Gates,Dianne L. Hall Mark,2010-08-16 As multicultural education is becoming integral to the core curriculum teachers often

implement this aspect into their courses through literature. However, standards and criteria to teach and promote active discussion about this literature are sparse. *Cultural Journeys* introduces pre-service and experienced teachers to the use of literature to promote active discussions that lead students to think about racial diversity. More than just an annotated list of books for children, Pamela S. Gates and Dianne L. Hall Mark provide systematic guidelines that teachers can use throughout their careers to evaluate multicultural literature for students in grades K-8. At the same time, the text leads the reader to a deeper understanding of how to use multicultural literature throughout the entire curriculum and not just during specially designated months or time periods. With the example unit plans and extensive annotated bibliography, this book is a valuable resource that pre-service teachers will utilize when they begin teaching and in-service teachers will reference repeatedly during their planning periods.

**Connecting Cultures** Rebecca L. Thomas, 1996-01-30 A comprehensive guide to multicultural literature for children, this valuable resource features more than 1,600 titles including fiction, folktales, poetry, and song books that focus on diverse cultural groups. The selected titles published between the 1970s and 1990s are suitable for use with preschoolers through sixth graders and are likely to be found on the shelves of school and public libraries. Topics are timely with an emphasis on books that reflect the needs and interests of today's children. Each detailed entry includes bibliographic information. Use level is also included, as are cultural designation, subjects, and a summary. The invaluable Subject Access section incorporates use level and culture information.

*Bilingual Children's Books in English and Spanish / Los Libros Bilingües para niños en Inglés y en Español* Doris Cruger Dale, 2011-12-20 To fill the needs of a growing Hispanic market, there has been a dramatic increase in the number of bilingual books being published in recent years. But they have been appearing for many years. This bibliography lists more than 400 children's titles, mostly picture books with alphabet and counting books also included that feature text in both Spanish and English in the same volume. Annotations to the entries provide a summary of each book's contents along with information on awards the book has received and a list of reviews gathered from Children's Book Review Index. This bilingual edition includes introduction, table of contents, and subject indexing in both English and Spanish. En los últimos años, los editores estadounidenses han tratado de ponerse al día en lo que respecta al mercado de publicaciones en español en auge constante. Y lo han hecho básicamente incrementando el lanzamiento de libros bilingües para niños. Cabe matizar sin embargo que este tipo de publicaciones ha sido una práctica vigente desde hace años. El presente compendio bibliográfico incluye más de 400 títulos bilingües para niños, la mayoría de ellos libros de ilustraciones además de publicaciones relativas a las letras del alfabeto y el aprendizaje de los números. Las notas que se incluyen en esta obra resumen los contenidos de cada libro junto a reseñas y premios relativos a los mismos.
