent developments as the oil price shocks sharply intensified international competition and slowing of growth rates in productivity however governments resorted more frequently to deflationist macroeconomic policies and also to policies aimed directly at increasing inflexibility in wage determination and the deployment of labor by the firm It is a major theme of this very interesting book that these labor market policies have not been demonstrably or at least sufficiently effective in combating the high rates of unemployment which have been prevalent in most of the countries of Western Europe since the late 1970s This theme emerges from the chapters on labor market developments and policies in six countries of Western Europe the United States and Hungary a welcome addition to this type of scholarship as well as another set of chapters devoted to specific policy areas In effect Samuel Rosenberg and his colleagues an international team of nineteen economists and sociologists are repeating in concrete terms a sermon preached by Keynes over a half century ago

Thornton,2013-11-11 This book is written to help human service program administrators either in terpret or conduct program evaluations Our intended audience includes admin istrators and those students being trained for careers in human services administration Our focus is on persons interested in assessing programs in which people work with people to improve their condition The book s title Program Evaluation A Field Guide for Administrators describes how we hope you use this book as a tool In writing the book we have attempted to meet the needs of persons who have to conduct program evaluations as well as those who must use those evaluations Hence we have attempted to make the book user friendly You will find for example numer ous guidelines cautions and specific suggestions Use the book actively Our primary motive is to help administrators make better decisions In fact the primary reason for program evaluation is to help program administrators make good decisions These decisions often must balance the goals of equity or fairness in the distribution of goods and services among people in the economy efficiency obtaining the most output for the least resources and political

feasibility Take for example the administrator who must decide between a new program favored by some of the program's constituents and maintaining the status quo which is favored by other constituents *Gender-Specific Inequalities in the Education System and the Labor Market* Pia Blossfeld, Magdalena Pratter, Wilfred Uuk, 2023-08-15 Two remarkable trends concerning women's educational and labor market outcomes in modern Western societies can be observed Firstly in recent decades women have been catching up with and have even overtaken men in educational attainment Secondly women continue to choose educations and occupations in Science Technology Engineering and Mathematics STEM less often than men This Research Topic will focus upon these gender specific trends with a view to analyzing some of their causes and consequences *Chinese Research Perspectives on Society, Volume 1* Xueyi LU, Peilin LI, 2013-01-22 Chinese Research Perspectives on Society formerly the China Society Yearbook Volume 1 continues the tradition of presenting precise and venerable academic principles by compiling the findings of the Chinese Academy of Social Sciences subject research group for the Analysis and Forecast of the Social Situation The focus of the research group centered around three themes for 2010 2011 The first theme focuses on the main tasks China is undertaking during its new stage of reform and development after the recent international financial crisis The second focus is on how to remedy the many social contradictions and challenges that are complicating the economic and social developments of China such as the disparity between urban and rural incomes Finally the group addressed the new engine of China's rapid economic and social development urbanization while highlighting the important national development targets of eradicating the dualistic urban and rural structure as well as integrating urban and rural development Written by contributors from professional research and survey organizations universities and related governmental sections Chinese Research Perspective on Society Volume 1 provides an excellent resource for those interested in current societal changes in China **Current Perspectives on Immigrant Integration in Europe and Beyond** Boris Heizmann, Reinhard Schunck, 2022-08-02 **Civil Society in Comparative Perspective** Bernard Enjolras, Karl Henrik Sivesind, 2009-12-01 Presents a collection of comparative studies of civil society around two main issues the comparison and analysis of civil society regimes in relation to different constructions of citizenship and welfare states and the role of civil society in governance and active participation of citizens **Marxist Perspectives on Irish Society** Odette Clarke, Jean Ryan Hakizimana, Paul M. Hayes, 2011-07-12 This book involves a conscious attempt to bridge progressive academic scholarship with activist groups and communities in Ireland and beyond Taking Howard Zinn's maxim You can't be neutral on a moving train seriously the book attempts to examine Irish society as much as it is possible to do so from the point of view of those who are actively fighting against ongoing attacks on the pay conditions rights and protections that were won by working people through the decades of the twentieth century This effort comes at a time when the predatory nature of the capitalist system is being revealed on a daily basis and its consequences exacerbated simultaneously across the globe The chapters deal with the various impacts of world capitalism in Ireland from the

revolutionary upheavals of the early twentieth century to the current economic crash The individual perspectives of contributing scholars and activists differ substantially they would not usually be found within the same publication Nonetheless they collectively manage to highlight the capitalist character of Irish society and provide an analysis of its features that is specifically Marxist They demonstrate that there are alternative ways of looking at Irish history Irish political economy and the issues currently impacting on the working population and various marginalised or vulnerable groups They show that the class struggle continues unabated and that progressive social change now more than ever requires the development of an organised resistance
