Managing the Construction Project Volume Two focuses upon productivity, procurement, international projects and human issues in relation to management performance of construction organisations. Managing Risk Volume Two incorporates discussion of risk away from regulation by government and those safety risks inherent in the construction process. Managing Construction Information Volume Three, published in conjunction with Construct IT Centre of Excellence, incorporates material on information systems and methods, application of IT to the design and construction processes and how IT theory and applications are best transmitted to students and practitioners. The work represents a collation of wide ranging ideas and theory about construction and how research has contributed to the development of the industry on a global application of research to the problems of the construction industry.

Culture and Organizational Behaviour Jai B. P. Sinha, 2009-01-06 Culture and Organizational Behaviour is a textbook for management studies that highlights the effect of the confluence of Western and Indian cultural influences. It adheres to the syllabi of the organizational behaviour courses followed in most major universities and management institutes. The book presents basic knowledge of organizational behaviour as developed in the West, adds to these the latest global research findings and situates them in the Indian cultural perspective. It also highlights the issues that emanate from the interface of the Indian culture and organizational behaviour. Key Features: Contains updated case studies from Indian organizations. Focuses on current and emerging strategies in organizational structures, leadership, power and politics. Covers topics like balancing work and other responsibilities, power and politics and conflict and negotiation which though extremely crucial to organizational behaviour have perhaps not got due attention in the existing literature. Presents the relatively unexplored effects of Indian culture on organizational behaviour. Provides a platform where both theoretical and practical issues can be addressed by managers, researchers, students and teachers alike.
