Talking To Adults:

Talking Texts Rosalind Horowitz, 2017-09-25 This volume examines how oral and written language function in school learning and how oral texts can be successfully inter connected to the written texts that are used on a daily basis in schools Rather than argue for the prominence of one over the other the goal is to help the reader gain a rich understanding of how both might work together to create a new discourse that ultimately creates new knowledge Talking Texts Provides historical background for the study of talk and text Presents examples of children s and adolescents natural conversations as analyzed by linguists Addresses talk as it interfaces with domains of knowledge taught in schools to show how talk is related to and may be influenced by the structure language and activities of a specific discipline Bringing together seminal lines of research to create a cohesive picture of discourse issues germane to classrooms and other learning settings this volume is an essential resource for researchers graduate students classroom teachers and curriculum specialists across the fields of discourse studies literacy and English education composition studies language development sociolinguistics and applied linguistics

Our Dogs, Ourselves -- Young Readers Edition Alexandra Horowitz,2021-08-17 We keep dogs and are kept by them We love dogs and we assume we are loved by them Even while we see ourselves in dogs we also treat them in surprising ways On the one hand we let them into our beds we give them meaningful names make them members of our family and buy them the best food toys accessories clothes and more But we also shape our dogs into something they aren't meant to be Purebreeding dogs has led to many unhealthy pups Many dogs have no homes or live out their lives in shelters How is it possible we can treat the same species in these two totally different ways In this book the author reveals the odd surprising and contradictory ways we live with dogs **Women Talk More Than Men** Abby Kaplan,2016-04-11 Do women talk more than men Does text messaging make you stupid Can chimpanzees really talk to us This fascinating textbook addresses a wide range of language myths focusing on important big picture issues such as the rule governed nature of language or the influence of social factors on how we speak Case studies and analysis of relevant experiments teach readers the skills to become informed consumers of social science research while suggested open ended exercises invite students to reflect further on what they've learned With coverage of a broad range of topics cognitive social historical this textbook is ideal for non technical survey courses in linguistics Important points are illustrated with specific memorable examples invariant be shows the rule governed nature of African American English vulgar female speech in Papua New Guinea shows how beliefs about language and gender are culture specific Engaging and accessibly written Kaplan's lively discussion challenges what we think we know about language *Unintended Consequences* Janet Kay Swain,2017-10-26 Unintended Consequences is a story of survival for one small child plagued by the actions of others The author's perilous journey through experiences speaks to her resilience and shows where joy was felt in the shadows As a child Janet would turn to drugs and alcohol As an adult filled

with guilt and shame Janet would find herself tied to her alcoholism and addiction and unable to see any way out A mother at 16 and again at 18 she worked to be the best mother she could Getting to her bottom she would go from being a professional working woman with a nice house and set financially to jail and ultimately to homeless and alone It started when she was young Those things that should not happen Sexually abused by her grandfather and other male characters beaten and berated by her grandmother Janet endured There were relatives who knew things about Janets life but with hands tied metered out small amounts of kindness Men took advantage of her inability to tell right from wrong Janet became a runner Trying to escape all the bad things and the feelings they brought her She never got far being pulled back into the darkness of her mind Grandmother being the main caregiver provided little in the way of affection or guidance Grandmother was haunted by her own childhood She was forced to take in two of her grandchildren when no one else wanted them Janets brother was born sickly and would need constant care in infancy and childhood Caring for her brother Grandmother had little time left for Janet the healthy child Grandmothers resentments and her own pain boiled over onto Janet Grandpa although sexually abusing was kind if not understanding of how Grandmother treated her As the father figure Grandpas actions further confused and fractured an already fragile mind An older man would abduct Janet from her home when she was fifteen Keeping her hostage for nearly two years On the run facing prison he took Janet across the country and back He would deal out beatings and abuses Janet would become brainwashed living in fear every day believing the things he told her about herself It would be a harrowing escape for her and her infant son from this madman Unintended Consequences concludes with a way out and the people who were there to help her The story sets up how change began and how the ability to change grew inside The book brings readers into the world of recovery from the traumas abuses and addictions

How to Talk Language Science with Everybody Laura Wagner,Cecile McKee,2023-06-29 Do you want to talk about the linguistic research that you think is important but you don t know where to start Language is a topic that is relevant to everyone and linguists are often asked to speak publicly about their research to a range of lay audiences in the media politics festivals and fairs schools museums and public libraries However relaying this vital information in an engaging way can often feel like an insurmountable task This accessible guide offers practical advice on how to talk about language to a range of non academic audiences It draws on the linguistics behind effective communication to help you have cooperative conversations and to organize your information for a diverse range of people It is illustrated with a wealth of examples from real life scenarios and includes chapter by chapter worksheets enabling you to make your own fun and interesting language science activities to share with others

How to Build a Human Emma Byrne,2021-07-01 Byrne s book is about scientific parenting and it is very welcome indeed breezy and digestible this is such a good book Tom Whipple The Times Kids aren t all the same You can t follow instructions and expect success every time So what if parents approached their children as questions to be answered and not problems to be solved Scientist Emma Byrne takes evidence based information on everything from physical and

emotional development to what is really happening during sleep and separation anxiety then shows how to apply it to the unique child in front of you She challenges perceived wisdom by focusing on the variance as well as the mean because your child is an individual not an average Like all good scientists you re going to have a few missteps along the way You ll reach dead ends you ll need to wrack your brain for new approaches But by staying curious creative and paying attention to what s really happening with your family Emma Byrne will help you figure it out Just in time for everything to change once again
