# Social Capital In Central And Eastern Europe

**RJ Shavelson**

## **Social Capital In Central And Eastern Europe:**

*Social Capital in Central and Eastern Europe* Dimitrina Dimova Mihailova, 2004 The collapse of socialist rule encouraged many Western analysts and government advisors to see the east European region as a veritable tabula rasa just waiting for civil society and market democracy Millions of dollars and euros were poured into democratization projects with the aim of building social capital

**Social Capital in Eastern Europe** Katarzyna Lasinska, 2013-01-11 Katarzyna Lasinska deals with the consequences of democratic transitions in Middle and Eastern Europe By selecting specific sets of countries according to the main explanations such as Catholic tradition transformation process and communist legacies the author identifies key factors explaining particular findings in Poland Thank to systematically used comparative research strategy the pitfalls of idiosyncratic argumentation are successfully avoided Through inclusion of religious tradition as an explanative factor the results go beyond the commonly used East West comparisons The author presents a comprehensive picture of complex conditions and different processes for social capital building across Eastern European societies

**Formation of Social Capital in Central and Eastern Europe** Jan Fidrmuc, Klarita Gërxhani, 2005 Focus on Religion in Central and Eastern Europe András Máté-Tóth, Gergely Rosta, 2016-11-07 Different religious groups in Central and Eastern Europe influenced societies in the region after the fall of Communism and continue to play a crucial role in culture politics social networks and value transformations As part of the REVACERN Religion and Values in Central and Eastern Europe Research Network project supported by the EU Sixth Framework Program more than 70 researchers from 15 countries in the region analyzed and discussed the most important trends in values religions and religious communities and presented their findings in a comparative way They tested well known theories of secularization nationalism democracy and pluralism in the colorful region Central and Eastern Europe This book summarizes their most important findings in seven chapters addressing religion and its entanglements with geography values nationalism Orthodoxy education legal regulation civil society social networks new religious movements and new forms of religiosity Each chapter also provides a regional overview

**Social Capital and the Transition to Democracy** Gabriel Badescu, Eric Uslaner, 2004-06-01 The concept of social capital has been used by political scientists to explain both the transition to democracy in Eastern Europe and the decline of social cohesion in Western societies This edited collection presents the latest quantitative research on how post communist countries are adapting to Western models of society The book combines theoretical and institutional analysis with detailed case studies looking at Russia Poland Bulgaria Lithuania Romania and the former East Germany

*Social Capital and Economics* Asimina Christoforou, John B. Davis, 2014-05-30 This volume provides a collection of critical new perspectives on social capital theory by examining how social values power relationships and social identity interact with social capital This book seeks to extend this theory into what have been largely under investigated domains and at the same time address long standing classic questions in the literature concerning the forms determinants and consequences of social capital Social capital can be

understood in terms of social norms and networks It manifests itself in patterns of trust reciprocity and cooperation The authors argue that the degree to which and the different ways in which people exhibit these distinctively social behaviours depend on how norms and networks elicit their values reflect power relationships and draw on their social identities This volume accordingly adopts a variety of different concepts and measures that incorporate the variety of contextually specific factors that operate on social capital formation In addition it adopts an interdisciplinary outlook that combines a wide range of social science disciplines and methods of social research Our objective is to challenge standard rationality theory explanations of norms and networks which overlook the role of values power and identity This volume appeals to researchers and students in multiple social sciences including economics sociology political science social psychology history public policy and international relations that employ social capital concepts and methods in their research It can be seen as a set of new extensions of social capital theory in connection with its themes of social values power and identity that would advance the scholarly literature on social norms and networks and their impact on social change and public welfare

Urban Social Capital Gregory W. Streich, 2016-02-11 This volume presents a kaleidoscopic view of the norms and forms of contemporary city life focusing especially on the processes of social capital de formation in the urban milieu It brings together studies from highly diverse urban settings such as squatter re settlement projects in Kathmandu urban funeral societies in Africa an HIV AIDS community in Los Angeles the poor of Harare pensioners in Shanghai Maori gangs in Auckland and a Roma boxing club in Prague among others Contributors draw on contemporary theory and research in social capital political economy urban planning and policy social movements civil society and democracy to explore how social norms networks connections and ties are created deployed and often frayed under conditions of social complexity inequality cultural pluralism and the ethno racial diversity and division characteristic of urban contexts throughout the world In this way the volume engages in a genuinely globalized and globalizing discussion of contemporary urban social life and stands as a unique and timely interdisciplinary contribution to the ever expanding literature devoted to social capital

The Study of Religions in Szeged Porció, Tibor, 2010

**Social Capital and Democratisation** Martin Åberg, Mikael Sandberg, 2017-09-08 Contributing an impressive historical basis for path dependency analysis and the role of social capital in newly established democracies this book offers a fascinating and ground breaking analysis of the role of social capital in the democratic context of Eastern Europe Focusing on Poland and Ukraine this book fills the literature gaps for integrated empirical and theoretical research with respect to post Communist democratization social capital vs democratization theory and the case study area of Central and Eastern Europe Suitable for students from graduate level upwards in Central and Eastern European studies political theory and history

Social Capital and Governance Frane Adam, 2007 The intention of this book s contributions is to focus on some key aspects of social capital in the context of civic participation governance and civil society at both national and EU levels The role of new EU members is particularly stressed The texts aim to demonstrate how social capital in the form of co

operative norms and actions facilitates the self organisation of civil society and its internal ability to articulate policy relevant alternative proposals The efficiency and responsiveness of governance at different local national transnational levels are also addressed Besides theoretical reconsiderations the book draws attention to the issue of the quality of data and greater methodological reflexivity

*Social Capital Theory* Julia Häuberer, 2010-10-27 The field of social capital still lacks a recognized general theory Accordingly various and sometimes inappropriate measurements are used for it Julia Häuberer contributes to filling in this gap and provides progress towards the creation of a formalized social capital theory based on the founding concepts of social capital of Bourdieu 1983 and Coleman 1988 and current concepts of Putnam 2000 Burt 1992 and Lin 2001 The second part of the monograph focuses on the quality of measurements of the more general concept of social capital derived in the first part Therefore the telephone survey Social Relationships among Czech Citizens conducted as a test retest experiment is analyzed This book is valuable reading for academics in Sociology and Political Science

*Social Capital in Europe - Similarity of Countries and Diversity of People?* Heiner Meulemann, 2008 Social capital is not only useful for the person who owns it but it may also foster the integration of a society and the stability of a democracy Friendly relations social trust and norms of reciprocity ease the living together in a society and encourage people to take part in democratic decision making This volume examines the differences in levels causes and consequences of social capital between 22 European countries surveyed in the 2002 European Social Survey At first glance social capital differs strongly between countries Yet the determinants of social capital differ strongly between European people as well If one takes account of the latter the former may no longer appear so large The volume asks whether this is indeed the case so that a similarity of countries goes along with a diversity of people To examine this multi level analyses are used in each contribution

*The Creation and Destruction of Social Capital* Gunnar Lind Haase Svendsen, Gert Tinggaard Svendsen, 2004-01-01 The book offers a coherent historical and interdisciplinary perspective on social capital that is illustrated through the emergence and decline of cooperative movements in Denmark and Poland The strength of the book lies in its ability to provide an interdisciplinary account of social capital which unlike many neoclassical studies of social capital does not attempt to quantify the concept to make it fit traditional econometric regressions

Quentin M H Duroy Heterodox Economics Newsletter

**Networks, Trust and Social Capital** Sokratis M. Koniaris, 2017-03-02 The concepts of social networks social capital and trust play an increasingly central role in the social sciences They have become indispensable conceptual tools for the analysis of post industrial late modern societies which are characterized by such features as the relative decline of formal hierarchies the development of flexible social arrangements in the sphere of production and the extreme mobility of capital This is the first book to study the interrelationships between these important concepts both theoretically and empirically Drawing on empirical investigations from a range of diverse European social contexts the contributors develop an economic sociology that builds on and extends established theoretical perspectives The

book opens with an introduction to the theoretical ideas relating social capital to reciprocity trust and social networks in line with current debates The authors go on to discuss the concept of social embeddedness addressing the economic effects of social capital by examining the network and trust foundations of labour markets and investigating the structural limits of trusting networks They conclude with an exploration of the impact of networking and the functioning of trust and social capital on the economic arrangements and performance of nascent capitalist economies in post Communist Europe This thematically unified collection by a team of distinguished contributors from across Europe provides an innovative and distinctive contribution to an expanding area of research

*Tourism and Transition* Derek R. Hall, 2004-01-01 Presents research on the roles and importance of tourism and its interrelationships with governance and development in societies that move from authoritarian to liberal democratic economic and political models and those adjusting to the accession requirements of an enlarged European Union

**International Encyclopedia of Civil Society** Helmut K. Anheier, Stefan Toepler, 2009-11-24 Recently the topic of civil society has generated a wave of interest and a wealth of new information Until now no publication has attempted to organize and consolidate this knowledge The International Encyclopedia of Civil Society fills this gap establishing a common set of understandings and terminology and an analytical starting point for future research Global in scope and authoritative in content the Encyclopedia offers succinct summaries of core concepts and theories definitions of terms biographical entries on important figures and organizational profiles In addition it serves as a reliable and up to date guide to additional sources of information In sum the Encyclopedia provides an overview of the contours of civil society social capital philanthropy and nonprofits across cultures and historical periods For researchers in nonprofit and civil society studies political science economics management and social enterprise this is the most systematic appraisal of a rapidly growing field

Youth and Social Change in Eastern Europe and the Former Soviet Union Charles Walker, Svetlana Stephenson, 2013-09-13 Two decades have now passed since the revolutions of 1989 swept through Eastern Europe and precipitated the collapse of state socialism across the region engendering a period of massive social economic and political transformation This book explores the ways in which young people growing up in post socialist Eastern Europe and the former Soviet Union negotiate a range of identities and transitions in their personal lives against a backdrop of thoroughgoing transformation in their societies Drawing upon original empirical research in a range of countries the book's contributors explore the various freedoms and insecurities that have accompanied neo liberal transformation in post socialist countries in spheres as diverse as consumption migration political participation volunteering employment and family formation and examine the ways in which they have begun to re shape different aspects of young people's lives In addition while social change is a central theme of the issue all of the chapters in the collection indicate that the new opportunities and risks faced by young people continue both to underpin and to be shaped by familiar social and spatial divisions not only within and between the countries addressed but also between East and West This book was originally published as a special

issue of Journal of Youth Studies      **Exploring Central and Eastern Europe's Biotechnology Landscape** Farah Huzair, Peter T. Robbins, 2011-08-13 At a time when the human genome has been sequenced advances in the life sciences seem to have great potential for human health industry and the environment throughout Central and Eastern Europe CEE Still for some potential risks and ethical dilemmas remain surrounding issues such as the appropriate use of GM crops stem cells genetic information the nature of intellectual property and other challenges that come with EU accession This book is the first of its kind to bring together experts from across Europe to explore the landscape of current life science policy and industrial development in CEE including implications for economies regulatory and legal frameworks health care ethics and human rights It will be essential reading for researchers and students in science and technology studies development sociology politics and law and those interested in life science development in transition economies      Civic Resources and the Future of the European Union Ireneusz Pawel Karolewski, Viktoria Kaina, 2012-08-21 This book shines new light on the political system of the European Union EU by focusing on civic resources as a keystone of the EU's ability to sustain Less tangible resources such as trust solidarity mutual recognition and citizens social and political participation have been until now largely ignored in the research on European integration Due to the fundamental changes to the EU in recent years and the challenges ahead European citizens have become increasingly critical of a long lasting unification process in Europe This volume theoretically and empirically examines how the European citizens themselves may contribute to the long term effectiveness legitimacy and endurance of the EU This book aims to examine the issues associated with the utilization of civic resources by the EU and the ability of European citizens to develop transnational civic resources Expert contributors in the field develop a framework to understand and explore the potential of citizens in the uncertain future of the EU Civic Resources and the Future of the European Union will be of interest to students and scholars of European Politics and European Union Studies      **Theories of Social Capital** Ben Fine, 2010-01-11 Tracing the evolution of social capital since his highly acclaimed contribution of 2001 Social Capital Versus Social Theory Ben Fine consolidates his position as the world's leading critic of the concept Fine forcibly demonstrates how social capital has expanded across the social sciences only by degrading the different disciplines and topics that it touches a McDonaldisation of social theory The rise and fall of social capital at the World Bank is critically explained as is social capital's growing presence in disciplines such as management studies and its relative absence in others such as social history Writing with a sharp critical edge Fine not only deconstructs the roller coaster presence of social capital across the social sciences but also draws out lessons on how and how not to do research
