Social Policy And The Body Transitions In Corporeal Discourse:

Social Policy and the Body K. Ellis, H. Dean, Jo Campling, 1999-09-22 The opening chapters suggest that transitions in welfare capitalism can be understood in terms of shifts in dominant corporeal discourses The body as a focus for power and resistance in differing welfare regimes is further explored in individual contributions on health and social care bodily metaphors in social policy and the relationship between animal and human welfare In highlighting the significance of the body in social policy the book opens up a novel and potentially rich vein of academic enquiry

Welfare and the State: Welfare futures Nicholas Deakin, Catherine Jones Finer, Bob Matthews, 2004

Risk and Citizenship Rosalind Edwards, Judith Glover, 2002-09-11 Contemporary welfare provision poses serious challenges for social policy Large and rapid changes are said to be taking place in the way we live work and relate to each other characterised by anxiety and insecurity Risk and Citizenship explores how new and different forms of citizenship are evolving in the context of this risk society and the implications for the development of social policy at both the macro and micro level This spirited and informed collection of papers by leading analysts addresses key questions related to welfare citizenship and risk including the nature of insecurity and social protection the balance between inequality and egalitarianism the relationship between governments and citizens the parameters of citizenship and the impact of risk assessment and risk management Risk and Citizenship offers a thought provoking reading for student practitioner or policy maker It provides a review of current debates about risk citizenship and welfare in depth analysis of specific policy initiatives in social security and community care a new typology of welfare citizenship

Handbook of Eudaimonic Well-Being Joar Vittersø, 2016-10-18 This handbook presents the most comprehensive account of eudaimonic well being to date It brings together theoretical insights and empirical updates presented by leading scholars and young researchers The handbook examines philosophical and historical approaches to the study of happy lives and good societies and it critically looks at conceptual controversies related to eudaimonia and well being It identifies the elements of happiness in a variety of areas such as emotions health wisdom self determination internal motivation personal growth genetics work leisure heroism and many more It then places eudaimonic well being in the larger context of society addressing social elements The most remarkable outcome of the book is arguably its large scale relevance reminding us that the more we know about the good way of living the more we are in a position to build a society that can be supportive and offer opportunities for such a way of living for all of its citizens

Understanding Human Need Hartley Dean, 2020-04-22 This second edition of a widely respected textbook is one of the few resources available to provide an overview of human need as a key concept in the social sciences Taking an approach encompassing both global North and South this accessible and engaging book models existing practical and theoretical approaches to human need while also proposing a radical alternative Incorporating crucial current debates and illustrations the author explores distinctions between different types and levels of need how different approaches are reflected in different sorts of policy goals debates

about the relationship between needs rights and welfare contested thinking about needs in relation to caring disadvantage and humanity Fully revised and updated this new edition pays due regard to the shifting nature of welfare ideologies and welfare regimes Offering essential insights for students of social policy it will also be of interest to other social science disciplines policy makers and political activists Routledge Handbook of Global Citizenship Studies Engin Isin, Peter Nyers, 2014-06-27 Citizenship studies is at a crucial moment of globalizing as a field What used to be mainly a European North American and Australian field has now expanded to major contributions featuring scholarship from Latin America Asia Africa and the Middle East The Routledge Handbook of Global Citizenship Studies takes into account this globalizing moment At the same time it considers how the global perspective exposes the strains and discords in the concept of citizenship as it is understood today With over fifty contributions from international interdisciplinary experts the Handbook features state of the art analyses of the practices and enactments of citizenship across broad continental regions Africas Americas Asias and Europes as well as deterritorialized forms of citizenship Diasporicity and Indigeneity Through these analyses the Handbook provides a deeper understanding of citizenship in both empirical and theoretical terms This volume sets a new agenda for scholarly investigations of citizenship Its wide ranging contributions and clear accessible style make it essential reading for students and scholars working on citizenship issues across the humanities and social sciences Social Work Theories in Action Mary Nash, Robyn Munford, Kieran O'Donoghue, 2005 Annotation Textbook potential a core textbook for social work degree and post qualifying courses in New Zealand and Australia International market shows how social work theories can be applied in international settings Authors are leading social work academics in New Zealand and Australia

Comprehensive Handbook of Social Work and Social Welfare, Social Work Practice, 2008-03-31 Comprehensive Handbook of Social Work and Social Welfare Volume 3 The Profession of Social Work features contributions from leading international researchers and practitioners and presents the most comprehensive in depth source of information on the field of social work and social welfare Metaphor, Nation and Discourse Ljiljana Šarić, Mateusz-Milan Stanojević, 2019-05-20 This edited volume examines how metaphors and related phenomena metonymies symbols cultural models stereotypes lead to the discursive construal of a common element that brings the nation together The central idea is that metaphor use must be questioned to lay bare the processes and the discursive power behind them The chapters examine a range of contemporary and historical monomodal and multimodal discourses including politicians discourse presidential speeches newspapers TV series Catholic homilies colonialist discourse and various online sources The approaches taken include political science international relations cultural studies and linguistics All contributions feature discursive constructivist views of metaphor with clear sociocultural grounding and the notion of metaphor as a framing device in constructing various aspects of nations and national identity The volume will appeal to scholars in discourse analysis metaphor studies media studies nationalism studies and political science **The Body in Health and Social Care** Julia Twigg, 2006-03-29 Focusing

on health and social care this book shows how important the body can be to a range of issues such as disability old age sexuality consumption food and public space Twigg illustrates how constructions of the body affect how we see different social groups and explores the significance of it in the provision and delivery of care *Ibss: Anthropology: 1999* Compiled by the British Library of Political and Economic Science, 2000-12-07 IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences
