Targeting Terror Counterterrorist Raids:

Targeting Terror Samuel M. Katz, 2005-01-01 Looks at counterterrorist operations that are designed to target individuals and prevent planned terrorist attacks Targeted Killings, Law and Counter-Terrorism Effectiveness Ophir Falk, 2020-06-01 This book examines the permissibility and effectiveness of targeted killing in campaigns against terror Targeted killing has become a primary counterterrorism measure used by several countries in their confrontation with lethal threats The practice has been extensively used by the US in Afghanistan Iraq Pakistan Yemen and Somalia and by Israel in the West Bank and Gaza Several studies have already explored the difficult balance between achieving security while maintaining the liberties and rights of a country's civilians This book goes a step further by seeking to examine whether maintaining those liberties by complying with legal standards and minimizing unintended deaths can be more effective for national security Using targeted killing applied by Israel in particular as well as the United States during the first decade of the twenty first century as case studies this book explores that question and ultimately assesses whether compliance with legal standards can strengthen a state in its campaign against terrorism and thus provide stronger security The book focuses on civilian related criteria hypothesizing that minimizing civilian casualties will maximize effectiveness in an asymmetric war setting The conclusions are not limited to a specific tactic or theater and if adopted might have far reaching implications for how asymmetric warfare is strategized This book will be of much interest to students of counter terrorism law Middle Eastern studies and security studies Suicide Bombers Baker, 2005-08-01 Explains Suicide Bombers How They Commit The Ultimate Sacrifice For Their Own Religious Beliefs And What Could Be Done To Stop Them *The Counter-terrorism Puzzle* Abraham Kaplan, 2017-07-12 The expansion and escalation of global terrorism has left populations across the world and decision makers responsible for contending with it unprepared This book now in paperback is the first attempt of its kind to create a manual of counter terrorism measures on all the relevant operational levels The author's main purpose is to give decision makers the tools to make rational and effective decisions in both preventing and countering terrorism The need to contend with terrorism can be found in almost every sphere of life security prevention and suppression of terrorism legal and ethical dilemmas regarding democratic issues such as the individual's human rights intelligence interrogations the right of the public to know as well as coping with social psychological and media related issues **Terrorism and Counterterrorism** Carl Wellman, 2013-01-17 This book presents a definition of terrorism that is broad and descriptive and much needed to prevent misunderstanding The book identifies the features that make terrorism wrong including coerciveness the violation of rights and undermining of trust Next it evaluates reasons given for terrorism such as the protection of human rights and the liberation of oppressed groups as not normally justified Following this the book identifies and evaluates international responses to terrorism taking into account General Assembly and Security Council resolutions United Nations conventions and criminalization in international law It also looks at national responses which often take the

shape of surveillance detention interrogation trials targeted killings intrusion and invasion Finally the book discusses how if at all the moral norms of personal morality apply to the actions of nation states *Hostile Intent and Counter-Terrorism*

Glyn Lawson,Alex Stedmon,2017-09-18 This volume presents world leading ideas and research that explores some of the most prominent topics relevant to detecting terrorism The book is divided into six key themes conceptualising terrorism deception and decision making social and cultural factors in terrorism modelling hostile intent strategies for counter terrorism and future directions Twenty two chapters cover the spectrum of detecting terrorist activities hostile intent crowded public spaces and suspicious behaviour The work draws from high impact research findings and presents case studies to help communicate concepts Specific areas of interest include methodological issues in counter terrorism counter terrorism policy and its impact on end users novel research methods and innovative technologies in counter terrorism A variety of disciplines are represented by this work including ergonomics human factors psychology criminology cognitive science sociology political theory art design engineering and computer science This book not only expands the knowledge base of the subject area and is therefore of prime relevance to researchers investigating counter terrorism but provides a valuable resource to security stakeholders at policy and practitioner levels *Terrorism and Counterterrorism* Brigitte L

Nacos,2016-03-30 Focusing on the phenomenon of terrorism in the age of ISIS ISIL Terrorism and Counterterrorism investigates this form of political violence in an international and American context and in light of new and historical trends In this comprehensive and highly readable text renowned expert Brigitte Nacos clearly defines terrorism s diverse causes actors and strategies outlines anti and counter terrorist responses and highlights terrorism s relationship with the public and media Terrorism and Counterterrorism introduces students to the field s main debates and helps them critically assess our understanding of and our strategies for addressing this complex and enduring issue New to the 5th Edition Covers important terrorist developments since 2012 including the death of Osama bin Laden the rise of ISIS the proliferation of home grown jihadism including the Boston Marathon bombing and the revelations of Edward Snowden and the NSA Refines the treatment of important issues including justifiable or legitimate terror waves of terror and state sponsored terror among others Amplifies the coverage of media and terrorism including e terrorism the role of social media in recruitment propaganda by deed and other cutting edge topics **Criminal Justice Ethics** Cyndi Banks,2018-12-31 Criminal Justice Ethics examines the criminal justice system through an ethical lens by identifying ethical issues in practice and theory exploring ethical dilemmas and offering suggestions for resolving ethical issues and dilemmas faced by criminal justice professionals Bestselling author Cyndi Banks draws readers into a unique discussion of ethical issues by first exploring moral dilemmas faced by professionals in the criminal justice system and then examining the major theoretical foundations of ethics This distinct and unique organization allows readers to understand real life ethical issues before grappling with philosophical approaches to the resolution of these issues **Terrorism and Counterterrorism in Canada** Jez Littlewood,Lorne L.

Dawson, Sara K. Thompson, 2020-02-10 *Terrorism and Counterterrorism in Canada* analyses the nature and scope of the terrorist threat the challenge of Canadian foreign fighters and far right extremism key counterterrorism policies and practices and their consequences for Canadian society

Targeting Terrorists Professor Avery Plaw, 2013-03-28 *Targeting Terrorists* A License to Kill examines the political history and ethics of targeted killing Avery Plaw's analysis addresses the questions of moral political and legal justification in the context of the current war on terror and of legitimate illegitimate forms of counter terrorism more generally Given the increasing number of terrorist targetings conducted around the world today and the virtual absence of a sustained public and scholarly debate over the practice this study makes a crucial contribution to the examination of an increasingly important and troubling subject Incorporating insights and arguments from a range of disciplines and approaches and offering an excellent balance between theory and case studies this book is highly relevant for courses on ethics politics international relations and international law

Terrorism and U.S. Foreign Policy Paul R. Pillar, 2001-01-01 In this critical study a career CIA officer provides a guide to constructing and executing counter terrorist policy urging that it be formulated as an integral part of broader US foreign policy

The Politics of Terror Erica Chenoweth, Pauline L. Moore, 2018 Bringing together both classic and contemporary research *The Politics of Terror* provides a systematic introduction to the theory politics and practice of terrorism The text is framed around a set of empirical theoretical and methodological puzzles that arise in the study of terrorism challenging students to think critically about key issues in the field

President Obama's Counterterrorism Strategy in the War on Terror Leonard Cutler, 2017-07-10 This book assesses President Barack Obama's counterterrorism policy as it evolved throughout his presidency from the expanded use of drones to the controversial decisions regarding the Syrian conflict President Obama has achieved the dubious distinction of having been the longest continuous war president in American history and this title explores how Obama pursued and expanded executive war power in key areas simultaneously committing to a light footprint approach for U S military forces and emphasizing the use of drones targeted killing of terrorists and training advising and assisting local forces to defend themselves from militant groups such as ISIL It also provides an in depth analysis of the defining issue of the Obama counterterrorism strategy Syria and his refusal to militarily commit to defeat Bashar al Assad and support Syria's insurgency The work concludes with a consideration of counterterrorism policy post Obama

Handbook of Terrorism and Counter Terrorism Post 9/11 David Martin Jones, Paul Schulte, Carl Ungerer, M.L.R. Smith, 2019-12-27 Almost two decades after the events of 9 11 this Handbook offers a comprehensive insight into the evolution and development of terrorism and insurgency since then Gathering contributions from a broad range of perspectives it both identifies new technological developments in terrorism and insurgency and addresses the distinct state responses to the threat of political or religiously motivated violence not only in the Middle East and Europe but also in Africa South and Southeast Asia and North and South America

Counter-Terrorism for Emergency Responders Robert A. Burke, 2017-10-31 Using the authors many years of

experience in emergency services and his skills as a hazardous materials consultant prepares the first responder to handle everything from re establishing control and on scene triage to investigating the crime Including information on pre incident and avoidance tactics the author also discusses monitoring and detection techniques protective equipment and decontamination and an extensive list of resource organizations and training opportunities This up to date 3rd edition is written to provide concise information for emergency responders who might be called upon to confront explosive chemical nuclear biological or incendiary acts of terrorism

Armed groups: Studies in National Security, Counterterrorism, and Counterinsurgency Jeffrey H. Norwitz, 2008 Discussion of armed groups which are considered to include classic insurgents terrorists guerrillas militias police agencies criminal organizations war lords privatized military organizations mercenaries pirates drug cartels apocalyptic religious extremists orchestrated rioters and mobs and tribal factions To study armed groups use of history political science anthropology sociology theology and economics are traditional areas of research The book also delves into matters of ethics technology intelligence education the law diplomacy military science and even mythology The book is divided into five sections History and armed groups Present context and environment Religion and inspiration thinking differently about armed groups the shape of things to come

Maritime Security: Counter-Terrorism Lessons from Maritime Piracy and Narcotics Interdiction Edward R. Lucas, Samuel Rivera-Paez, Thomas Crosbie, Felix Falck Jensen, 2020-08-15 It can be easy to forget the critical role that maritime transport plays in the global economy but international maritime transportation is still responsible for around 90% of global trade Protecting the maritime infrastructure essential for this trade from terrorism is a major concern for the international community This book originates from the NATO Advanced Research Workshop ARW Counter Terrorism Lessons from Maritime Piracy and Narcotics Interdiction held in Copenhagen Denmark in May 2019 Participants in the three day workshop included policymakers senior military officers and academics from NATO member states international organizations and two partner nations Colombia and Israel Their extensive discussions focused on methods for protecting critical maritime infrastructure such as ports supplies and personnel from seaborne terrorist attacks Presentations and roundtables also addressed the human and social factors that contribute to the defense against terrorism in the maritime domain The book is divided into three sections organized crime and narcotrafficking maritime piracy and terrorism and aims to bridge the gaps between these three substantive areas of maritime security research These have remained largely separate areas of research in the past with the result that valuable maritime security lessons from counter piracy and counter narcotics operations have not been fully incorporated into counter terrorism best practice The book facilitates the transmission of lessons learned from counter piracy and counter narcotic operations to formulate recommendations for best practice and technological innovations to manage maritime terrorism and will be of interest to all those working in the field

The Aviation Fire Officer Reference Eric J. Russell, The Aviation Fire Officer Reference by Eric J Russell equips current and aspiring ARFF officers with leadership strategies

hazard response tactics and guidance aligned with FAA NFPA ICAO and DoD standards

Counter-Terrorism and

International Law Katja L.H. Samuel, 2017-03-02 The articles and essays in this volume consider the problem of international terrorism from an international legal perspective The articles address a range of issues starting with the dilemma of how to reach agreement on what constitutes terrorism and how to encapsulate this in a legitimate definition The essays move on to examine the varied responses to terrorism by states and international organisations These responses range from the suppression conventions of the Cold War which were directed at criminalising and punishing various manifestations of terrorism to more coercive executive led responses Finally the articles consider the role of the Security Council in developing legal regimes to combat terrorism for example by the use of targeted sanctions or by general legislative measures An evaluation of the contribution of the sum of these measures to the goals of peace and security as embodied in the UN Charter is central to this collection

Routledge Handbook of Terrorism and Counterterrorism

Andrew Silke, 2018-09-03 This new Handbook provides a comprehensive state of the art overview of current knowledge and debates on terrorism and counterterrorism as well as providing a benchmark for future research The attacks of 9 11 and the global war on terror and its various legacies have dominated international politics in the opening decades of the 21st century In response to the dramatic rise of terrorism within the public eye and the academic world the need for an accessible and comprehensive overview of these controversial issues remains profound The Routledge Handbook of Terrorism and Counterterrorism seeks to fulfil this need The volume is divided into two key parts Part I Terrorism This section provides an overview of terrorism covering the history of terrorism its causes and characteristics major tactics and strategies major trends and critical contemporary issues such as radicalisation and cyber terrorism It concludes with a series of detailed case studies including the IRA Hamas and Islamic State Part II Counterterrorism This part draws on the main themes and critical issues surrounding counterterrorism It covers the major strategies and policies key events and trends and the impact and effectiveness of different approaches This section also concludes with a series of case studies focused on major counterterrorism campaigns This book will be of great interest to all students of terrorism and counterterrorism political violence counter insurgency criminology war and conflict studies security studies and IR more generally
