

The background of the entire image is a fiery, orange and red sunset or explosion. In the upper right corner, there is a small, dark silhouette of a military aircraft. The main title 'A TARGET AMERICA' is prominently displayed in the upper half. Below it, the author's name 'Frederick W. Parkins' is written. In the lower right, the subtitle 'Terror at the 2002 Olympics' is written in a script font. On the left side, a soldier in full camouflage gear, including a helmet and gloves, is shown from the waist up, pointing his right hand directly at the viewer. The soldier's uniform is a mix of green, brown, and black patterns.

Target America Terror At The 2002 Olympics:

Target America Frederick W. Parkins,2000-12-11 LET THE GAMES BEGIN A chemical weapons storage compound in the remote Utah desert is raided and several mines containing the deadly Sarin nerve gas are stolen When a militia group releases the deadly chemicals at the 2002 Winter Olympics in Salt Lake City the world s only hope lies with an elite National Guard unit trained for such an event But when a clandestine biological laboratory is discovered in the Balkans and linked to the terrorists a world wide plague epidemic seems imminent

American History through American Sports Bob Batchelor,Danielle Sarver Coombs,2012-12-18 Filled with insightful analysis and compelling arguments this book considers the influence of sports on popular culture and spotlights the fascinating ways in which sports culture and American culture intersect This collection blends historical and popular culture perspectives in its analysis of the development of sports and sports figures throughout American history American History through American Sports From Colonial Lacrosse to Extreme Sports is unique in that it focuses on how each sport has transformed and influenced society at large demonstrating how sports and popular culture are intrinsically entwined and the ways they both reflect larger societal transformations The essays in the book are wide ranging covering topics of interest for sports fans who enjoy the NFL and NASCAR as well as those who like tennis and watching the Olympics Many topics feature information about specific sports icons and favorite heroes Additionally many of the topics treatments prompt engagement by purposely challenging the reader to either agree or disagree with the author s analysis

Terrorism and the Olympics Anthony Richards,Pete Fussey,Andrew Silke,2010-11-23 The book aims to outline the progress problems and challenges of delivering a safe and secure Olympics in the context of the contemporary serious and enduring terrorist threat The enormous media profile and symbolic significance of the Olympic Games the history of terrorists aiming to use such high profile events to advance their cause and Al Qaeda s aim to cause mass casualties all have major implications for the security of London 2012 Drawing on contributions from leading academics and practitioners in the field the book will assess the current terrorist threat particularly focusing on terrorist targeting and how the Olympics might feature in this before addressing particular response themes such as transport security the role of surveillance resilient designing of Olympic sites the role of private security and the challenge of inter agency coordination The book will conclude by providing an assessment of the legacy of Olympic security to date and will discuss the anticipated issues and dilemmas of the future This book will be of interest to students of terrorism studies security studies counter terrorism and sports studies

Soft Target Hardening Jennifer Hesterman,2018-12-07 The US government spends billions of dollars to secure strategic and tactical assets at home and abroad against enemy attack However as hard targets such as military installations and government buildings are further strengthened vulnerable soft targets are increasingly in the crosshairs of terrorists and violent criminals Attacks on crowded spaces such as churches schools malls transportation hubs and recreational venues result in more casualties and have a powerful effect on the psyche

of the populace Soft Target Hardening Protecting People from Attack Second Edition continues the national dialogue started by the first edition by providing case studies best practices and methodologies for identifying soft target vulnerabilities and reducing risk in the United States and beyond Soft target attacks steadily climbed in number and scale of violence since the first edition of this book New tactics emerged as terrorists continually hit the reset button with each attack In this volatile ever changing security environment plans to protect people and property must be fluid and adaptable Along with new hardening tactics such as the use of tactical deception to disguise conceal and divert the author has updated the text with new case studies to reflect and respond to the fast moving transformation in methods from more complex and organized forms of terror to simpler yet still devastating approaches This book is a must read for those who secure own and operate soft target facilities and for citizens who want to protect themselves and their families from attack Soft Target Hardening Second Edition was named the ASIS International Security Industry Book of the Year in 2019

The Olympic Games

Kristine Toohey,2007-11-08 This 2nd edition of a highly successful book published in 2000 provides a comprehensive critical analysis of the Olympic Games using a multi disciplinary social science approach This revised edition contains much new data relating to the Sydney 2000 Games and their aftermath and preparations for Athens 2004 and Beijing 2008 Games The book is broad ranging and independent in its coverage and includes the use of drugs sex testing accusations of power abuse among members of the IOC the Games as a stage for political protest media related controversies economic costs and benefits of the Games and historical conflicts between organizers and host communities

They Just Don't Get It Colonel David Hunt,2005-04-12 No more politics just the truth about what we can and must do to protect ourselves Fox News military analyst Colonel David Hunt has dedicated his career to fighting terrorism A twenty nine year U S Army veteran he has helped take out an active terrorist camp trained the FBI and Special Forces in counterterrorism tactics and served as security adviser to six different Olympic Games And Colonel Hunt is angry Why Because even after the terrorist attacks on our country and on Americans around the world the people charged with protecting us the politicians and the bureaucrats in military and intelligence still aren t getting the job done They Just Don t Get It provides a much needed wake up call to all Americans As politicians posture and pundits bicker we re losing sight of the fundamental problem We re still not equipped to win the War on Terror In fact the terrorist threat is far worse than we feared as made frighteningly clear by the fifty pages of documents published here for the first time including a shocking manual taken from the terrorists themselves But instead of just complaining Colonel Hunt tells us exactly what we must do without regard to political game playing to emerge victorious in the challenge that history has given us These are changes we can make at every level as individual citizens as a government and as a military power As he shows in this book while the government and our military lead the fight to protect us ordinary citizens can and must contribute They Just Don t Get It reveals What you can do to keep your family safe How many of the government s recent reforms are mere window dressing or worse counterproductive How we can fight this war

and still safeguard our civil liberties and the American way of life How to fix the intelligence disaster and yes the politicians in D C still haven t fixed it How we got into this mess in the first place it s mostly because our government let the problem fester for three decades Colonel Hunt is no cautious bureaucrat or finger pointer looking for political gain He is a straight shooter with deep insight into what s happening in the War on Terror on the ground and in the government They Just Don t Get It lays out in clear and compelling terms the steps we must take all of us to win the War on Terror and ensure our survival as a free proud and strong nation From They Just Don t Get It We re fighting a war for our very survival so we d better figure out how to win That s why I m writing this book to show us how we can win how we can protect ourselves As a Fox News military analyst I m paid to offer insight into how our armed forces are conducting the fight against our enemies But this book shows that to win the War on Terror we need to concern ourselves with more than just military tactics For one thing we need to look at what our political leaders are doing The sad truth is that they still don t get it Then there s intelligence You ve heard about our intelligence failures but I doubt you know how bad it really is even after the reforms I m going to tell you And another critical dimension to this story usually gets overlooked what you can do The fact is you can do a lot Hell you must do a lot A selection of American Compass **Psychology of Terrorism** Bruce Michael Bongar,2007

Claiming Belonging Emily Cury,2021-03-15 Claiming Belonging dives deep into the lives of Muslim American advocacy groups in the post 9 11 era asking how they form and function within their broader community in a world marked by Islamophobia Bias incidents against Muslim Americans reached unprecedented levels a few short years ago and many groups responded through action organizing on the national level to become increasingly visible engaged and assertive Emily Cury draws on more than four years of participant observation and interviews to examine how Muslim American organizations have sought to access and influence the public square and in so doing forge a political identity The result is an engaging and unique study showing that policy advocacy both foreign and domestic is best understood as a sphere where Muslim American identity is performed and negotiated Claiming Belonging offers ever timely insight into the place of Muslims in American political life and in the process sheds light on one of the fastest growing and most internally dynamic American minority groups

Run for the Border Steven W. Bender,2012-05-13 Mexico and the United States exist in a symbiotic relationship Mexico frequently provides the United States with cheap labor illegal goods and for criminal offenders a refuge from the law In turn the U S offers Mexican laborers the American dream the possibility of a better livelihood through hard work To supply each other s demands Americans and Mexicans have to cross their shared border from both sides Despite this relationship U S immigration reform debates tend to be security focused and center on the idea of menacing Mexicans heading north to steal abundant American resources Further Congress tends to approach reform unilaterally without engaging with Mexico or other feeder countries and disturbingly without acknowledging problematic southern crossings that Americans routinely make into Mexico In Run for the Border Steven W Bender offers a framework for a more comprehensive border policy through a historical analysis of border crossings both Mexico to U S and U S to Mexico In contrast to recent reform proposals this book urges reform as the product of negotiation and implementation by cross border accord reform that honors the shared economic and cultural legacy of the U S and Mexico Covering everything from the history of Anglo crossings into Mexico to escape law authorities to vice tourism and retirement in Mexico to today s focus on Mexican border crossing immigrants and drug traffickers Bender takes lessons from the past 150 years to argue for more explicit and

compassionate cross border cooperation Steeped in several disciplines Run for the Border is a blend of historical cultural and legal perspectives as well as those from literature and cinema that reflect Bender s cultural background and legal expertise
