The Third Reformation Carter Lindberg, 1983 **The Publishers' Trade List Annual**, 1917 **The Social and Political Dimension of the Kingdom of God in Mark** Lawum Kayamba, 2021-12-22

What is the Kingdom of God understanding in Roman occupied Palestine as depicted in Mark's narrative is the goal of the book. The book stresses the social and political dimension of the Kingdom of God in Mark against a always futurist eschatological and spiritual understanding of the concept. The Book then draws implications from the Mennonite Brethren church of Congo to see whether a shift paradigm of this concept can bring more empowerment and social economic and political vision of this conservative organization.

Beyond Charity Carter Lindberg, 1993-07-01

The common stereotype is that the Reformers separated public and private morality and were indifferent to the ethical import of social structures and institutions. *Beyond Charity* calls this understanding into question by providing an analysis of the historical situation and translations of primary documents. The medieval point of view formed by piety of achievement idealized poverty either as voluntary renunciation or as almsgiving. In either case the material effects on actual poverty were slight and the religious endorsement of poverty precluded urban efforts to address this growing problem. The Reformers impelled by their theology developed and passed new legislative structures for addressing social welfare needs. The key to their undertakings was the conviction that social ethics is the continuation of community worship. In the first half this book sets forth the medieval context details Luther's critique of the profit economy of his day and analyzes the actual social welfare programs that issued from his theology. The second half provides translations of selected legislative programs from the church orders of the Reformation.

A Conspiracy of Love, Second Edition Kurt Struckmeyer, 2024-12-10

Before there were worshipers of Jesus there were followers of Jesus. Before there were organized churches with creeds and doctrines there were small communities of love equality and sharing dedicated to the practice of Jesus teachings and committed to a wholly new way of living. Today the churches of the Global North are in decline and younger generations no longer seek meaning there. Traditional church Christianity is gradually giving way to some new way of faithful living. From a Nazi prison cell German pastor Dietrich Bonhoeffer imagined a future religionless Christianity consisting of contemplative prayer and righteous action in the secular world. *A Conspiracy of Love* presents the contours of such a faith based on the Way of Jesus. It calls us to become troublemakers revolutionaries seekers of change and agents of transformation engaged in
