Latimer Gaspard Baron Gourgaud, afterwards LATIMER WORMELEY (Mary Elizabeth), 1903 **Talks of Napoleon at St. Helena with General Baron Gourgaud, Together with the Journal Kept by Gourgaud on Their Journey from Waterloo to St. Helena** Gaspard Gourgaud, 1999-01-01 This Elibron Classics title is a reprint of the original edition published by A C McClurg in Chicago 1903 **Napoleon and Doctor Verling on St Helena** J. David Markham, 2006-03-19 Many books have been written about St Helena and its most famous resident the exiled Emperor Napoleon Bonaparte The episode has been so intensively researched that it is rare for a fresh unpublished account to come to light Yet Dr James Verling's St Helena journal is just such a source Verling was based on St Helena during Napoleon's imprisonment and he was even appointed as Napoleon's official physician Throughout his stay this young doctor kept a vivid diary of his experiences Through Verling's eyes we get a fresh view of daily life on the island and of the suspicion filled society that grew up around Napoleon during his last years Napoleon: A Life Told in Gardens and Shadows Ruth Scurr, 2021-06-15 Marking the 200th anniversary of his death Napoleon is an unprecedented portrait of the emperor told through his engagement with the natural world How should one envisage this subject With a great pomp of words or with simplicity Charlotte Brontë The Death of Napoleon The most celebrated general in history Napoleon Bonaparte 1769 1821 has for centuries attracted eminent male writers Since Thomas Carlyle first christened him our last Great Man regiments of biographers have marched across the same territory weighing campaigns and conflicts military tactics and power politics Yet in all this time no definitive portrait of Napoleon has endured and a mere handful of women have written his biography a fact that surely would have pleased him With Napoleon Ruth Scurr one of our most eloquent and original historians emphatically rejects the shibboleth of the Great Man theory of history instead following the dramatic trajectory of Napoleon's life through gardens parks and forests As Scurr reveals gardening was the first and last love of Napoleon offering him a retreat from the manifold frustrations of war and politics Gardens were at the same time a mirror image to the battlefields on which he fought

discrete settings in which terrain and weather were as important as they were in combat but for creative rather than destructive purposes Drawing on a wealth of contemporary and historical scholarship and taking us from his early days at the military school in Brienne le Chateau through his canny seizure of power and eventual exile Napoleon frames the general's story through the green spaces he cultivated Amid Corsican olive groves ornate menageries in Paris and lone garden plots on the island of Saint Helena Scurr introduces a diverse cast of scientists architects family members and gardeners all of whom stood in the shadows of Napoleon's meteoric rise and fall Building a cumulative panorama she offers indelible portraits of Augustin Bon Joseph de Robespierre the younger brother of Maximilien Robespierre who used his position to advance Napoleon's career Marianne Peusol the fourteen year old girl manipulated into a Christmas Eve assassination attempt on Napoleon that resulted in her death and Emmanuel comte de Las Cases the atlas maker to whom Napoleon dictated his memoirs As Scurr contends Napoleon's dealings with these people offer unusual and unguarded opportunities to see how he grafted a new empire onto the remnants of the ancien régime and the French Revolution Epic in scale and novelistic in its detail Napoleon with stunning illustrations is a work of revelatory range and depth revealing the contours of the general's personality and power as no conventional biography can
