Fighting in the Jim Crow Army Maggi M. Morehouse, 2006-12-28 *Fighting in the Jim Crow Army* is filled with first hand accounts of everyday life in 1940s America The soldiers of the 92nd and 93rd Infantry Divisions speak of segregation in the military and racial attitudes in army facilities stateside and abroad The individual battles of black soldiers reveal a compelling tale of discrimination

triumph resistance and camaraderie What emerges from the multitude of voices is a complex and powerful story of individuals who served their country and subsequently made demands to be recognized as full fledged citizens Morehouse whose father served in the 93rd Infantry Division has built a rich historical account around personal interviews and correspondence with soldiers National Archive documents and military archive materials Augmented with historical and recent photographs Fighting in the Jim Crow Army combines individual recollections with official histories to form a vivid picture of life in the segregated Army In the historiography of World War II very little has emerged from the perspective of the black foot soldier Morehouse allows the participants to tell the tale of the watershed event of their participation in World War II as well as the ongoing black freedom struggle

[The Black Soldiers Who Built the Alaska Highway](#) John Virtue, 2012-11-16 This is the first detailed account of the 5 000 black troops who were reluctantly sent north by the United States Army during World War II to help build the Alaska Highway and install the companion Canol pipeline Theirs were the first black regiments deployed outside the lower 48 states during the war The enlisted men most of them from the South faced racial discrimination from white officers were barred from entering any towns for fear they would procreate a mongrel race with local women and endured winter conditions they had never experienced before Despite this they won praise for their dedication and their work Congress in 2005 said that the wartime service of the four regiments covered here contributed to the eventual desegregation of the Armed Forces

African Americans in the United States Army in World War II Bryan D. Booker, 2024-10-17 The political economic and social landscapes of the United States in the early 1940s were split by one overriding factor race This book explores the ways this separation extended to the military forces and the impact segregation had on World War II Beginning with an overview of African Americans and the military from the inception of the United States and a brief history of the African American role in World War I the focus moves to between the wars movements such as the Protective Mobilization Plan promoting racial integration of the military The main focus is the African American role in World War II and the stigma that remained despite their valor Groups discussed include the Women s Army Corps tank destroyers separate infantry regiments such as the 24th 65th 364th 366th and 372nd and the 2nd cavalry Also included is a list of African American World War II veterans belatedly and mostly posthumously awarded medals of honor on January 13 1997

The African American Experience during World War II Neil A. Wynn, 2010-05-16 Drawing on more than thirty years of teaching and research Neil A Wynn combines narrative history and primary sources as he locates the World War II years within the long term struggle for African Americans equal rights It is now widely accepted that these years were crucial in the development of the emerging Civil Rights movement through the economic and social impact of the war as well as the military service itself Wynn examines the period within the broader context of the New Deal era of the 1930s and the Cold War of the 1950s concluding that the war years were neither simply a continuation of earlier developments nor a prelude to later change Rather this period was characterized by an intense transformation of black hopes

and expectations encouraged by real socio economic shifts and departures in federal policy Black self consciousness at a national level found powerful expression in new movements from the demand for equality in the military service to changes in the shop floor to the Double V campaign that linked the fight for democracy at home for the fight for democracy abroad As the nation played a new world role in the developing Cold War the tensions between America s stated beliefs and actual practices emphasized these issues and brought new forces into play More than a half century later this book presents a much needed up to date short and readable interpretation of existing scholarship Accessible to general and student readers it tells the story without jargon or theory while including the historiography and debate on particular issues **The Story of Black**

Americans Against the Bomb Vincent J Intondi,2023-05-25 A well researched succinct account of African American involvement in the crusade to contain the threat of atomic warfare Highly recommended CHOICE Well before Rev Dr Martin Luther King Jr spoke out against nuclear weapons African Americans were protesting the Bomb Historians have generally ignored African Americans when studying the anti nuclear movement yet they were some of the first citizens to protest Truman s decision to drop atomic bombs in Hiroshima and Nagasaki in 1945 Now for the first time African Americans Against the Bomb tells the compelling story of those black activists who fought for nuclear disarmament by connecting the nuclear issue with the fight for racial equality Intondi shows that from early on blacks in America saw the use of atomic bombs as a racial issue asking why such enormous resources were being spent building nuclear arms instead of being used to improve impoverished communities Black activists fears that race played a role in the decision to deploy atomic bombs only increased when the US threatened to use nuclear weapons in Korea in the 1950s and Vietnam a decade later For black

leftists in Popular Front groups the nuclear issue was connected to colonialism the US obtained uranium from the Belgian controlled Congo and the French tested their nuclear weapons in the Sahara By expanding traditional research in the history of the nuclear disarmament movement to look at black liberals clergy artists musicians and civil rights leaders Intondi reveals the links between the black freedom movement in America and issues of global peace From Langston Hughes through Lorraine Hansberry to President Obama African Americans Against the Bomb offers an eye opening account of the continuous involvement of African Americans who recognized that the rise of nuclear weapons was a threat to the civil rights of all people Praise for African Americans Against the Bomb Intondi s original research will shake the complacent assumption that the civil rights and anti nuclear movements could be segregated Intondi shows that ever since the Bomb first was dropped on people of color in 1945 African Americans have been in the forefront of the campaign to stop the deployment of nuclear weapons Brilliant Tom Hayden Director of the Peace and Justice Resource Center Dr King spoke of the need to fight against racism materialism and militarism and Intondi s stirring narrative effectively shows how nuclear disarmament was part of the broader struggle This is an important read for those who are interested in properly understanding the black freedom movement and U S foreign policy Benjamin Todd Jealous former President and CEO of the NAACP [The Crash of Ruin](#) Peter Schrijvers,2001-02 In the ruined Europe of World War II American soldiers on the frontline had no eye for breathtaking vistas or romantic settings The brutality of battle profoundly darkened the soldiers perceptions of the Old World Drawing on soldiers diaries letters poems and songs Peter Schrijvers offers a compelling account of the experiences of U S combat ground forces their struggles with the European terrain and seasons their confrontations with soldiers and their often startling encounters with civilians Schrijvers relays how the GIs became so desensitized and dehumanized that the sight of dead animals often evoked more compassion in them than enemy dead The Crash of Ruin concludes with a dramatic and moving account of the final Allied offensive into German held territory and the soldiers bearing witness to the ultimate symbol of Europe s descent into ruin the death camps of the Holocaust *The African American Soldier* Michael L. Lanning,2022-01-25 Military history s hidden figures are given their due in this revealing and moving exploration of the pivotal role of African Americans who risked their lives for their country even as they fought courageously to become full citizens A retired Lieutenant Colonel Michael Lee Lanning covers Black soldiers involvement in conflicts from the colonial days through more recent struggles of the 21st century From Bunker Hill to San Juan Heights from France s muddy trenches to the Persian Gulf s scorched sands African Americans have fought fiercely and bravely They have battled to overthrow British rule to preserve the union to safeguard their allies and to protect democracy Many have fought for freedom they would never see for themselves risking their lives for their country and for the right to become full citizens In this enlightening account Michael Lee Lanning explores African Americans crucial part in military history over two centuries beginning in the Revolutionary War and stretching to recent conflicts in Afghanistan and Iraq Exploring both notable

individual contributions and the role of Black regiments The African American Soldier pays tribute to the hidden sacrifices and unrelenting valor of those too long overlooked by history **Encyclopedia of Life Writing** Margaretta Jolly,2013-12-04 First published in 2001 This is the first substantial reference work in English on the various forms that constitute life writing As this term suggests the Encyclopedia explores not only autobiography and biography proper but also letters diaries memoirs family histories case histories and other ways in which individual lives have been recorded and structured It includes entries on genres and subgenres national and regional traditions from around the world and important autobiographical writers as well as articles on related areas such as oral history anthropology testimonies and the representation of life stories in non verbal art forms *Now the Hell Will Start* Brendan I. Koerner,2008-05-29 An epic saga of hubris cruelty and redemption Now the Hell Will Start tells the remarkable tale of the greatest manhunt of World War II Herman Perry besieged by the hardships of the Indo Burmese jungle and the racism meted out by his white commanding officers found solace in opium and marijuana But on one fateful day Perry shot his unarmed white lieutenant in the throes of an emotional collapse and fled into the jungle Brendan I Koerner spent nearly five years chasing Perry s ghost to the most remote corners of India and Burma Along the way he uncovered the forgotten story of the Ledo Road s GIs for whom Jim Crow was as powerful an enemy as the Japanese and for whom Herman Perry dubbed the jungle king became an unlikely folk hero **I Am a Man!** Steve Estes,2005 The civil rights movement was first and foremost a struggle for racial equality but questions of gender lay deeply embedded within this struggle Steve Estes explores key groups leaders and events in the movement to understand how activists used race a *Contested Valor* Cameron D. McCoy,2023-11-16 Contested Valor is a challenging examination of the use and status of black Marines in United States military service during the Cold War era These pioneering men experienced contested military integration as well as multiple forms of institutional and social opposition which called their humanity manhood and rights to full citizenship into question Efforts to undermine their service compromised their right to be counted among the elite and sidelined their story to the fringes of Marine Corps and U S history Cameron McCoy describes the factors and pressures leading to the racial turbulence that surfaced in the Marine Corps from the end of World War II through Vietnam and the measures taken by civilian and Marine officials to maintain and restore organizational integrity based on a foundation of white supremacy He examines the psychological effects of institutionalized racism on African American Marines during the Vietnam era and the emergence of a new generation of black men unwilling to submit to the traditions of a Jim Crow Marine Corps By exploring the realities American society constructed about black Marines this work calls attention to the diverse ways in which these men coped within a strict prejudiced organization and found greater purpose as U S Marines despite an embattled image Contested Valor weaves the experiences of black Americans in the armed forces into the larger tapestry of the American racist past and aptly captures the dilemmas triumphs and pitfalls that the first African American Marines encountered during the contentious eras of World

War II Korea and Vietnam McCoy explores the creation of organizational policies designed to minimize their footprint as U S Marines until the social experiment of military integration faded and illustrates the discriminatory practices that further delegitimized their wartime reputation McCoy demonstrates that black Marines absence from the historical record has been compounded by the negligence and oversight of past historians as the Marine Corps reckons with its racist past and its first black Marines **The African-American Soldier** Michael Lee Lanning,2004 In this moving and revealing account Michael Lee Lanning brings to life the battles in which African Americans fought so courageously to become full citizens by risking their lives for their country This updated edition includes analyses of African American soldiers involvement in recent U S conflicts including the wars in Afghanistan and Iraq **African Americans and the Pacific War, 1941-1945** Chris Dixon,2018-09-20 Dixon provides the first comprehensive study of African American military and social experiences during the Pacific War Army History ,1989
