**Rugby, Soccer and Irish Society** Conor Murray,2024-06-17 This book is the first academic all island history of either rugby union or association football two of the three most popular male sporting pastimes in Ireland across the seven decades that followed the political partition of that country between 1920 and 1922 It moves beyond the occasionally simplistic explanations of the development of Irish sport that have focused on political and sectarian divisions and goes deeper into the social cultural and geographical dynamics of the island of Ireland to explain why certain people have played certain games in certain places Drawing on historical and archival sources as well as cutting edge geographical information systems the book brings to life the spatial trends in each game s administrative development and geographical distribution that have not normally been a feature of many previous histories of Irish sport The book also examines first and second hand accounts of athletes and administrators involved in rugby and football during that period to explore what it meant to represent a province or country at these crucial moments in Irish history and compares the Irish experience of both sports with experiences in other comparable countries Shining important new light on the interactions between Irish rugby and football and the political social economic and cultural trends of Ireland in the twentieth century this book is fascinating reading for anybody with an interest in the history of sport Ireland or the UK

**Multidisciplinary Perspectives on Team Sports: Contextualizing Training and Competition Demands** Miguel-Angel Gomez-Ruano,Pierpaolo Sansone,Vincenzo Rago,2024-12-04 Team sports performance is determined by the complex non linear interaction of several factors including physical and physiological aspects technical tactical constraints mental demands perceptual and emotional aspects and contextual and environmental factors The influence of each of these aspects has been previously investigated However studies have often employed monodimensional perspectives looking at one or only a few different domains concurrently In football and rugby extensive efforts have been produced to contextualize the demands of training and competition based on players characteristics tactical constraints and contextual factors This information facilitates coaches in selecting the most appropriate training and competition strategies based on a number of different factors including the team and the opponents characteristics technical tactical abilities fitness status and considering contextual factors Differently there is a lack of information on contextualized competition demands in other team sports such as basketball handball futsal and volleyball

Furthermore the mental demands and psychological and emotional implications of team sports have received little or monodimensional attention limiting the applicability of findings in real life scenarios where a multitude of factors belonging to different disciplines e g physiology psychology training science social sciences need to be taken into account The Early Years of Chicago Soccer, 1887-1939 Gabe Logan,2019-05-30 For over a century Chicago has played soccer This work explains the early history of the game in the Second City beginning with the 1887 formation of the Chicago Football Association and concluding with the 1939 season and Chicago Sparta s National Open Cup win which brought the trophy to the city for the first time This study chronicles the early British immigrants who first transported and organized the game in Chicago It documents the myriad ethnic groups and native born players that kicked in the city s many leagues and examines the many championship tournaments teams and players that made Chicago one of the nation s early soccer powers *Sport Psychology* Nicholas T.
