## **Tarot Secrets Of S:**

Advanced Tarot Secrets Dusty White, 2013-08-06 Here's how to get 3 to 5 times more information from each spread you cast right now. Ask better questions, do all of your pre-spread work and verify the accuracy of your spread before you start making any predictions. Advanced Tarot Secrets illustrates step by step how to do all of this. You are about to learn how to spot patterns in spreads, find spreads hiding in the spreads you already use and how cards interact with each other. This book reveals the advanced spread techniques and trade secrets used every day by the top psychics in the world. It is a how-to-do-it handbook for the professional who charges 100 to 1 000 an hour to wealthy clients who expect results. These skills are essential if you are going to read for celebrity or corporate or government clients. Improve your accuracy and strengthen your intuition by practicing the 11 new exercises and playing the 6 new games detailed in this book. You will learn how to find lost items and missing people with the Tarot. Manifest practically anything you desire out of thin air using your cards. Read the distant past and future great for solving mysteries and crimes. Solve problems and brainstorm with the Tarot. Overcome writer's block and master storytelling in the section specifically for authors. The Tarot is not a parlor game. In the hands of a master, it is a research tool used to read the future and rewrite the events to be. This book is the official textbook for the House of White mystery school and it will take your readings to a level of mastery that puts you head and shoulders above most Tarot readers you will ever meet. There is no guesswork involved with the Tarot or this book. There are time-tested techniques that work and it is time that you learn and use them. Advanced Tarot Secrets picks up from where The Easiest Way to Learn the Tarot Ever left off. You build on the knowledge you already have to deepen your bond with your cards and make them reveal layers of information from the same exact spreads you are using right now. We start you off by learning and doing new exercises all designed to strengthen your intuition. These simulate the exact methods you use in real-life readings and make you infinitely more comfortable reading for other people. Next, we introduce you to 6 new games that teach you how to see the various layers of meaning each card offers and how cards interact in a spread. These games help you understand how the Tarot reflects the intricacies of daily life. In a simple ten-card spread, you can see more details than three other people reading the same spread. Next come advanced spread basics and advanced spread techniques. Here you apply everything you learn in the exercises and games. Quick and easy ways to clear your deck between clients useful at parties or working psychic fairs and hotlines. Why every spread needs a protagonist. How to instantly verify the accuracy of your spread. No more bad readings ever. How to modify your favorite spread to meet your needs for each reading. Hidden spreads, spread patterns and themes. The four passes through a spread every reading should have. When to use clarification or expansion cards. How to read cards face down and why. How to give accurate no-spread readings. And several other advanced techniques. Once you understand all of these things, you can dowse with the Tarot, work on archaeological expeditions, work for treasure hunters, work with stock analysts to predict economic trends, remote view, we don't call it spying, solve any problem.

**The Secret Teachings of All Ages** Manly Palmer Hall, 2020-09-28 NUMEROUS volumes have been written as commentaries upon the secret systems of philosophy existing in the ancient world but the ageless truths of life like many of the earth s greatest thinkers have usually been clothed in shabby garments The present work is an attempt to supply a tome worthy of those seers and sages whose thoughts are the substance of its pages To bring about this coalescence of Beauty and Truth has proved most costly but I believe that the result will produce an effect upon the mind of the reader which will more than justify the expenditure Work upon the text of this volume was begun the first day of January 1926 and has continued almost uninterruptedly for over two years The greater part of the research work however was carried on prior to the writing of the manuscript The collection of reference material was begun in 1921 and three years later the plans for the book took definite form For the sake of clarity all footnotes were eliminated the various quotations and references to other authors being embodied in the text in their logical order The bibliography is appended primarily to assist those interested in selecting for future study the most authoritative and important items dealing with philosophy and symbolism To make readily accessible the abstruse information contained in the book an elaborate topical cross index is included I make no claim for either the infallibility or the originality of any statement herein contained I have studied the fragmentary writings of the ancients sufficiently to realize that dogmatic utterances concerning their tenets are worse than foolhardy Traditionalism is the curse of modern

philosophy particularly that of the European schools While many of the statements contained in this treatise may appear at first wildly fantastic I have sincerely endeavored to refrain from haphazard metaphysical speculation presenting the material as far as possible in the spirit rather than the letter of the original authors By assuming responsibility only for the mistakes which may appear herein I hope to escape the accusation of plagiarism which has been directed against nearly every writer on the subject of mystical philosophy Having no particular ism of my own to promulgate I have not attempted to twist the original writings to substantiate preconceived notions nor have I distorted doctrines in any effort to reconcile the irreconcilable differences present in the various systems of religio philosophic thought The entire theory of the book is diametrically opposed to the modern method of thinking for it is concerned with subjects openly ridiculed by the sophists of the twentieth century Its true purpose is to introduce the mind of the reader to a hypothesis of living wholly beyond the pale of materialistic theology philosophy or science The mass of abstruse material between its covers is not susceptible to perfect organization but so far as possible related topics have been grouped together

**The Secret and Technique of the Healing Touch** Maximillien De Lafayette,2015-08-05 The Secret and Technique of the Healing Touch Published by Times Square Press New York

Baaniradu is the Anunnaki Ulema term for the healing touch technique. It was first used by the priests of Melkart in ancient Phoenicia, Ugarit, and Arwad. It is extremely important to bear in mind that this technique does not in any shape or form replace any scientific and medical treatments. Baaniradu has not been fully explored and used in the West. It was at Ugarit that the early remnants of the Anunnaki developed the Mahrit Mahrit, which was originally found in Arwad. The Mahrit was a primordial element of the Phoenician esoteric healing process. Many Ugaritic tablets served as the primordial inspiration for the scribes who wrote the Bible. Several deities from Ugarit were retransformed and renamed as Jewish deities, and later on, Jehovah's attributes were modeled after the characteristics and attributes of El and Baal.

The Secret Of Happiness Dr. Jas Mand, The Mystery of Water Johanna Blomqvist, 2024-10-31. FIND OUT THE ANSWERS TO THESE QUESTIONS AND MORE: How can a jellyfish, which is almost entirely water and has neither a heart nor a brain, be a living and consciously responsive being? What kind of water is best for our well-being? Why is cold water swimming so good for us? Can water be influenced by thoughts and emotions? Does water remember? What do we really know about water? Could solving the mystery of water also help us understand ourselves? In an unprecedented way, Johanna Blomqvist dives into the mystery of water in her book, approaching water through science, physics, and the latest research, as well as from an experiential perspective. What follows is not only an interesting journey into the history and essence of water but also a highly personal dive into the various ways water influences us during our lifetimes and even through generations. Water is a simple molecule, yet we do not fully understand it. It has many strange and exceptional properties that have yet to be explained. Even the structure of water has yielded surprising results in recent studies. It appears there might be two types of water. The structure of water can begin to mimic the molecules with which it has been in contact, bringing about their effects. Even emotions seem to have a connection to water. Water increasingly appears as a state of being between the material and immaterial worlds. Water is a mystery that we need to solve to understand ourselves; after all, we are over 70% water. Water symbolizes vitality, renewal, creativity, and change. Water is fundamental and sacred. Water is the beginning and the end, from it we are born, and often it has also been the fate of our civilizations in the form of a flood or other upheaval. I feel that water is now my teacher, and my task is to discover who I really am, and what my deepest essence is. Looking deeply is also a form of surrender. When one dares to surrender and let go, a path unfolds, becoming increasingly clear.

The Mystery of Water makes you see water in a new way. You will find a new connection to water, to our deepest essence. Water may contain fundamental answers to our life, existence, and also our future.
