T-34-85 vs M26 Pershing Steven J. Zaloga, 2011-12-20 Using war time documents just revealed at the time Steven Zaloga sheds light on the crucial tank battles of the Korean War as the finest tanks of the rival superpowers battled for supremacy A hotly debated topic amongst tank buffs is of the relative merits of the Soviet and American tanks of World War II The Soviet equipped North Korean Peoples Army initially dominated the battlefield with the seemingly unstoppable T34 85 As US tank battalions hastily arrived throughout the late summer and early autumn of 1950 the M26 Pershing took the fight to North Korea with increasing success Featuring illustrations throughout this match up between the two titans of World War II on the battlefields of Korea is ideal for all armor enthusiasts *US Marine Corps Tank Crewman 1965-70* Ed Gilbert, 2012-04-20 By 1960 following Korea tanks and their crews had proved themselves to be a fundamental part of the Marine Corps combined arms team When the Marines were ordered to Vietnam in 1965 they took their tanks with them This book explores this decision which created a political storm The presence of the tanks became a lightning rod for accusations of an escalation of the war Nevertheless the tanks not only proved their value in the anti guerrilla campaigns but also amid the bitter conventional fighting and extraordinary casualties at Hue City The ability to undertake such radical change and to prevail demonstrated the versatility courage and tenacity that are the hallmarks of the ordinary Marine The Cumulative Book Index, 1986 A world list of books in the English language **SU-76 Assault Gun** Steven J. Zaloga, 2019-05-30 The SU 76 assault gun was the second most widely manufactured Soviet armoured fighting vehicle of World War II out numbered only by the legendary T 34 Inspired in part by the German Marder series of tank destroyers Soviet designers realized that the chassis of the obsolete T 70 light tank could be adapted to a much more substantial gun if it was placed in a fixed casemate rather than in a turret This led to the design of the SU 76 which saw its combat debut at Kursk in the summer of 1943 The SU 76 was deployed primarily as an infantry direct support weapon becoming the infantry tank of the Red Infantry much as the StuG III became the infantry tank of the German infantry Featuring full colour artwork and written by an expert on tank warfare during World War II this fascinating study describes one of the Soviet Union s most important armoured vehicles during its struggle with Nazi Germany **Tanks** Richard Ogorkiewicz, 2015-02-20 From an internationally acclaimed expert in the field comes a detailed analytical and comprehensive account of the worldwide evolution of tanks from their inception a century ago to the present day With new ideas stemming from the latest academic research this study presents a reappraisal of the development of tanks and their evolution during World War I and how the surge in technological development during World War II and the subsequent Cold War drove developments in armour in Europe and America transforming tanks into fast resilient and powerful fighting machines From the primitive bizarre looking Mark V to the Matilda and from the menacing King Tiger to the superlative M1 Abrams Professor Ogorkiewicz shows how tanks gradually acquired the enhanced capabilities that enabled them to become what they are today the core of combined arms mechanized warfare Armor

The New Illustrated Guide to Modern Tanks & Fighting Vehicles David Miller,1992 An illustrated directory of the major tanks and combat vehicles in service with the world s armies today Historical Illustrations and References, World War II and Korea U.S. Army Command and General Staff College,1954 US Marine Corps Tank Crewman 1941-45

Kenneth W Estes,2012-06-20 The ferocity of the Pacific war almost defied the available military technology In this environment the evolving use of tanks by the US Marine Corps played a significant role at the end of the Battle of Okinawa Major General Lemuel Shepherd wrote in his report that if any one supporting arm can be singled out as having contributed more than any others during the progress of the campaign the tank would certainly be selected This book traces the history of the US Marine Corps tank crewman including the significant changes in doctrine equipment and organization that the war brought and his experience fighting in the Pacific theater **The PIAT** Matthew Moss,2020-08-20 Designed in 1942 Britain s innovative Projector Infantry Anti Tank PIAT provided British and Commonwealth troops with a much needed means of taking on Germany s formidable Panzers Replacing the inadequate Boys anti tank rifle it was conceived in the top secret World War II research and development organization known colloquially as Churchill s Toyshop alongside other ingenious weapons such as the sticky bomb the limpet mine and the time pencil fuse Unlike the more famous US bazooka the PIAT had its roots in something simpler than rocket science Operated from the shoulder the PIAT was a spigot mortar which fired a heavy high explosive bomb with its main spring soaking up the recoil The PIAT had a limited effective range Troops required nerves of steel to get close enough to an enemy tank to ensure a direct hit often approaching to within 50ft of the target and no fewer than six Victoria Crosses were won during World War II by soldiers operating PIATs A front line weapon in every theatre of the conflict in which Commonwealth troops fought from Europe to the Far East the PIAT remained in service after 1945 seeing action during the Greek Civil War the Arab Israeli conflict and the Korean War This illustrated study combines detailed research with expert analysis to reveal the full story of the design development and deployment of this revolutionary weapon Professional Journal of the United States Army ,1993 **British Cruisers in World War One** R. Military Review ,2000 U.S. Marine Operations In Korea 1950-1953: Volume V - Operations In West Korea [Illustrated Edition] Lt.-Col. Pat Meid USMCR, Major James M. Yingling USMC,2015-11-06 Includes over 50 photos and 35 maps THIS IS THE CONCLUDING VOLUME of a five part series dealing with operations of United States Marines in Korea between 2 August 1950 and 27 July 1953 Volume V provides a definitive account of operations of the 1st Marine Division and the 1st Marine Aircraft Wing during 1952 1953 the final phase of the Korean War At this time the division operated under Eighth U S Army in Korea EUSAK control in the far western sector of I Corps while Marine aviators and squadrons functioned as a component of the Fifth Air Force FAF MENTION THE KOREAN WAR and almost immediately it evokes the memory of Marines at Pusan Inchon Chosin Reservoir or the Punchbowl Americans everywhere remember the Marine Corps

combat readiness courage and military skills that were largely responsible for the success of these early operations in 1950

1951 Not as dramatic or well known are the important accomplishments of the Marines during the latter part of the Korean War In March 1952 the 1st Marine Division redeployed from the East Central front to West Korea This new sector nearly 35 miles in length anchored the far western end of I Corps and was one of the most critical of the entire Eighth Army line Here the Marines blocked the enemy's goal of penetrating to Seoul the South Korean capital Northwest of the Marine Main Line of Resistance less than five miles distant lay Panmunjom site of the sporadic truce negotiations Whatever guise the enemy of the United States chooses or wherever he draws his battleline he will find the Marines with their age old answer Today as in the Korean era Marine Corps readiness and professionalism are prepared to apply the cutting edge against any threat of American security Gen Chapman **Churchill Crocodile Flamethrower** David Fletcher,2012-05-20 A fire breathing monster on the battlefield the Churchill Crocodile was one of the most awe inspiring weapons of World War II Tank expert David Fletcher chronicles the development of the flamethrower tank examining the dramatic effect of these tanks in battle from use in France to the terrifying attack on the Senio River in Italy as well as investigating the post war use of Crocodiles to burn down and sterilise the site of Belsen concentration camp and their mobilisation for the Korean War Researched using the papers of Reginald Fraser the genius behind the flamethrowers and dramatically illustrated with detailed artwork and previously unpublished photographs this book brings to life the true terror of these tanks U.S. Marine Operations In Korea 1950-1953: Volume I - The Pusan Perimeter [Illustrated Edition] Lynn Montross,Captain Nicholas A. Canzona USMC,2015-11-06 Includes over 50 photos and 23 maps THIS IS THE first volume of a planned series dealing with United States Marine Operations in Korea during the period 2 August 1950 to 27 July 1953 Volume I is designed to give the military student and the casual reader an accurate and detailed account of the operations in which Marines of the 1st Provisional Brigade and Marine Air Group 33 participated during the fighting in the Pusan Perimeter from the date of their landing on 2 August until their withdrawal on 13 September 1950 in preparation for the Inchon landing AN ABILITY TO furnish skilled forces to meet emergency situations on short notice has long been a hallmark of the Marine Corps When the call came for such a force to be dispatched to Korea on 2 July 1950 the Corps was handicapped by the strictures of a peacetime economy Nevertheless a composite brigade consisting of a regiment and an air group was made available within a week's time With a reputation built largely on amphibious warfare Marines of the 1st Brigade were called upon to prove their versatility in sustained ground action On three separate occasions within the embattled Perimeter south toward Sachon and twice along the Naktong River these Marine units hurled the weight of their assault force at the enemy All three attacks were successful and at no point did Marines give ground except as ordered The quality of their performance in the difficult days of the Pusan Perimeter fighting made them a valuable member of the United Nations team and earned new laurels for their Corps Gen Lemuel Shepherd Army ,1976 Armed Forces ,1982 *TANKER DIGITAL 01* ,
