Fault Lines in Global Jihad Assaf Moghadam, Brian Fishman, 2011-05-10 This book deals with the causes nature and impact of the divisions within the jihadi movement and the splits between jihadis and other Islamic groups Fault Lines in Global Jihad offers a systematic and comprehensive examination of the broad range of divisions that contribute to the weakening of the jihadi movement It separates these divisions into two broad categories namely fissures dividing jihadis themselves and divisions separating jihadis from other Muslim and Islamist groups The first part of the book covers intra jihadi divisions highlighting tensions and divisions over strategic tactical and organizational issues The second part of the book addresses several important case studies of jihadi altercations with other Muslim and

Islamist groups of non jihadi persuasion such as the Muslim Brotherhood Hamas and the Shii community More than simply an enumeration of problems and cracks within al Qaeda and its cohorts this book addresses critical policy issues of relevance to the broader struggle against the global jihadi movement The editors conclude that these divisions have and continue to weaken al Qaeda but neither in an automatic nor in an exclusive fashion for these divisions render the global jihadi movement simultaneously vulnerable and more resilient This book will be of much interest to students of jihadism terrorism and political violence Islamism security studies and IR in general The Power Triangle Hazem Kandil, 2016 Iran Egypt and Turkey all experienced remarkably similar coup installed regimes in the middle of the twentieth century and shared comparable state building ambitions Despite these similarities each followed a different trajectory Iran became an absolutist monarchy that was overthrown from below Turkey evolved into a limited democracy and Egypt metamorphosed into a police state What accounts for this divergence In The Power Triangle Hazem Kandil attributes the different outcomes to the power struggle between the political military and security components of each regime Following a coup officers immediately divide their labor one group runs government another supervises the military and the third handles security Their interests initially overlap but begin to vary as each group becomes identified with its own institution The politicians wish to remain in power indefinitely but need the support of the custodians of violence military officers prefer to withdraw from politics after implementing the needed reforms since their prerogatives are usually guaranteed regardless of regime type and politicization corrupts the corps and security men strive to consolidate authoritarianism in order to maintain the inflated privileges they have acquired during the emergency period following the coup Driven by conflicting agendas the three partners struggle to control the regime Through comparative historical analysis Kandil demonstrates that the new regime is shaped and reshaped through the recurrent clashes and changing alliances between the team of rivals in this power triangle Bringing realism into domestic politics The Power Triangle demonstrates that we cannot gain a clear understanding of pivotal events in Iran Egypt and Turkey without a firm grasp of the balance of power within the ruling bloc of each country

The Islamic Resistance Movement (Hamas): Studies of Thoughts & Experience Dr. Mohsen M. Saleh, Dr. 'Adnan Abu 'Amer, Prof. Ahmad Sa'id Nofal, Dr. Hafez al-Karmi, Mr. Belal M. Shobaki, Prof. Dr. Ishtiaq Hossain, Mr. Isma'il Haniyyah, Mr. Khalid Mish'al, Dr. Musa Abu Marzuq, Prof. Mustafa Abu Sway, Dr. Raid M. H. Nairat, Mr. Sameeh Hammoudeh, Mr. Sami N. Khater, Prof. Dr. Talal 'Atrissi, Mr. Usamah Hamdan, Mr. Yousef Abu Alswood, Prof. Yusuf Rizqa, 2017-08-15 Al Zaytouna Centre for Studies and Consultations in Beirut has launched the English version of the book The Islamic Resistance Movement Hamas Studies of Thought and Experience which was co written by a group of professors specializing in the Palestinian issue and five senior Hamas leaders The 704 page book is edited by Dr Mohsen Saleh The book examines Hamas's vision and experience in all its aspects The work sticks to two main commitments First adherence to academic research methods and the accuracy objectivity and extensive documentation necessary to them The second is the

attempt to present Hamas as it really is whether by the contributions of specialized researches who are well informed of Hamas and its experience or by the contributions of Hamas leaders who have addressed a number of issues and presented a more comprehensive picture of the Movement Particularly so when the available literature is insufficient to clarify all the issues being researched especially for Western audiences interested in understanding the Palestinian issue of which Hamas has become a key component in the past decade The book falls in two parts The first is a collection of eleven studies on Hamas and its experience in which chapter one presents an overview of the movement experience and history It discusses the background and inception and considers Hamas a continuation of the work of the Muslim Brothers MB movement that began in the form of popular advocacy through a network of branches and offices beginning in 1945 Interestingly this chapter examines events that reflect the extent of the MB movement s participation in armed resistance as well as preaching activities in addition to their links to the establishment of the Fatah movement which was co founded by MB figures This chapter digs deeper in to the stages that Hamas underwent especially between 1987 and 2005 The second chapter gives the reader the chance to examine Hamas s political vision addressing the wellsprings of Hamas s political ideology its approach to religion and state law and constitution and its views on nationalism secularism and democracy Finally it addresses the rights of minorities in Hamas s political thought The chapter contains a plethora of answers to questions usually raised by those interested to learn about Hamas s ideas bearing in mind that it is difficult to find material that expresses Hamas s intellectual frameworks in such a comprehensive manner except through some of the interviews which still are no match for the topics covered by the book In the third chapter we delve into Hamas conceptualization of the other meaning Hamas s view of Israel Judaism Jews Zionism and Zionists which is the basis for understanding the background and future of the conflict The book in the fourth and fifth chapters continues to analyze the relationship between Hamas and the Palestine Liberation Organization PLO and its factions and Hamas s position on Islamic Palestinian movements including the Sufis and Salafis Hizb ut Tahrir and the Islamic Jihad Movement in Palestine PIJ explaining the convergences and divergences with these factions This is based on analyzing both Hamas s theoretical framework and policies drawing from primary sources The sixth chapter highlights an important issue namely the peace process Naturally readers will wonder how Hamas s actions and visions approach the peace process In this chapter the author examines the stages of evolution of Hamas s political position on the peace process whether through the movement s theoretical and intellectual frameworks or its practices on the ground The seventh chapter tackles in detail Hamas s vision for political and social reform in Palestine based on the set of principles the group has committed itself to including its insistence on political freedom for all and the rights of the Palestinian people Hamas s political reform project is not confined to internal Palestinian matters but also cover foreign relations especially with Arab and Muslim countries In addition Hamas s social reform platform focuses on combatting poverty as the entry point for comprehensive development and reform The eighth and ninth chapters overview at length

Hamas's Arab and Islamic relations by analyzing the determinants objectives and dimensions of Hamas's relations and explaining its position towards the Arab Spring. They also examine Hamas's relations with Turkey and Iran and their evolution. The tenth chapter deals with Hamas's experience in government following the 2006 legislative elections. This chapter explores the defects within the Palestinian political system in order to determine the environment and challenges that Hamas faced. Finally, it assesses Hamas performance in governance in the period 2006-2012. The eleventh chapter concludes the first part of the book by reviewing Western academic literature on Hamas with a view to answer the following fundamental question: To what extent have these studies succeeded in understanding the true nature of Hamas? The second part of the book includes contributions by five senior Hamas leaders attempting to answer a miscellany of questions regarding different issues appertaining to the Movement. These include a study by Khalid Mish'al, head of Hamas Political Bureau, which is entitled 'Hamas Milestones in Thought and Experience'. A second study entitled 'Hamas: A Reading in the Vision and Governance Experience' is contributed by Isma'il Haniyyah, the new Hamas politburo chief and prime minister of Hamas's caretaker government. It also includes a contribution by Musa Abu Marzuq, senior Hamas leader and former politburo chief, titled 'Hamas Assessment of the Experience' and a contribution by Usamah Hamdan on 'Hamas International Relations'. The section also includes a paper prepared by Sami Khater, Hamas politburo member, regarding 'Hamas's Vision for Managing the Conflict with the Zionist Enemy'. The book includes an appendix of major documents related to Hamas and its experience since the issuance of its charter in 1987 until the memorandum of enforcement of the Palestinian reconciliation agreement between Fatah and Hamas, the Al Shati Agreement in 2014, besides key political documents issued in the intervening period.

Jihad in Palestine Shaul Bartal, 2015-07-24. The 21st century exists in the shadow of the return of extremist Islam to the center of the world's political stage, a process that began at the end of the previous century. While researchers have focused on the rise of Hamas, this return has in fact manifested itself in a range of independent Islamic extremist groups with their own philosophies. *Jihad in Palestine* provides a comprehensive study of the variety of Islamic extremist groups operating inside Israel/Palestine today, examining their philosophies and views concerning martyrdom as well as their attitudes to the Israeli-Palestinian conflict. These ideologies are presented in their own words, thanks to the author's extensive translations and commentary of primary sources in Arabic, including the writings of the Islamic Jihad al-Jama' al-Islamiya, Hizbal Tahrir al-Islami, Hamas, and the Islamic Movement. The book studies the attitudes of these organisations towards the fundamental issues surrounding Jihad, including the concept of personal obligation, the relationship of the movement to the peace agreements, and attitudes towards Jews expressed in the movement's writings. Exploring the basic theories of sacrifice and analysing modern-day Palestinian society, it promotes a greater understanding of the religious

angle of the Israeli Palestinian conflict The book will be of interest to students and scholars of Middle East Studies Jewish Studies Political Islam and Terrorism Political Violence
