1898-1980 Patrick Bade, 2011-07-01 Die Portraits Akte und Stilleben von Tamara Lempicka 1898 1980 atmen den Geist des Art Deco und des Jazz Age Sie spiegeln den eleganten und hedonistischen Lebensstil einer glamourösen Elite in Paris in der Zeit zwischen den beiden Weltkriegen wider Ihre Kunst kombiniert eine hervorragende klassische Technik mit Elementen aus dem Kubismus Lempickas Schaffen ist der Höhepunkt eleganter Modernität und greift gleichzeitig auf Meisterportraitisten wie Ingres oder Bronzino zurück Das vorliegende Buch befasst sich mit der Rationalität ihrer besten Werke in den 1920er und 1930er Jahren und der außergewöhnlichen Lebensgeschichte einer talentierten und schillernden Frau Sie beginnt ihr Leben zur Jahrhundertwende in Polen und dem zaristischen Russland dann verbringt sie glorreiche Jahre in Paris und eine lange Zeit des Misserfolgs in Amerika bis sie schließlich in den 70er Jahren wieder entdeckt wird und ihre Bilder den Status einer Ikone und weltweite Popularität erhalten *Concise Dictionary of Women Artists* Delia Gaze, 2013-04-03 This book includes some 200 complete entries from the award winning Dictionary of Women Artists as well as a selection of introductory essays from the main volume *1000 Portraits of Genius* Victoria Charles, Klaus Carl, 2014-11-24 According to the defined canons of art technique a portrait should be above all a faithful representation of its model However this gallery of 1000 portraits illustrates how the genre has been transformed throughout history and has proven itself to be much more complex than a simple imitation of reality Beyond exhibiting the skill of the artist the portrait must surpass the task of imitation as just and precise as it may be to translate both the intention of the artist as well as that of its patron without betraying either's wishes Therefore these silent witnesses carefully selected in these pages reveal more than faces of historic figures or anonymous subjects they reveal a psychology more than an identity illustrate an allegory serve as political and religious propaganda and embody the customs of their epochs With its impressive number of masterpieces biographies and commentaries on works this book presents and analyses different portraits consequently exposing to the reader and to any art lover a reflection of the evolution of society and above all the upheavals of a genre that over 300 centuries of painting has shaped the history of art **The Sexual Perspective** Emmanuel Cooper, 2005-08-11 First published in 1986 to wide critical acclaim The Sexual Perspective broke new ground by bringing together and discussing the painting sculpture and photography of artists who were gay lesbian queer bisexual The lavishly illustrated new edition discusses the greater lesbian visibility within the visual arts and artists' responses to the AIDS epidemic Emmanuel Cooper places the art in its artistic social and legal contexts making it a vital contribution to current debates about art gender identity and sexuality [Encyclopedia of Lesbian Histories and Cultures](#) Bonnie Zimmerman, 2013-08-21 A rich heritage that needs to be documented Beginning in 1869 when the study of homosexuality can be said to have begun with the establishment of sexology this encyclopedia offers accounts of the most important international developments in an area that now occupies a critical place in many fields of academic endeavours It covers a long history and a dynamic and ever changing present while opening up the academic profession to new scholarship and new ways of thinking A groundbreaking

The Art of Music Patrick Coleman, 2015-01-01 The Art of Music takes the relationship between two of the more prominent and oft intersecting branches of artistic creation as its subject The liaison between music and the visual arts has inspired countless generations of artists The two have had manifold complex interactions across all periods of history in Western and non Western contexts alike yet their intersection has only become a rich vein for research by art historians and musicologists in the last thirty years By tracing these relationships new insights into the affinities of the arts become clear

Women Artists in Interwar France Paula J. Birnbaum, 2017-07-05 Women Artists in Interwar France Framing Femininities illuminates the importance of the Soci des Femmes Artists Modernes more commonly known as FAM and returns this group to its proper place in the history of modern art In particular this volume explores how FAM and its most famous members Suzanne Valadon Marie Laurencin and Tamara de Lempicka brought a new approach to the most prominent themes of female embodiment the self portrait motherhood and the female nude These women reimaged art s conventions and changed the direction of both art history and the politics of their contemporary art world FAM has been excluded from histories of modern art despite its prominence during the interwar years Paula Birnbaum s study redresses

this omission contextualizing the group's legacy in light of the conservative politics of 1930s France. The group's artistic response to the reactionary views and images of women at the time is shown to be a key element in the narrative of modernist formalism. Although many FAM works are missing, one reason for the lack of attention paid to their efforts, Birnbaum's extensive research through archives, press clippings and first-hand interviews with artists' families, reclaims FAM as an important chapter in the history of art from the interwar years.

Daily Rituals: Women at Work Mason Currey, 2019-03-05. More of Mason Currey's irresistible *Daily Rituals*, this time exploring the daily obstacles and rituals of women who are artists, painters, composers, sculptors, scientists, filmmakers and performers. We see how these brilliant minds get to work, the choices they have to make, rebuffing convention, stealing or secreting away time from the pull of husbands, wives, children, obligations, in order to create their creations. From those who are the masters of their craft, Eudora Welty, Lynn Fontanne, Penelope Fitzgerald, Marie Curie, to those who were recognized in a burst of acclaim, Lorraine Hansberry, Zadie Smith, from Clara Schumann and Shirley Jackson, carving out small amounts of time from family life, to Isadora Duncan and Agnes Martin, rejecting the demands of domesticity, Currey shows us the large and small and abiding choices these women made and continue to make for their art.

Isak Dinesen: I promised the Devil my soul and in return he promised me that everything I was going to experience would be turned into tales. Dinesen subsisting on oysters and Champagne but also amphetamines which gave her the overdrive she required. And the rituals, daily and otherwise, that guide these artists.

Isabel Allende: starting a new book only on January 8th.

Hilary Mantel: taking a shower to combat writer's block. I am the cleanest person I know.

Tallulah Bankhead: coping with her three phobias: hating to go to bed, hating to get up, and hating to be alone, which could she mute them would make her life as slick as a sonnet but as dull as ditch water.

Lillian Hellman: chain smoking three packs of cigarettes and drinking twenty cups of coffee a day and after milking the cow and cleaning the barn, writing out of elation, depression, hope.

That is the exact order Hope sets in toward nightfall. That's when you tell yourself that you're going to be better the next time, so help you God.

Diane Arbus: doing what gnaws at her.

Colette: locked in her writing room by her first husband, Henry Gauthier Villars, nom de plume Willy, and not being let out until completing her daily quota, she wrote five pages a day and threw away the fifth. Colette later said: A prison.
