Tarzan the Magnificent - Original Edition Edgar Rice Burroughs, 2020-11-16 If this tale should seem in part incredible please bear this axiom in mind It had its beginning more than twenty years ago unless one wishes to go further back to the first amoeba or even beyond that to the cosmos shattering clash of two forgotten suns but we shall confine our story other than by occasional reference to the stage the actors and the business of the present time The searing sun rays scorch down upon a shriveled plain a scant five degrees north of the equator A man clothed in torn shirt and trousers upon which dried blood has caked and turned a rusty brown staggers and falls to lie inert A great lion looks down upon the scene from the summit of a distant rocky ledge where a few tenacious bushes cling to give shade to the lair of the king for this is Africa Ska the vulture wheels and circles in the blue sky writing anticipation far above the body of the fallen man Not far to the south at the edge of the dry plain another man swings easily toward the north No sign of fatigue or exhaustion here The bronze skin glows with health full muscles glide beneath it The free gait the noiseless tread might be those of Sheeta the panther but there is no slinking here It is the carriage of one who knows neither doubt nor fear of a lord in his own domain
