Remembering Julius Nyerere in Tanzania Fouere, Marie-Aude,2015-11-05 This edited volume is about the rekindled investment in the figure of the first president Julius K Nyerere in contemporary Tanzania It explores how Nyerere is remembered by Tanzanians from different levels of society in what ways and for what purposes Looking into what Nyerere means and stands for today it provides insight into the media the political arena poetry the education sector or street corner talks The main argument of this book is that Nyerere has become a widely shared political metaphor used to debate and contest conceptions of the Tanzanian nation and Tanzanian ness The state citizens relationship the moral standards for the exercise of power and the contours of national sentiment are under scrutiny when the figure of Nyerere is mobilized today The contributions gathered here come from a generation of budding or renowned scholars in varied disciplines history anthropology and political science Drawing upon materials collected through extensive fieldwork and archival research they all critically engage the existing literature about Tanzania and prevailing political narratives to explore how nationhood is re imagined in Tanzania today through assent and contest

The Critical Phase in Tanzania Cranford Pratt,1976-02-05 The emergence of a socialist commitment provides the central focus for this study of political leadership in Tanzania Tanzania and Nyerere William Redman Duggan,John R. Civile,1976

Tanzania in Transition Kjell Havnevik,C. Isinika,2010-08-01 This book is the first comprehensive contribution to understanding the character of important societal transitions in Tanzania during Benjamin Mkapa s presidency 1995 2005 The analyses of the trajectory of these transitions are conducted against the background of the development model of Tanzanian s first president Julius Nyerere 1961 1985 a model with lasting influence on the country This approach enables an understanding of continuities and discontinuities in Tanzania over time in areas such as development strategy an ideology agrarian land gender and forestry issues economic liberalization development assistance corruption and political change The period of Mkapa s presidency is particularly important because it represents the first phase of Tanzania s multi party political system Mkapa s government initially faced a gloomy economic situation Although Mkapa s crusade against corruption lost direction his presidency was characterised by relatively high growth rates and a stable macro economy Rural and agrarian transitions were dominated by diversification rather than productivity growth and transformation Rural attitudes in favour of land markets emerged only slowly but formal land disputes showed more respect for women s rights Some space emerged for widening local participation in forest management but rural dynamics was mainly found in trading settlements feeding on economic liberalization and artisanal mining The transitions documented and analysed of Mkapa s presidency however indicate only limited transformational change Rural poverty is therefore likely to remain deep and the sustainability of economic development to be at risk in the future Mkapa was however able to protect the legacy of peace and political stability of Nyerere but there were nevertheless important challenges to the first multiparty elections and governance and particularly in Zanzibar The post script covering 2005 2010 indicates that the

incumbent president Jakaya Kikwete has yet to prove that he can change this legacy of Mkapa Co published with the Nordic Africa Institute and the Sokoine University of Agriculture the contributions to the eleven chapters of this book are evenly shared between Tanzanian Nordic and other European researchers with a long term commitment to Tanzanian development research he book is dedicated to the youth of Tanzania **We Must Run While They Walk** William Edgett Smith,1972

The Critical Phase in Tanzania, 1945-1968 Cranford Pratt,1978 How can a country which is poor with few socialists and without either a strong proletariat or a radicalised peasantry be led to a socialist transformation of its values and institutions In January 1967 Julius Nyerere President of Tanzania made this the central preoccupation of his government and of his party the Tanganyika African National Union The emergence of that socialist commitment provides the central focus for this study of political leadership in Tanzania Many independent countries are in the critical phase in which the aspirations of their peoples race ahead of their productive capabilities This study of the forces and considerations that led to the emergence of a democratic and socialist strategy of development in Tanzania is therefore of wide relevance elsewhere in Africa and the developing world Quotable Quotes Of Mwalimu Julius K Nyerere C. Liundi,2011-12-29 President Julius Kambarge Nyerere was the first President of the United Republic of Tanzania and Founder of the Nation He came into power through the ballot a democratic process held in 1961 and remained in power for more than two decades Mwalimu Nyerere was a gifted and morally upright man He was a true son of Africa a PanAfricanist a nationalist charismatic orator steadfast thinker diplomat and above all a teacher He chose to be called simply Mwalimu Teacher Throughout his term of office he gave hundreds of speeches some were prepared in advance others given extemporaneously The Mwalimu Nyerere Foundation founded by Mwalimu Nyerere himself in 1996 has assembled and put his speeches and writings into books The Quotations in this book are only those picked from the books in Freedom Series and his University Lectures They are presented and arranged under the following themes Philosophy of life Equality of Man Colonialism Tanzanias Revolution Democracy Selfreliance Rural Development Nonalignment African Unity the United Nations Leadership and Education
