The San Francisco Chronicle Family Talk Deborah Tannen, Shari Kendall, Cynthia Gordon, 2007-04-12. This contributed volume will be one of the first to look truly in depth at the face-to-face interactions within the American family. Working with the same data audio tape recordings made in four family homes over the course of several years, the contributors focus on extending our knowledge of family discourse and identifying new ways in which family members create and enact their identities. Several broad themes emerge: the underlying dynamics of power and solidarity in the family and how they are reinforced through language; the negotiation of gendered roles in conjunction with family identities, especially in dual-income families; and the ways in which families actively confirm their beliefs and values when children are present. This groundbreaking volume will be of interest in linguistics, anthropology, and communications.
