D.,2012 We are at the threshold of a transitional period from the Age of Pisces to the Age of Aquarius What should we expect from this coming New Era What are its signs What is the fate of human spirituality What will the new concepts of God and of religion be This book attempts to answer these questions based on well researched sources complemented and endorsed by cosmology archeology psychology religion Near East studies and mythology among other scientific disciplines The book also intends to clarify the confusion created by some Protestant religious leaders and sensationalistic writers who have misinterpreted the signs of the transitional period as the end of the world The truth is that we are witnessing a shift of ages that is the slow evolution from the Piscean Era to the commencing of a new worldwide social order a new chapter in human history called the Aquarian dispensation The huge conspiracy propounded by false prophets and some New Age writers whether overtly or covertly feeds the fear and anxiety of ordinary people with unfounded apocalyptic propaganda This book attempts to give the reader an accurate perspective regarding the planetary transformations that are taking place it offers hope and inspiration as we approach the Golden Age

*Passages* Peter Karsten,2024-09-13 *Passages* is a continuous thought process known as spontaneous writing with no real direction other than what may come out of the author s mind      *The Crystal Religion and Liberal Socialism* Rémi Richer,2022-01-25 It has become common to talk about the New World or the New Age But what is it really about What can this New Age consist of This book is the first stone in the vast edifice that will constitute the New Age proposing two fundamental structures to any new civilization its religion and its economic paradigm      Stone Age Divas Gloria Bertonis,2010-12-07 Women have made an enormous impact on life on the planet They are deified and remembered in song story legend and statues since at least 30 000 BC We are and have always been brilliant inventors innovators and leaders for hundred and thousands of years We are the survivors of everything that came our way and passed on our culture Women are the creators of life A woman can create life inside her own body give birth to another human being and make milk from her own breasts to feed her newborn life The Goddesses are real mothers actual women who lived and created beautiful handiwork and incredible usable things from next to nothing such as spinning and weaving making pots from dirt farming

medicine and writing What a history What a Gift to Civilization Women were and continue to be the true Mothers of Invention Stone Age Divas in the true sense of the word If every girl in the world reads about the Goddesses found in this book she will have a firm foundation of self esteem and inspiration to make wise choices in her life Since time immemorial women have bonded together in sisterhood to fight for noble causes in nonviolent ways Women have always been and continue to be great benefactors of humanity Stone Age Divas Their Mystery and Their Magic takes an astonishing look at human beginnings never before attempted It challenges our basic assumptions about gender religion and our civilization Warning This book may be dangerous to your beliefs      The Apocalypse of the Aquarian Age Albert Amao Soria Ph.D.,2021-02-23 Humanity has

stepped at the beginning of the Water Carrier Age s threshold Its influence is gradually being felt in all areas of life This is the time for spiritual renewal and the turning point for the shifting of consciousness Contrary to the period of mental bondage prejudice and religious bigotry which was the Piscean Era characteristic we are awakening to another chapter of human history leading to the realization of the Oneness of life and the human race s interconnectedness The world is currently undergoing radical socio economic and political upheavals because we are transitioning from one chapter of human history to another Some religious leaders and sensationalistic New Age writers have taken these dramatic changes as signs of the end of the world Contrary to that this work postulate that the challenging events indicate the close of one chapter of human history and the beginning of a new one We embrace and celebrate the coming of a new age of enlightenment the awareness of human beings brotherhood      **New York Magazine** ,1985-06-10 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea      **The Encyclopedia of Magic and Alchemy** Rosemary

Guiley,2006 A comprehensive illustrated reference guide with more than 400 entries on the subjects of magic and alchemy      **More Mysteries of Astrology** Mary Elsnau,1996-09 1969 Contents the Birth of Astrology the Planets Were Named for the Gods Astrology of the Early Mediterranean Nations the Swastika Occult Astrology the Symbolism of the Tarot Cards the New Age is Here Chart Comparisons      The Mysteries of the Great Cross of Hendaye Jay Weidner,Vincent Bridges,2003-12-10 Decodes the message held by this enigmatic monument revealing the alchemical secret of time and the fate of humanity      **A Cultural History of Tarot** Helen Farley,2009-08-13 The enigmatic and richly illustrative tarot deck reveals a host of strange and iconic mages such as The Tower The Wheel of Fortune The Hanged Man and The Fool over which loom the terrifying figures of Death and The Devil The 21 numbered playing cards of tarot have always exerted strong fascination way beyond their original purpose and the multiple resonances of the deck are ubiquitous From T S Eliot and his wicked pack of cards in The Waste Land to the psychic divination of Solitaire in Ian Fleming s Live and Let Die and from the

satanic novels of Dennis Wheatley to the deck's adoption by New Age practitioners the cards have in modern times become inseparably connected to the occult They are now viewed as arguably the foremost medium of prophesying and foretelling Yet as the author shows originally the tarot were used as recreational playing cards by the Italian nobility in the Renaissance It was only much later in the 18th and 19th centuries that the deck became associated with esotericism before evolving finally into a diagnostic tool for mind body and spirit This is the first book to explore the remarkably varied ways in which tarot has influenced culture Tracing the changing patterns of the deck's use from game to mysterious oracular device Helen Farley examines tarot's emergence in 15th century Milan and discusses its later associations with astrology kabbalah and the Age of Aquarius

**Philosophers in the Technological Age** Ulrich Richter Morales, 2023-04-26 Greek philosophers built great discussions about reality which are still current in our times and still inspire today's great thinkers From mathematical teachings by Pythagoras encompassing Plato's and Aristotle's ideas these great discussions have been essential for our present intellectual development Today however this role has been adopted by a new class of visionaries Brought together by this new Platonic Academy based in Stanford University devoted to proving and making use of the supremacy of numbers and mathematics in the digital world intent on finding the new Holy Grail embodied in the perfect algorithm present time's entrepreneurs of new technologies have radically transformed for good or otherwise the world as we know it Ulrich Richter Morales delves deep into the legacy sometimes clear sometimes mystical and esoteric of the Pythagoreans in their diverse historical incarnations He particularly emphasizes their dominant role in these digital times while he introduces a debate regarding the sort of machines we ought to develop Elon Musk Steve Jobs Bill Gates Jeff Bezos Larry Page and Sergey Brin among others are declared heirs of the Mathematician from Samos and always engrossed in polemic discussions they are inseparable from our concept of how the world works Getting to know them as persons and as thinkers is a way to better understand modern day life and our role as citizens in the unstable volatile grounds we tread on today
