Jewish-Christian Dialogue and the Life of Wisdom Matthew Levering, 2011-10-27 This book inquires as to whether theological dialogue between Christians and Jews is possible not only in itself but also as regards the emergence of communities of Messianic Judaism In light of David Novak s insights Matthew Levering proposes that Christian theological responses to supersessionism need to preserve both the Church s development of doctrine and Rabbinic Judaism s ability to define its own boundaries The book undertakes constructive philosophical theology in dialogue with Novak Exploring the interrelated doctrines of divine providence theonomy the image of God and natural law Levering places Novak s work in conversation especially with Thomas Aquinas whose approach fosters a rich dialogue with Novak s broadly Maimonidean perspective It focuses upon the relationship of human beings to the Creator with attention to the philosophical entailments of Jewish and Christian covenantal commitments aiming to spell out what true freedom involves It concludes by asking whether Christians and Jews would do better to bracket our covenantal commitments in pursuing such wisdom Drawing upon Novak s work the author argues that in the face of suffering and death God s covenantal election makes possible hope lacking which the quest for wisdom runs aground

Engaging the Doctrine of Israel Matthew Levering, 2021-09-16 This book is the dogmatic sequel to Levering s *Engaging the Doctrine of Marriage* in which he argued that God s purpose in creating the cosmos is the eschatological marriage of God and his people God sets this marriage into motion through his covenantal election of a particular people the people of Israel Central to this people s relationship with the Creator God are their Scriptures exodus Torah Temple land and Davidic kingship As a Christian Israelology this book devotes a chapter to each of these topics investigating their theological significance both in light of ongoing Judaism and in light of Christian Scripture Old and New Testaments and Christian theology The book makes a significant contribution to charting a path forward for Jewish Christian dialogue from the perspective of post Vatican II Catholicism

An Introduction to Jewish-Christian Relations Edward

Kessler,2010-02-18 Relations between Christians and Jews over the past two thousand years have been characterised to a great extent by mutual distrust and by Christian discrimination and violence against Jews In recent decades however a new spirit of dialogue has been emerging beginning with an awakening among Christians of the Jewish origins of Christianity and encouraging scholars of both traditions to work together An Introduction to Jewish Christian Relations sheds fresh light on this ongoing interfaith encounter exploring key writings and themes in Jewish Christian history from the Jewish context of the New Testament to major events of modern times including the rise of ecumenism the horrors of the Holocaust and the creation of the state of Israel This accessible theological and historical study also touches on numerous related areas such as Jewish and interfaith studies philosophy sociology cultural studies international relations and the political sciences

Christian Theology and Islam James J Buckley,Michael Root,2014-09-25 How can Christians committed to the classical Christian tradition address the issues raised by contemporary Islam Before a much needed dialogue between Christians and Muslims is established Christians need to ask themselves how their Scriptures and traditions might come to bear on such a dialogue Do the divisions among Catholic and Evangelical Christians fracture the classical Christian tradition in ways that undercut Christian Muslim dialogue before it has even begun Or could the classical tradition provide invaluable resources for resolving divisions between Catholic and Evangelical Christians in ways that would prepare them for meaningful conversation with Muslim brothers and sisters And what does it have to teach us about what Christians can and must learn from Muslims about their own traditions The scholarly essays compiled in *Christian Theology and Islam* consider these and further questions offering valuable insight for concerned Christians and academics in the fields of theology and religion

John Paul II and the Jewish People David G. Dalin,Matthew Levering,2008 As a collection of essays John Paul II and the Jewish People is united by the towering figure of John Paul II and by the ever increasing urgency of Jewish Christian understanding and reconciliation Each contribution is rich and instructive and the resulting whole offers a fascinating picture of the relationship of Jews and Christians today

Understanding the Jewish Roots of Christianity Gerald McDermott,2021-03-17 How Jewish is Christianity The question of how Jesus followers relate to Judaism has been a matter of debate since Jesus first sparred with the Pharisees The controversy has not abated taking many forms over the centuries In the decades following the Holocaust scholars and theologians reconsidered the Jewish origins and character of Christianity finding points of continuity *Understanding the Jewish Roots of Christianity* advances this discussion by freshly reassessing the issues Did Jesus intend to form a new religion Did Paul abrogate the Jewish law Does the New Testament condemn Judaism How and when did Christianity split from Judaism How should Jewish believers in Jesus relate to a largely gentile church What meaning do the Jewish origins of Christianity have for theology and practice today In this volume a variety of leading scholars and theologians explore the relationship of Judaism and Christianity through biblical historical theological and ecclesiological angles This cutting edge scholarship will enrich readers understanding of this centuries old debate

Jews and Christians Together A. Christian van Gorder, Gordon Fuller, 2020-08-06 Rabbi Gordon Fuller and Dr Christian van Gorder are committed to helping people of both faith traditions gain as far as is possible a participant's appreciation of those from the other community This means addressing misconceptions and misrepresentations as well as challenging widely held assumptions Jews and Christians Together delves into the strained relationship between these two faith communities and exposes why these communities need to come to a better understanding and appreciation of the other Events such as the attack on the Tree of Life Synagogue in Pittsburgh Pennsylvania demonstrate why society must address and foil anti-Semitism and anti Judaism wherever and whenever such views appear The efforts of Fuller and van Gorder to explore these issues with their own faith communities can provide a helpful starting point to confront trends of increasing hate and bigotry towards Jews today Fuller and van Gorder ask us to acknowledge the marred history of Christianity and anti-Semitism so that we can explore healthy Jewish Christian dialogue and gain a shared and constructive mutual respect Jesus Christ for Contemporary Life Don Schweitzer, 2012-02-13 Jesus Christ for Contemporary Life is an understanding of Jesus as the Word of God grounded in what can be known historically of Jesus and informed by subsequent reflection upon him which hopes to help shape a Christian identity characterized by bounded openness In Jesus Christ for Contemporary Life Don Schweitzer explores the significance of the person work and relationships of Jesus Christ for contemporary life He moves from the historical Jesus to the present in three parts In the first part Schweitzer develops an understanding of Jesus as the Word of God who became incarnate to give the goodness and beauty of God further expression in time and space Second he explores how various atonement theories articulate ways in which Jesus empowers people to further express this beauty and goodness in their own lives And finally Schweitzer explores how Jesus relates to people in the church to the events and movements in history to other religions and to Christians in their dialogue with God in prayer Future Tense Jonathan Sacks, 2012-08-07 We are in danger says Rabbi Sacks of forgetting what Judaism's place is within the global project of humankind The Jewish people exist for a reason and it is not for themselves alone They must recommit themselves to their foundational purpose to the task of creating a just world in which the divine presence can dwell among us all Without compromising one iota of Jewish faith Rabbi Sacks declares Jews must stand alongside their friends Christian Muslim Hindu Sikh Buddhist and secular humanist in defense of freedom against those who desecrate life And they should do this not to win friends or the admiration of others but because it is what a people of God is supposed to do Rabbi Sacks's powerful message of tikkum olam using Judaism as a blueprint for repairing an imperfect world will resonate with people of all faiths **The Seed of Abraham** Michael M. C. Reardon, Pesach Wolicki, 2025-06-25 The inspiration for this volume emerged from years of friendship dialogue and collaboration between a Jewish rabbi and Christian professor Historically Jewish Christian relations has been a fraught sphere of inquiry Despite sharing a set of Scriptures the relationship between Christians and Jews has been marked by distrust misunderstandings and exaggerated theological differences which taken together appear to create an indissoluble

wedge between the two faiths This volume brings the two faiths into fruitful and productive dialogue by unearthing recondite yet highly significant features shared between them Beyond being an academic exercise the aspiration undergirding this project is to bridge the gap between Jews and Christians and by doing so chart a path forward toward rapprochement reconciliation and Jewish Christian unity

Liturgical Theology after Schmemmann Brian A. Butcher, 2018-02-06 While only rarely reflecting explicitly on liturgy French philosopher Paul Ricoeur 1913 2005 gave sustained attention to several themes pertinent to the interpretation of worship including metaphor narrative subjectivity and memory Inspired by his well known aphorism The symbol gives rise to thought Liturgical Theology after Schmemmann offers an original exploration of the symbolic world of the Byzantine Rite culminating in a Ricoeurian analysis of its Theophany Great Blessing of Water The book examines two fundamental questions 1 what are the implications of the philosopher's oeuvre for liturgical theology at large And 2 how does the adoption of a Ricoeurian hermeneutic shape the study of a particular rite Taking the seminal legacy of Orthodox theologian Alexander Schmemmann 1921 1983 as its point of departure Butcher contributes to the renewal of contemporary Eastern Christian thought and ritual practice by engaging a spectrum of current theological and philosophical conversations

Covenant and Hope Robert W. Jenson, Eugene Korn, 2012-07-27 Covenant and Hope centers around two main themes in Jewish Christian dialogue Covenant Mission and Relation to the Other and Hope and Responsibility for the Human Future In the first section scholars from both faiths analyze the idea of covenant how it determines their religious commitments behavior and theology and how their covenantal theology shapes their relations with people outside their religious communities The second section focuses on the foundation for religious hope how belief in the future can be nourished and on our practical and philosophic responsibility to work for a better human future

Law and the Rule of God Joshua Ralston, 2020-11-05 Sharia is one of the most hotly contested and misunderstood concepts and practices in the world today Debates about Islamic law and its relationship to secularism and

Christianity have dominated political and theological discourse for centuries Unfortunately Western Christian theologians have failed to engage sufficiently with the challenges and questions raised by Islamic political theology preferring instead to essentialize or dismiss it In *Law and the Rule of God* Joshua Ralston presents an innovative approach to Christian Muslim dialogue Eschewing both polemics and apologetics he proposes a comparative framework for Christian engagement with Islamic debates on shar'a Ralston draws on a diverse range of thinkers from both traditions including Karl Barth Ibn Taymiyya Thomas Aquinas and Mohammad al Jabri He offers an account of public law as a provisional and indirect witness to the divine rule of justice He also demonstrates how this theology of public law deeply resonates with the Christian tradition and is also open to learning from and dialoguing with Islamic and secular conceptions of law sovereignty and justice

The Internal Foe Jeremy F. Worthen, 2008-12-18 The relationship between Christianity and other religions is a vital issue in the world today This book provides a fresh perspective by exploring how Christian theology has been shaped over two millennia by interaction with its original religious other continuing Judaism It begins by describing the origins of the classic framework in Christianity that correlates claims about the gospel with judgments about Judaism as resistance to the new thing God has done in Jesus Christ This framework binds Christianity to the task of interpreting Jewish presence which then renders engaging with Judaism as well as rehearsing judgments about it integral to Christian theology's development The central chapters of the book demonstrate this in relation to three pivotal periods of Western history 1050-1300 CE early modernity and the first half of the twentieth century They reveal the classic framework to have been remarkably resilient despite sometimes radical adaptation before in and after modernity The insights of Franz Rosenzweig about Judaism as Christianity's internal foe resonate deeply with the book's historical analysis Does this mean that non-relativistic Christian theology must remain intrinsically anti-Jewish The book concludes that it need not if it can renounce its historic stance of hermeneutical comprehension

Imagining Jewish Authenticity Ken Koltun-Fromm, 2015-01-28 Exploring how visual media presents claims to Jewish authenticity *Imagining Jewish Authenticity* argues that Jews imagine themselves and their place within America by appealing to a graphic sensibility Ken Koltun-Fromm traces how American Jewish thinkers capture Jewish authenticity and lingering fears of inauthenticity in and through visual discourse and opens up the subtle connections between visual expectations cultural knowledge racial belonging embodied identity and the ways images and texts work together

Natural Law Anver M. Emon, Matthew Levering, David Novak, 2014-03 This book critically and constructively explores the resources offered for natural law doctrine by classical thinkers from three traditions Jewish Christian and Islamic Three scholars each offer a programmatic essay on natural law doctrine in their particular religious tradition and then respond to the other two essays
