La cocina española Fernando Villaverde Landa, 2023-10-10. El enorme desarrollo de las cocinas españolas en las últimas décadas no puede ocultar la relativa carencia de fuentes de información sobre el acervo culinario español, especialmente si lo comparamos con otras tradiciones de nuestro entorno. Este libro aporta recursos muchos de ellos inéditos que nos permiten equiparar la tradición al actual destacado nivel de nuestra gastronomía. No estamos sin embargo ante una obra compilación de documentos sino ante el destilado de un proceso de selección, ordenación y comentario. Se revisan en primer lugar las fuentes directas es decir tratados y recetarios que proceden de las élites y que por tanto nada nos dicen de cómo y cuándo lo preparaban las clases medias y el pueblo. Esto incrementa la importancia de las fuentes secundarias también.

objeto de este libro Aquí destacan la gran literatura española y los testimonios de viajeros foráneos así como la siempre valiosa contribución de los medios de comunicación. Otras secciones se refieren a los protagonistas con más de 450 biografías a la actividad asociativa desde academias y cofradías hasta ferias, congresos y premios a las encendidas polémicas que han jalónado este largo recorrido y al idioma de la cocina más un exhaustivo glosario. Este libro único se completa con un singular diccionario de frases célebres de muy amena lectura. Se trata de una obra imprescindible no solo para los estudiosos de nuestra gastronomía sino también para los aficionados que ven la cocina como una manifestación de la cultura a los que proporciona unos conocimientos que les ayudarán a disfrutar de ella desde una posición mejor informada.
