**White** Richard Dyer, 2017-09-19 Now twenty years since its initial release Richard Dyer's classic text *White* remains a groundbreaking and insightful study of the representation of whiteness in Western visual culture *White* explores how while racial representation is central to the organisation of the contemporary world white people have remained a largely unexamined category in sharp contrast to the many studies of images of black and Asian peoples Looking beyond the apparent unremarkability of whiteness Dyer demonstrates the importance of analysing images of white people Dyer places this representation within the contexts of Christianity race and colonialism In a series of absorbing case studies he shows the construction of whiteness in the technology of photography and film as part of a wider culture of light discusses heroic white masculinity in muscle man action cinema from Tarzan and Hercules to Conan and Rambo analyses the stifling role of white women in end of empire fictions like *Jewel in the Crown* and traces the associations of whiteness with death in *Falling Down* horror movies and cult dystopian films such as *Blade Runner* and the *Aliens* trilogy This twentieth anniversary edition includes a new introductory chapter by Maxime Cervulle entitled *Looking into the light* Whiteness racism and regimes of representation This new introduction illuminates how Dyer has made a major contribution to the study of contemporary regimes of representation by unveiling the cultural mechanisms that have formed and reinforced white hegemony mechanisms under which white people have come to represent what is ordinary neutral even universal

Horror as Racism in H. P. Lovecraft John L. Steadman, 2024-01-11 Providing a new perspective on Lovecraft's life and work *Horror as Racism in H. P. Lovecraft* focuses on the overlap between the writer's personal beliefs and the racist images and narratives in his speculative fiction Building on recent debates about Lovecraft

and drawing on the concept of white fragility John Steadman argues that the writer's fiction reflects his feelings of resentment and anger towards non white persons and was used to advocate for his racist xenophobic political beliefs that western civilization was in decline and slavery was justifiable among superior civilizations In making these claims Lovecraft's tales pit humans against extra terrestrial aliens developing a terrifying futuristic vision of the Earth as a plantation planet The familiar image of Lovecraft as a reclusive creative genius and mentor to young writer friends is dismantled through close readings of his fiction and nonfiction including correspondence essays and poetry and examination of his early biography This image is replaced by that of a cruel callous and at times psychotic man a violently vitriolic racist and white supremacist who hated most of the non white races While some will dismiss the author outright and others will read his fiction but ignore the racism Horror as Racism in H P Lovecraft takes a middle ground acknowledging Lovecraft's personal history and heinous intentions it helps readers navigate the author's disturbing biography while also getting a better sense of the stories which remain significant within American science fiction      Tarzan Forever John Taliaferro,2002-01-15 A biography that takes a penetrating look at Edgar Rice Burroughs the writer who invented the superhero of the century Tarzan whose adventures continue to enthral audiences of photos      *Catalog of Copyright Entries.
