Author and Title Index, 1975 *Sign Talk: A Universal Signal Code, Without Appara, Hunting, and Daily Life* Ernest Thompson Seton, 2016-08-06 In offering this book to the public after having had the manuscript actually on my desk for more than nine years let me say frankly that no one realizes better than myself now the magnitude of the subject and the many faults of my attempt to handle it My attention was first directed to the Sign Language in 1882 when I went to live in Western Manitoba There I found it used among the various Indian tribes as a common language whenever they were unable to understand each other's speech In later years I found it a daily necessity when traveling among the natives of New Mexico and Montana and in 1897 while living among the Crow Indians at their agency near Fort Custer I met White Swan who had served under General George A Custer as a Scout He had been sent across country with a message to Major Reno so escaped the fatal battle but fell in with a party of Sioux by whom he was severely wounded clubbed on the head and left for dead He recovered and escaped but ever after was deaf and practically dumb However sign talk was familiar to his people and he was at little disadvantage in daytime Always skilled in the gesture code he now became very expert I was glad indeed to be his pupil and thus in 1897 began seriously to study the Sign Language In 1900 I included a chapter on Sign Language in my projected Woodcraft Dictionary and began by collecting all the literature There was much more than I expected for almost all early travellers in our Western Country have had something to say about this lingua franca of the Plains As the material continued to accumulate the chapter grew into a Dictionary and the work of course turned out manifold greater than was expected The Deaf our School children and various European nations as well as the Indians had large sign vocabularies needing consideration Sign Talk Ernest Thompson Seton, 2022-05-28 In *Sign Talk* Ernest Thompson Seton undertakes a meticulously researched examination of the visual communication system used by prairie Indians in the United States known as sign talk or sign language Seton provides a comprehensive account of the development of this non verbal language offering valuable insights into its complexity and significance within indigenous cultures The literary style is both analytical and narrative seamlessly blending etymology with cultural anthropology Seton situates the phenomenon of sign talk within a broader linguistic and historical framework tracing its sociocultural origins and contemplating its influence on other languages and communication systems worldwide Ernest Thompson Seton an acclaimed writer naturalist and artist had a profound affinity for the natural world and indigenous cultures His experiences and observations as a conservationist and wildlife artist deeply informed his writings With *Sign Talk* Seton likely drew upon his extensive fieldwork and interactions with Native Americans channeling his fascination into a scholarly work that captures the nuances of this unique form of communication and its global repercussions *Sign Talk* is an indispensable resource for linguists anthropologists and historians alike It offers an enlightening perspective on Native American heritage underscoring the vast intellectual achievements of prairie Indian societies The book is commended to

anyone interested in the intricacies of human language intercultural communication or Native American studies Seton's work affirms the enduring relevance of sign talk and its capacity to provide profound insights into the human experience

Northern Lights Raymond Strom, 2020-02-18 A stunning debut novel set in the late 1990s a powerful depiction of the currency of intolerance and addiction in one small town Kirkus Reviews about an androgynous youth who arrives in Minnesota searching for the mother who abandoned him as a child On a clear morning in the summer of 1997 Shane Stephenson arrives in Holm Minnesota with only a few changes of clothes an old Nintendo and a few dollars to his name Reeling from the death of his father Shane wants to find the mother who abandoned him as an adolescent hoping to reconnect but also to better understand himself Against the backdrop of Minnesota's rugged wilderness and a town littered with shuttered shops graffiti and crumbling infrastructure Holm feels wild and dangerous Holm's residents too are wary of outsiders and Shane's long blonde hair and androgynous looks draw attention from a violent and bigoted contingent in town including the unhinged Sven Svenson He is drawn in by a group of sympathetic friends in their teens and early twenties all similarly lost the reckless charming J and his girlfriend Mary Jenny a brilliant and beautiful artist who dreams of escaping Holm and the mysterious loner Russell to whom Shane against his better judgment feels a strange attraction As Sven's threats of violence escalate Shane is forced to choose between his search for his mother the first true friendships he's ever had and a desire to leave both his past and present behind entirely A cross between two of the greats in those categories *The Outsiders* by S E Hinton and *Jesus Son* by Denis Johnson Star Tribune Minneapolis Raymond Strom's *Northern Lights* presents an unforgettable world and an experience often overlooked with a new kind of hero to admire *Sign Talk* Ernest Thompson Seton, Hugh Lenox Scott, Lillian Delger Powers, 1918 *Bloom* Janice Mason Steeves, 2023-10-12 BLOOM is a call to action for those individuals not only in a later phase of life but at any age who feel the call to pursue a creative path in their lives The pressures of the modern world force many into utilitarian careers early on Artistic impulses lie unfulfilled dormant For some at a certain point there comes an ache in the bones a deep longing for creative expression a simultaneous sense of emptiness and overflowing feeling This was the case for the author Janice Mason Steeves who left a career in psychology to pursue art in her forties She went back to school graduated from the Ontario College of Art and Design and went on to develop an international art career an art consulting practice and a highly sought after travel workshop business Weaving together insights from her own art experience with the stories of 138 artists over the age of sixty whom Janice surveyed for the book *Bloom* offers guidance inspiration and support for the often difficult and misunderstood desire to change trajectory and take up a path of creativity and meaning Mason Steeves then takes these observations a step further suggesting that not only is it possible to come to art later in life and be successful as an artist but that the distillation of life experience and self knowledge gleaned from the artist's path may enable older artists to step into an even larger role that of a community elder The elder role acquired in this case through art but existing beyond art is essential in our society

From Talking Chiefs to a Native Corporate Elite Marybelle Mitchell, 1996-06-21 Mitchell demonstrates the transformation of relationships both between the Inuit and Europeans and among the Inuit themselves that has occurred since contact with the West focusing on the intersection of class and nation This intersection provides a unifying framework to order the history of Inuit European contact At the heart of the book is a detailed and original presentation of the Inuit cooperative movement Mitchell's skilful blending of primary sources with personal experience and secondary literature provides a compelling analysis of the Inuit co op as a development tool used by the state In the final chapters she provides an astute evaluation of contemporary Inuit land claims concluding that the Inuit have been unequally incorporated into the Canadian class system because of their ethnic status and lack of capital Growing nationalism among the Inuit and demands for self government make *From Talking Chiefs to a Native Corporate Elite* a timely and important addition to the field of Native studies It will be of great interest to both scholars and general readers

Northern Light Roy MacGregor, 2011-09-06 NATIONAL BESTSELLER FINALIST FOR THE OTTAWA BOOK AWARD FOR NON FICTION Roy MacGregor's lifelong fascination with Tom Thomson first led him to write *Canoe Lake* a novel inspired by a distant relative's affair with one of Canada's greatest painters Now MacGregor breaks new ground re-examining the mysteries of Thomson's life loves and violent death in the definitive non-fiction account Why does a man who died almost a century ago and painted relatively little still have such a grip on our imagination The eccentric spinster Winnie Trainor was a fixture of Roy MacGregor's childhood in Huntsville Ontario She was considered too odd to be a truly romantic figure in the eyes of the town but the locals knew that Canada's most famous painter had once been in love with her and that she had never gotten over his untimely death She kept some paintings he gave her in a six quart basket she'd leave with the neighbours on her rare trips out of town and in the summers she'd make the trip from her family cottage where Thomson used to stay on foot to the graveyard up the hill where fans of the artist occasionally left bouquets There she would clear away the flowers After all as far as anyone knew he wasn't there she had arranged at his family's request for him to be exhumed and moved to a cemetery near Owen Sound As Roy MacGregor's richly detailed *Northern Light* reveals not much is as it seems when it comes to Tom Thomson the most iconic of Canadian painters Philandering deadbeat or visionary artist and gentleman victim of accidental drowning or deliberate murder the man's myth has grown to obscure the real view and the answers to the mysteries are finally revealed in these pages
