Roger Remington, Lisa Bodenstedt, 2003-01-01 Presents an account of a key period in American graphic design as it manifested itself in various media covering major historical influences and significant works **The Cambridge Companion to American Modernism** Walter Kalaidjian, 2005-04-28 The Cambridge Companion to American Modernism provides a comprehensive and authoritative overview of American literary modernism from 1890 to 1939 These original essays by twelve distinguished scholars of international reputation offer critical overviews of the major genres literary culture and social contexts that define the current state of Modern American literature and cultural studies Among the diverse topics covered are nationalism race gender and the impact of music and visual arts on literary modernism as well as overviews of the achievements of American modernism in fiction poetry and drama The book concludes with a chapter on modern American criticism An essential reference guide to the field the Companion offers readers a chronology of key events and publication dates covering the first half of the twentieth century in the United States and an up to date bibliography of further reading organized by chapter topics **American Modernism and Depression Documentary** Jeff Allred, 2012-11-01 American Modernism and Depression Documentary surveys the uneven terrain of American modernity through the lens of the documentary book Jeff Allred argues that photo texts of the 1930s stage a set of mediations between rural hinterlands and metropolitan areas between elite producers of culture and the forgotten man of Depression era culture between a myth of consensual national unity and various competing ethnic and regional collectivities In light of the complexity this entails this study takes issue with a critical tradition that has painted the documentary expression of the 1930s as a simplistic and propagandistic divergence from literary modernism Allred situates these texts and the documentary modernism they represent as a central part of American modernism and response to American modernity as he looks at the impoverished sharecroppers depicted in the groundbreaking Let Us Now Praise Famous Men the disenfranchised African Americans in Richard Wright's polemical 12 Million Black Voices and the experiments in Depression era photography found in Life magazine **Cross-cultural Visions in African American Modernism** Yoshinobu Hakutani, 2006 Yoshinobu Hakutani traces the development of African American modernism which initially gathered momentum with Richard Wright's literary manifesto Blueprint for Negro Writing in 1937 Hakutani dissects and discusses the cross cultural influences on the then burgeoning discipline in three stages American dialogues European and African cultural visions and Asian and African American cross cultural visions In writing Black Boy the centerpiece of the Chicago Renaissance Wright was inspired by Theodore Dreiser Because the European and African cultural visions that Wright Ralph Ellison Alice Walker and Toni Morrison acquired were buttressed by the universal humanism that is common to all cultures this ideology is shown to transcend the problems of society Fascinated by Eastern thought and art Wright Walker Sonia Sanchez and James Emanuel wrote highly accomplished poetry and prose Like Ezra Pound Wright was drawn to classic haiku as reflected in the 4 000

haiku he wrote at the end of his life As W B Yeats s symbolism was influenced by his cross cultural visions of noh theatre and Irish folklore so is James Emanuel s jazz haiku energized by his cross cultural rhythms of Japanese poetry and African American music The book demonstrates some of the most visible cultural exchanges in modern and postmodern African American literature Such a study can be extended to other contemporary African American writers whose works also thrive on their cross cultural visions such as Amiri Baraka Ishmael Reed Charles Johnson and haiku poet Lenard Moore The Cambridge Companion to the American Modernist Novel Joshua L. Miller,2015-10-29 The Cambridge Companion to the American Modernist Novel offers a comprehensive analysis of US modernism as part of a wider global literature Both modernist and American literary studies have been reshaped by waves of scholarship that unsettled prior consensus regarding America s relation to transnational diasporic and indigenous identities and aesthetics the role of visual and musical arts in narrative experimentation science and technology studies and allegiances across racial ethnic gendered and sexual social groups Recent writing on US immigration imperialism and territorial expansion has generated fresh and exciting reasons to read or reread modernist novelists both prominent and forgotten Written by a host of leading scholars this Companion provides unique interpretations and approaches to modernist themes techniques and texts *New York Magazine* ,1991-11-25 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **The Routledge Introduction to American Modernism** Linda Wagner-Martin,2016-02-12 The modernist period was crucial for American literature as it gave writers the chance to be truly innovative and create their own distinct identity Starting slightly earlier than many guides to modernism this lucid and comprehensive guide introduces the reader to the essential history of the period including technology religion economy class gender and immigration These contexts are woven into discussions of many significant authors and texts from the period Wagner Martin brings her years of writing about American modernism to explicate poetry and drama as well as fiction and life writing Among the authors emphasized are Ernest Hemingway William Faulkner Zora Neale Hurston Langston Hughes F Scott Fitzgerald Gertrude Stein Willa Cather John Dos Passos William Carlos Williams Mike Gold James T Farrell Clifford Odets John Steinbeck and countless others A clear and engaging introduction to an exciting period of literature this is the ultimate guide for those seeking an overview of American Modernism *New York Magazine* ,1991-11-18 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New

York as both a place and an idea **Gender, Race, and Mourning in American Modernism** Greg Forter, 2011-04-14
 American modernist writers engagement with changing ideas of gender and race often took the form of a struggle against increasingly inflexible categories Greg Forter interprets modernism as an effort to mourn a form of white manhood that fused the masculine with the feminine He argues that modernists were engaged in a poignant yet deeply conflicted effort to hold on to socially feminine and racially marked aspects of identity qualities that the new social order encouraged them to disparage Examining works by F Scott Fitzgerald Ernest Hemingway William Faulkner and Willa Cather Forter shows how these writers shared an ambivalence toward the feminine and an unease over existing racial categories that made it difficult for them to work through the loss of the masculinity they mourned *Gender Race and Mourning in American Modernism* offers a bold reading of canonical modernism in the United States **Modern American Religion, Volume 2** Martin E. Marty, 1997-06-21 In this second volume of two tracing the history of 20th century American religion Martin E Marty tells the story of how America has survived religious disturbances and culturally prospered from them **The Politics of Irony in American Modernism** Matthew Stratton, 2013-11-01 Shortlisted for the 2015 Modernist Studies Association Book Prize This book shows how American literary culture in the first half of the twentieth century saw irony emerge as a term to describe intersections between aesthetic and political practices Against conventional associations of irony with political withdrawal Stratton shows how the term circulated widely in literary and popular culture to describe politically engaged forms of writing It is a critical commonplace to acknowledge the difficulty of defining irony before stipulating a particular definition as a stable point of departure for literary cultural and political analysis This book by contrast is the first to derive definitions of irony inductively showing how writers employed it as a keyword both before and in opposition to the institutionalization of New Criticism It focuses on writers who not only composed ironic texts but talked about irony and satire to situate their work politically Randolph Bourne Benjamin De Casseres Ellen Glasgow John Dos Passos Ralph Ellison and many others **Byron Browne, a Seminal American Modernist** Jim Rogers, Byron Browne, 2001 Wasteland Modernism Rebeca Gualberto Valverde, 2021-09-06 This book proposes a renewed myth critical approach to the so called wasteland modernism of the 1920s to reassess certain key texts of the American modernist canon from a critical prism that offers new perspectives of analysis and interpretation Myth criticism and more specifically the critical survey of myth as an aesthetic and ideological strategy fundamental for the comprehension of modernist literature leads to an engaging discussion about the disenchantment of myth in modernist literary texts This process of mythical disenchantment inextricable from the cultural and historical circumstances that define the modernist zeitgeist offers a possibility for revising from a contemporary standpoint a set of classic texts that are crucial to our understanding of the modern literary tradition in the United States This study carries out an exhaustive and updated myth critical examination of works by T S Eliot John Dos Passos F Scott Fitzgerald Ernest Hemingway John Steinbeck and Djuna Barnes to broaden the scope of familiar themes and archetypes

enclosing the textual analysis of these works in a wider exploration about the purpose and functioning of myth in literature particularly in times of crisis and transformation

Blackness, Symbolism, and American Modernism Lori Nel Johnson, 2025-04-29 In this book Lori Nel Johnson examines the work of Henry Ossawa Tanner 1859 1937 Meta Warrick Fuller 1877 1968 and F Holland Day 1864 1933 in relation to the development of modernism during the turn of the century and the official narratives surrounding this movement While Tanner and Fuller have been consistently linked in the history of American Art the Pictorialist photographer and publisher Day has rarely if ever been discussed with these two artists despite the fact that all three were rough contemporaries and affiliated with Symbolism The book compares the historical and social conditions that determined the lives and careers of these three artists which curtailed their ambitions because of the intersections of class race gender or sexuality By examining each artist s respective proximity to language on the basis of class race gender and sexuality this study avoids categorizing artists solely on the basis of difference and thus offers a more fulsome and radical reading of the development of modernism in the United States The book will be of interest to scholars of art history design history history of photography American studies and African American studies
