The Secret Astrology of the Bible Michael Ledo, 2010-05-02 The Secret Astrology of the Bible by Michael Ledo is a landmark book that will change the way the scholarly community and the general public views the Bible history and myth Epic in scope this provocative book explores the connections between religious belief and cosmic theory even as it attempts to explain contradictions and irregularities in the text The Bible states Ledo was constructed as a living document with much of its text expanded as time went on If readers stripped away this added material they could actually be left with an Early Bronze Age text over a thousand years older than what is currently accepted by scholars This text suggests Ledo would be a veritable cosmic myth which follows the constellations with stories in a contiguous fashion that combine both history and myth Originally sold as On Earth as it is in Heaven The Cosmic Roots of the Bible

New Dimensions/cube of Space, Hidden in a secret book of cosmology written in the ancient Hebrew tongue long forgotten but not lost by mankind is a description of a mysterious cube formed from the twenty two letters of the Hebrew alphabet This cube of letters is constructed of a center three interior dimensions six faces and twelve edges These twenty two components form the cube and also reveal a map that clearly shows where we have come from where we are now and where we are going in our evolutionary journey toward complete spiritual awakening In New Dimensions for the Cube of Space David Allen Hulse explains that this cube of letters cannot reveal its deepest secrets until it is clothed in the cards of the tarot creating a map of the cosmos referred to as the Cube of Space Then and only then can this mystical cube speak directly to our souls and show us the way or the true path of initiation we all must eventually travel He presents a fascinating description of how he attained his insights along with a clear exposition of the Cube of Space as a path of initiation Hulse illustrates his insights using the original B O T A tarot deck designed by Paul Foster Case The clear and simple imagery of this deck is very helpful for understanding every nuance of the symbolic material in the story of the soul's journey around the six faces of the cube However the popular Waite deck or any other Tarot deck can be used in studying the Cube of Space Included is the material needed for the construction of a model

of the Cube of Space and Hulse recommends that the reader assemble this model as it will greatly facilitate a clear understanding of the symbolic meaning behind each of the of the twenty two directions of space delineated by the cube Includes a color insert for construction of your own Cube

BERESHITH : THE HUMAN SKULL IS THE HOUSE OF GOD William John Meegan,2024-06-18 Religion Esotericism Psychology The first Hebrew word inscribed into the sacred scriptures is BERESHITH The three middle letters in the Hebrew word BERESHITH spells out the Hebrew letter word RESH that symbolizes HEAD SKULL And the first and last two Hebrew letters in the Hebrew word BERESHITH spells out the Hebrew letter word BETH that symbolizes HOUSE That is why I translated the Hebrew word BERESHITH THE HUMAN SKULL IS THE HOUSE OF GOD It is quite interesting to envisage that the first two Hebrew letters BETH and RESH in the Judaeo Christian Scriptures spells out the first word of Genesis BERESHITH In the Beginning was considered in antiquity and in modern times to be the interpretation of the Hebrew word BERESHITH In this volume I will illustrate that the first letter of the BIBLE BETH though it is not translated as in the Beginning it does mystically symbolize the phrase In the Beginning The first chapter of Genesis is a commentary on the first Hebrew letter BETH and it is also a commentary on the VESICA PISCIS The first Hebrew letter of the Bible BETH is mystically inundated and surrounded by another Hebrew letter called PEI that cannot be seen which is literally invisible for anybody to see PEI has the gematria numerical value of eighty 80 And BETH has the gematria numerical value of forty hundred and twelve 412 The first chapter of Genesis has sixty nine 69 groups of one hundred and forty two 142 Hebrew words held together by eighty 80 hyphens however the number one hundred and forty two 142 is a transposition of the number four hundred and twelve 412 Chapter six 6 will illustrate the sixty nine 69 groups of words colored coded in orange The number sixty nine 69 is a very spiritual number which will be discussed later in this volume Chapter six 6 is written with Hebrew and English words with STRONGS EXHAUSTIVE CONCORDANCE S numbers placed over the Hebrew and English words

Science & Perception Michael Weaver,2018-02-18 The history of science in the West can be traced back almost 2500 years to a time when science religion and the arts all fell under a single discipline the area of study known as Natural Philosophy or Philosophia Naturalis The philosophers of this time period individuals such as Pythagoras Plato and Euclid literally set the stage for much of modern science developing tools that are still used to this day Despite the large swaths of time that have managed to pass instruments such as number and geometry have remained essentially unchanged as evidenced by the continued publication and translation of texts such as Euclid s Elements While many of the tools used by modern science can be traced back to the Platonic and Neoplatonic schools of thought the current scientific world view is more closely aligned with an altogether different school of thinking Philosophers such as Democritus posited that the objects found within the physical world were

actually composed of small discrete parts a world view still held by most of the modern world to this day Few people stop to consider that this perspective the atomistic view of the world is in direct contradiction to the principles espoused by Pythagoras and Plato This book provides a modern interpretation for the Platonic model of the Universe by making use of both dialogue and diagrams the same techniques employed by Plato and Euclid more than 2000 years ago to explain their ideas

The Art of Deception is the Rule of Life Albert Amao Soria Ph.D.,2024-07-09 This book is a spiritual journey of self discovery for those open minded and willing to embrace the truth even if it means confronting deep rooted false beliefs inherited from our ancestors It is a call to step out of the comfort of blissful ignorance and into the light of personal enlightenment Ignoring the truth may provide temporary solace but it can lead to greater despair and fear in the long term This existential gap is usually filled with religions myths and legends however these stories may not be entirely factual Nevertheless they provide solace and a sense of purpose in life so they are often considered well intentioned pious fiction Many desire to know the truth but few are genuinely prepared to handle it This book challenges many core beliefs and convictions held as accurate it may lead to existential conflict As King Solomon wisely said For with much wisdom comes much sorrow the more knowledge the more grief Ecclesiastes 1 18 These words resonate with the essence of this book inviting you to embark on a journey of self discovery and truth seeking It highlights the transformative potential of this process as those who can confront the truth honestly undergo a psychological catharsis a liberation of erroneous assumptions Thus this book is not for the faint of heart More than 2 500 years ago Buddha stated that life is an illusion and today s most accurate science quantum physics asserts that we live in virtual reality The truth can challenge our deepest convictions and induce confusion because we live based on false assumptions imposed by our ancestors mass media outdated education systems and traditional erroneous beliefs

William Lethaby, Symbolism and the Occult Amandeep Kaur Mann,2022-03-23 This book delves into the life and work of architect William Richard Lethaby 1857 1931 and his relationship with the occult and alchemy in particular Using detailed analysis of Lethaby s drawings and architecture the research uncovers Lethaby s familiarity with occult concepts and ideology during the spiritual revolution of the nineteenth century Throughout this time countless individuals particularly members of the avant garde rejected more traditional religious pathways and sought answers through experimental and mystical alternatives William Lethaby Symbolism and the Occult reveals how the architect was profoundly influenced by the Zeitgeist which was saturated with references to spiritualism mysticism and the occult and explores the impact of occultism on his contemporaries and the wider Arts and Crafts Movement This book is written for upper level students researchers and academics interested in architectural history William Lethaby and nineteenth century culture and society

Blackmore,2011-03-04 True skepticism has nothing to do with disbelief says Susan Blackmore It is about taking people s claims seriously and trying to understand them As a starry eyed student Blackmore was convinced of the reality of astral planes telepathy and life after death She was determined to devote her life to parapsychology but what she found wasn t what she had bargained for None of her cleverly devised experiments revealed a hint of the psi she was seeking In a determined effort to find it somehow she tested young children in play groups trained students in imagery and altered states of consciousness and even put Tarot cards to the test She visited haunted houses and was regressed to a past life Finally accused of being a psi inhibitory experimenter with the power of abolishing paranormal effects she visited other more successful experimenters Here she found only errors in their experiments In this new and updated edition of The Adventures of a Parapsychologist Blackmore is at last at liberty to explain just what she found in those ill fated experiments at Cambridge She brings her story up to date in a lively and personal account of one scientist s never ending search for the paranormal
