Italy in the 15th century and introduced into southern France when the French conquered Milan and the Piedmont in 1499 The antecedents of the Tarot de Marseille would then have been introduced into southern France at around that time The XIII card is generally left unlabelled in the various old and modern versions of the Tarot de Marseille The Fool is unnumbered as it is viewed as separate and additional to the other twenty one numbered trumps The use of obviously Christian traditional images such as the Pope the Devil the Grim Reaper and the Last Judgement and indeed controversial images such as La Papesse have spawned controversies from the Renaissance to the present because of its portrayal of a female pope There is no solid historical evidence of a female pope but this card may be based around the mythical Pope Joan [mannwilliam.com](http://mannwilliam.com)

The Way of Tarot Alejandro Jodorowsky,Marianne Costa,2009-11-17 Filmmaker Alejandro Jodorowsky's insights into the Tarot as a spiritual path Works with the original Marseille Tarot to reveal the roots of Western wisdom Provides the key to the symbolic language of the

Tarot's nomadic cathedral Transforms a simple divination tool into a vehicle for self realization and healing Alejandro Jodorowsky's profound study of the Tarot which began in the early 1950s reveals it to be far more than a simple divination device The Tarot is first and foremost a powerful instrument of self knowledge and a representation of the structure of the soul

The Way of Tarot shows that the entire deck is structured like a temple or a mandala which is both an image of the world and a representation of the divine The authors use the sacred art of the original Marseille Tarot created during a time of religious tolerance in the 11th century to reconnect with the roots of the Tarot's Western esoteric wisdom They explain that the Tarot is a nomadic cathedral whose parts the 78 cards or arcana should always be viewed with an awareness of the whole structure This understanding is essential to fully grasp the Tarot's hermetic symbolism The authors explore the secret associations behind the hierarchy of the cards and the correspondences between the suits and energies within human beings

Each description of the Major Arcana includes key word summaries symbolic meanings traditional interpretations and a section where the card speaks for itself Jodorowsky and Costa then take the art of reading the Tarot to a depth never before possible Using their work with Tarology a new psychological approach that uses the symbolism and optical language of the

Tarot to create a mirror image of the personality they offer a powerful tool for self realization creativity and healing

**The Esoteric Tarot** Ronald Decker,2013-07-09 That the Tarot originated in ancient Egypt as a divinatory tool is a romantic misconception Ron Decker's meticulous scholarship will surprise practitioners and academics alike revealing the Tarot's true evolution and meanings as its inventor's understood it The Tarot consists of the Minor Arcana four suits of cards similar to

our modern deck and the Major Arcana twenty two allegorical or trump cards Decker says the four suit deck was invented in Asia Minor before AD 1000 Italian courtiers added the trumps in the 1400s But Tarot was first used as a game Tarot divination was only created in the 1700s by a Parisian fortuneteller who based the trump images on Hermeticism which merges Greco Egyptian alchemy astrology numerology magic and mysticism Today the suit cards are often traced to the ancient Jewish Cabala But says Decker they too acquired their meanings only in the 1700s and he cites a lost numerical system based on Cabala at that time Decker s interpretation integrates three whole systems astrological arithmological mystagogical concerning initiation rites into the Mysteries His depth of knowledge makes the book a must have for serious students of Tarot and esotericism

**The History of the Occult Tarot** Ronald Decker,Michael Dummett,2013-07-18

An essential volume for the libraries of all serious students of the Tarot When the Tarot was invented in Italy during the early fifteenth century it was simply a pack of cards used for playing games Esoteric interpretations of the pack date from late eighteenth century France and were confined to that country for a hundred years But today the cards are used throughout the world and not only for fortune telling for true believers they are the key to secret knowledge and the meaning of life A History of the Occult Tarot is the classic work on the history of the Tarot deck and its use in occult circles Starting with the late nineteenth century the Decker and Dummett examine how the Tarot became the favoured divination tool of occultists a bridge to the spirit world and a map of the unconscious From Theosophical to Aleister Crowley to the Order of the Golden Dawn and P D Ouspensky this compelling survey of the Tarot s history describes the many fascinating decks imagined over time as well as the secret histories of mystics
