Social And Antisocial:

The Indiana Bulletin of Charities and Correction ,1925 Ritual and Belief Edwin Sidney Hartland,1914 **The Medico-legal Journal** ,1924 **Antisocial Behavior** Benjamin B. Wolman,2009-12-30 Antisocial behavior takes on many forms from rebellious teens with green hair and pierced skin to the truly dangerous homicidal individuals whose horrible stories fill our newspapers Parents worry about their children as they are exposed to the heated climate of violence in contemporary society a time of decaying morals and values The rise in sociopathic behavior among adults and children whether in tense inner cities or in tranquil suburban and rural settings is masterfully chronicled by Dr Benjamin B Wolman a leading psychologist and noted national expert who has studied these trends for over half a century There is a growing incidence of sociopathic antisocial behavior coupled with an attitude of moral apathy Dr Wolman asserts He cites international statistics pointing to a showdown between dangerous individuals the violent the charming and the passive and the societies that create them How has the spread of democratic ideals actually increased the potential for antisocial behavior What social and cultural factors must be changed if free societies are to reduce this alarming trend Rather than simply complain about the problem Dr Wolman examines the familial and societal causes and proposes clear cut solutions to the problem including radical changes to our educational system and the mass media **Human Nature as Capacity** Nigel Rapport,2010 What is it to be human What are our specifically human attributes our capacities and liabilities Such questions gave birth to anthropology as an Enlightenment science This book argues that it is again appropriate to bring the human to the fore to reclaim the singularity of the word as central to the anthropological endeavor not on the basis of the substance of a human nature To be human is to act like this and react like this to feel this and want this but in terms of species wide capacities capabilities for action and imagination liabilities for suffering and cruelty The contributors approach the human with an awareness of these complexities and particularities rendering this volume unique in its ability to build on anthropology s ethnographic expertise **Sexual Offending** Amy Phenix,Harry M. Hoberman,2015-12-07 This expert reference provides a broad comprehensive review of the major domains of sexual offending Beginning with an integrated etiological model of sexual offending chapters follow addressing the primary predisposing conditions related to sexual offending e g pedophilic hebephilic paraphilic rape and non contact paraphilic disorders hyper sexuality and personality factors In addition special subgroups of sexual offenders females youth and the intellectually disable are considered Both broad and specific perspectives on the assessment of sexual offenders are provided Overviews are offered of clinical and forensic evaluations of such offenders and the utility of structured psychological assessment A novel conceptual model of risk assessment is proposed More specifically each of the primary approaches or instruments related to risk assessment of sexual offending are addressed the Static risk assessment measures the Sex Offender Risk Appraisal Guide structured professional judgment and the varied measures of dynamic or criminogenic needs assessment Finally multiple aspects of management of

sexual offenders are discussed including models of psychosocial treatment the question of the effectiveness of such treatment biological interventions civil commitment circles of support and the containment approach to community management Chapters are authored by both prominent experts and experienced professionals for a breadth of perspective Among the topics covered Pedophilic Hebephilic Rape Paraphilic Disorders and the variety of Non Contact sexual offending conditions Personality related conditions their association with sexual offending motivators and disinhibition in context Disorders of hyper sexuality Assessments of sexual offenders including the role of psychological testing clinical interview approaches as well as forensic evaluations Conceptual models of risk assessment discussion of specific static dynamic structured clinical risk assessment approaches Models of reviews of treatment outcome with sexual offenders including psychotherapy psychopharmacology and castration the containment approach civil commitment circles of support Overview of public policy issues an evidence based perspective on sex offender registration and residential restrictions This breadth of material in Sexual Offenders will help practitioners gain multiple levels of clinical insight as well as giving them up to date practical tools and techniques for working with this problematic class of individuals

Walker,Geoffrey Colvin,Elizabeth Ramsey,1995 This text is intended to provide educators with increased understanding of the nature origins and causes of antisocial behavior and to offer information on the best available practices interventions and model programs for preventing and remediating antisocial behavior disorders occurring in school **Fashioning Horror** Julia Petrov,Gudrun D. Whitehead,2017-12-14 From Jack the Ripper to Frankenstein Halloween customs to Alexander McQueen collections Fashioning Horror examines how terror is fashioned visually symbolically and materially through fashion and costume in literature film and real life With a series of case studies that range from sensationalist cinema and Slasher films to true crime and nineteenth century literature the volume investigates the central importance of clothing to the horror genre and broadens our understanding of both material and popular culture Arguing that dress is fundamental to our understanding of character and setting within horror the chapters also reveal how the grotesque and horrific is at the center of fashion itself with its potential for instability disguise and carnivalesque subversion Packed with original research and bringing together a range of international scholars the book is the first to thoroughly examine the aesthetics of terror and the role of fashion in the construction of horror **The American Journal of Psychiatry** ,1927 Apes and Human Evolution Russell H. Tuttle,2014-02-17 In this masterwork Russell H Tuttle synthesizes a vast research literature in primate evolution and behavior to explain how apes and humans evolved in relation to one another and why humans became a bipedal tool making culture inventing species distinct from

other hominoids Along the way he refutes the influential theory that men are essentially killer apes sophisticated but instinctively aggressive and destructive beings Situating humans in a broad context Tuttle musters convincing evidence from morphology and recent fossil discoveries to reveal what early primates ate where they slept how they learned to walk upright how brain and hand anatomy evolved simultaneously and what else happened evolutionarily to cause humans to diverge from their closest relatives Despite our genomic similarities with bonobos chimpanzees and gorillas humans are unique among primates in occupying a symbolic niche of values and beliefs based on symbolically mediated cognitive processes Although apes exhibit behaviors that strongly suggest they can think salient elements of human culture speech mating proscriptions kinship structures and moral codes are symbolic systems that are not manifest in ape niches This encyclopedic volume is both a milestone in primatological research and a critique of what is known and yet to be discovered about human and ape potential
