*Tampa* Robert J. Kaiser, 1999 The Tampa Bay area has a rich and fascinating history Truly an international city Tampa attracted its residents from all over the world and the city's natural deep water port and proximity to the Panama Canal encouraged significant growth around the turn of the twentieth century Visionary pioneers came together with Henry B Plant's railroad the construction of the Tampa Bay Hotel and Tampa's five C's climate cattle citrus cigars and cheap labor to build the city that became the Gem of Florida's Gulf Coast During this same period in Tampa's history from the 1890s through the 1920s the postcard was an extraordinarily popular means of communication Postcard photographers traveled the nation snapping photographs of busy street scenes documenting local landmarks and assembling crowds of local children only too happy to pose for a picture These images printed as postcards and sold in general stores across the country survive as telling reminders of an important era in American history

**Tampa's Hyde Park** Delphin Acosta, 2012 Tampa's Hyde Park was a beautifully located frontier that was not discovered until the latter part of the 19th century Scattered tiny settlements were farmed and fished along Hillsborough Bay The fine climate and natural resources lingered until Henry B Plant arrived with his railroad and steamship line in 1884 Then like magic Hyde Park exploded into a visionary community O H Platt created Hyde Park's original subdivision and Plant opened a fanciful jewel of America's Gilded Age the Tampa Bay Hotel In less than 10 years the backwater that was located along the western edge of Hillsborough Bay became Florida's first magic kingdom As the Victorian period ended and the 20th century emerged Hyde Park embraced the aesthetics and cultural changes of the new century Bungalows dominated new housing in Hyde Park providing architectural modernism for the emerging middle class Today Hyde Park has among the largest intact collections of Craftsman and Prairie houses in the United States

*Tampa's Carrollwood* Joshua McMorro-Hernandez, 2013 Over six decades the community comprised of citrus groves and cattle ranches between Lake Carroll and Lake Magdalene flourished and became the town known as Carrollwood Carrollwood's story begins in the 1890s when Rev Isaac Ward Bearss led a small caravan from Missouri to Florida and heeled form a close knit rural community By the late 1950s a developer named Matt Jetton bought more than 300 acres of land surrounding Lake Carroll and built the 925 home community that was given the name Carrollwood By the 1970s many of the remaining citrus groves in the areas surrounding the neighborhood gave way to new homes and businesses and the Carrollwood name continued spreading north and west
