Marcel A. Müller

Socialisms Dilemmas State And Society In The Soviet Bloc:

Socialism's Dilemmas Walter D. Connor, 1988 Ideology and System Change in the USSR and East Europe Michael Urban, 2016-07-27 These studies cover a range of topics market reforms social justice ecology nationalism new political parties and more that are at the centre of the revolutionary changes under way in the former Soviet bloc The breadth of this book's subject matter is complemented by the variety of methods and approaches that it features historical interpretation linguist analysis statistical analysis and political sociology The result is a genuinely inter disciplinary treatment of this important topic *The Crisis of Socialism in Europe* Christiane Lemke, Gary Marks, 1992 The revolutions in Eastern Europe and the recasting of socialism in Western Europe since 1989 have given rise to intense debate over the origins character and implications of the crisis of socialism Is socialism in ideological electoral or organizational decline Is the decline inevitable or can socialism be revitalized This volume draws together historians and political scientists of Eastern and Western European politics to address these questions The collection begins with an historical overview of socialism in Western Europe and moves toward the suggestion of a framework for a post socialist discourse Among the topics covered are the birth and death of communism and a regime type in Eastern Europe how different forms of national communism were smothered by Sovietization in the postwar period the origins of revolutions in Eastern Europe the potential for social democracy in Hungary the role of the Left in a reunified Germany and directions for the Left in general Contributors Geoff Eley Konrad Jarausch Herbert Kitschelt Christiane Lemke Andrei Markovits Gary Marks Wolfgang Merkel Norman Naimark Iv n and Szonja Szel nya Sharon Wolchik **Remaking the Economic Institutions of Socialism** Victor Nee, David Stark, 1989 To what extent can contemporary socialist economies be reformed by the introduction of markets The question is usually debated in either a Chinese or an East European context this collection of eleven essays is unique in taking the first steps toward a comparative analysis Twenty years of experience with reforms in Hungary and a decade of experimentation with reforms in China provide a critical mass of evidence for analyzing the problems endemic to centrally planned economies and the dilemmas faced in efforts to reform them In reflecting on the Chinese and East European experiences these essays trace the shift from a conception of reform as a mix of planning and markets within the state sector to a socialist mixed economy with implications for the emergence of new social groups and autonomous social organizations The essays exemplify a new perspective in the study of state socialism that changes the focus from ideologies to economic institutions examining how the activities of subordinate groups place limits on the power of state elites The authors include scholars who have shaped debates in Eastern Europe and whose work is now stimulating much discussion in China as well as representatives of a younger generation of economists sociologists and political scientists writing on the basis of field research recently conducted in factories cities and villages in China and Eastern Europe The contributors are Wlodzimierz Brus Walter D Connor Zhiren Lin Victor Nee Susan Shirk David Stark Ivan Szelenyi and Martin King Whyte An introductory essays surveys recent theories and

research on state socialism and outlines a new institutional perspective for understanding the dilemmas of partial reforms the political cycles of reform and retrenchment and the role of subordinate groups in stimulating changes outside the state sector

Russia's International Relations in the Twentieth Century Alastair Kocho-Williams, 2013 Russia has long been a major player in the international relations arena but only by examining the whole century can Russian foreign policy be properly understood and the key questions as to the impact of war of revolution of collapse the emergence of the Cold War and Russia's post Soviet development be addressed Surveying the whole of the twentieth century in an accessible and clear manner Russia's International Relations in the Twentieth Century provides an overview and narrative with analysis that will serve as an introduction and resource for students of Russian foreign policy in the period and those who seek to understand the development of modern Russia in an international context The volume includes an analysis of the major themes which surrounded Russia's position in world affairs as one of the European Great Powers before the First World War the impact of Revolution and the emergence of Soviet foreign policy with its dual aims of normalization and world revolution the changes wrought to the international order by the rise of Nazi Germany and by the Second World War the origins and development of the Cold War the end of the Cold War and the Soviet collapse how Russia has rebuilt itself as an international power in the post Soviet era An essential resource for students of Russian history and International policy

The Oxford Handbook of the History of Communism S. A. Smith, 2014-01-09 The impact of Communism on the twentieth century was massive equal to that of the two world wars Until the fall of the Soviet Union in 1991 historians knew relatively little about the secretive world of communist states and parties Since then the opening of state party and diplomatic archives of the former Eastern Bloc has released a flood of new documentation The thirty five essays in this Handbook written by an international team of scholars draw on this new material to offer a global history of communism in the twentieth century In contrast to many histories that concentrate on the Soviet Union The Oxford Handbook of the History of Communism is genuinely global in its coverage paying particular attention to the Chinese Revolution It is global too in the sense that the essays seek to integrate history from above and from below to trace the complex mediations between state and society and to explore the social and cultural as well as the political and economic realities that shaped the lives of citizens fated to live under communist rule The essays reflect on the similarities and differences between communist states in order to situate them in their socio political and cultural contexts and to capture their changing nature over time Where appropriate they also reflect on how the fortunes of international communism were shaped by the wider economic political and cultural forces of the capitalist world The Handbook provides an informative introduction for those new to the field and a comprehensive overview of the current state of scholarship for those seeking to deepen their understanding

Theory of Societal Constitutionalism David Sciulli, 1992 The author argues that the existing conceptual frameworks of political and social theory restrict both theorists and empirical researchers to a narrow definition of authoritarianism that focuses on governmental structure and fails to take

account of forms of social control exercised outside the governmental sphere Rather than define authoritarianism primarily by contrast to liberal democracy Sciulli argues we need to broaden our conception of authoritarianism to include social authoritarianism referring to social control imposed by private organizations and institutions such as business corporations and professional associations In this book Sciulli develops an alternative conceptual framework which he calls the theory of societal constitutionalism and he explains how the theory can be used to assess whether social order in a society whether democratic or authoritarian in political rule is characterized by some degree of social authoritarianism The book will be important reading for theorists in sociology political science and legal studies

Institutions of Isolation Andrea M. Chandler, 1998 This study examines why the USSR a political system that originally prided itself on its internationalism devoted such efforts to controlling its borders sealing its society from the outside world It provides a revealing case study of the strengths and weaknesses of the Soviet state

Soviet Politics Richard Sakwa, 2012-11-12 Soviet Politics in Perspective is a new edition of Richard Sakwa's successful textbook Soviet Politics an introduction Thoroughly revised and updated it builds on the previous editions comprehensive and accessible exploration of the Soviet system from its rise in 1919 to its collapse in 1991 The book is divided into five parts which focus on key aspects of Soviet politics They are historical perspectives beginning with the Tsarist regime on the eve of Revolution the rise and development of Stalinism through to the decline of the regime under Brezhnev and his successors and Gorbachev's attempts to revive the system institutions of Government such as the Communist Party security apparatus the military the justice system local government and participation theoretical approaches to Soviet politics including class and gender politics the role of ideology and the shift from dissent to pluralism key policy areas the command economy and reform nationality politics and foreign and defence policy an evaluation of Soviet rule and reasons for its collapse Providing key texts and bibliographies this book offers the complete history and politics of the Soviet period in a single volume It will be indispensable to students of Soviet and post Soviet politics as well as the interested general reader

Cinema, State Socialism and Society in the Soviet Union and Eastern Europe, 1917-1989 Sanja Bahun, John Haynes, 2014-07-25 This book presents a comprehensive re-examination of the cinemas of the Soviet Union and Central and Eastern Europe during the communist era It argues that since the end of communism in these countries film scholars are able to view these cinemas in a different way no longer bound by an outlook relying on binary Cold War terms With the opening of archives in Eastern Europe and the former Soviet Union much more is known about these states and societies at the same time the field has been reinvigorated by its opening up to more contemporary concepts themes and approaches in film studies and adjacent disciplines Taking stock of these developments this book presents a rich varied tapestry relating specific films to specific national and transnational circumstances rather than viewing them as a single monolithic Cold War Communist cinema

Cadres and Corruption Xiaobo Lü, 2000 The most up to date and comprehensive analysis of corruption and change in the Chinese Communist Party Cadres and

Corruption reveals the long history of the party's inability to maintain a corps of committed and disciplined cadres. Contrary to popular understanding of China's pervasive corruption as an administrative or ethical problem, the author argues that corruption is a reflection of political developments and the manner in which the regime has evolved. Based on a wide range of previously unpublished documentary material and extensive interviews conducted by the author, the book adopts a new approach to studying political corruption by focusing on organizational change within the ruling party. In so doing, it offers a fresh perspective on the causes and changing patterns of official corruption in China and on the nature of the Chinese Communist regime. By inquiring into the developmental trajectory of the party's organization and its cadres since it came to power in 1949, the author argues that corruption among Communist cadres is not a phenomenon of the post-Mao reform period nor is it caused by purely economic incentives in the emerging marketplace. Rather, it is the result of a long process of what he calls organizational involution that began as the Communist party-state embarked on the path of Maoist continuous revolution. In this process, the Chinese Communist Party gradually lost its ability to sustain officialdom with either the Leninist cadre or the Weberian bureaucratic mode of integration. Instead, the party unintentionally created a neotraditional ethos, mode of operation, and set of authority relations among its cadres that have fostered official corruption.

The Polish Road from Socialism: The Economics, Sociology and Politics of Transition Walter D. Connor, Piotr Ploszajski, 2019-07-26. What the contributors to this volume offer is neither a romantic version of the course of Polish history nor a jubilant account of the recovery of national independence and political choice. Rather, they offer a variety of tough-minded analytic perspectives on what comes when the party is over, not just the PZPR but the celebration marking its downfall. They focus on Poland's movement toward an internationally competitive market economy, a political democracy in which plural interests compete, and the constitution of a civil society that both tolerates and ameliorates conflict. The multidisciplinary contributors include Jan Muzel, Keith Crane, Benjamin Slay, Kazimierz Poznanski, Jan Bossak, Wojciech Bienkowski, Włodzimierz Wesolowski, Edmund Wnuk, Lipinski, Adam Sarapata, Andrzej Sicinski, Piotr Łukasiewicz, Krzysztof Nowak, David S. Mason, Andrzej Rychard, Krzysztof Jasiewicz, Jack Bielasia, Janusz Reykowski, Stanisław Gebethner, Mirosława Marody, Edmund Mokrzycki, and Michael D. Kennedy.

After Empire Karen Barkey, Mark Von Hagen, 2018-05-15. This volume brings together a group of some of the most outstanding scholars in political science, history, and historical sociology to examine the causes of imperial decline and collapse of the Russian, Ottoman, and Habsburg empires.

Russia's Liberal Project Marcia A. Weigle, 2010-11-01. A study of contemporary politics in Russia, assessing the attempted transition from totalitarianism to liberal democracy. It shows that although liberal institutions have been tentatively established, the weak social and cultural supports threaten the success of Russia's liberal project.

The East German Social Courts Peter W. Sperlich, 2007-03-30. An interesting read for professional jurists, court administrators, and scholars concerned with lay adjudication or East German legal institutions, this book provides an account of the social courts of the German Democratic Republic (GDR). Although the East German system was corrupt and

oppressive the social courts were an innovative and successful experiment Rooted in Marxist Leninist legal doctrine these courts handled thousands of minor civil disputes and petty criminal offenses each year The judges and jurists who worked at these courts were lay people and did not receive an pay for their services This book delves into the history of the social courts and their success with both the government and the citizens of East Germany It also presents the courts as an instructive example of an inexpensive speedy and popular legal institution that should be studied by today s court systems The social courts of the GDR had a wide range of primary and auxiliary functions Some of these functions were to relieve the state courts of the need to deal with a variety or minor civil and criminal cases give ordinary citizens an important role to play in the administration of justice raise the citizens legal knowledge and consciousness and tie citizens more closely to the regime through participatory acts Offering both commendations and criticisms of the social courts this book seeks to provide a record of the structures functions interactions decisions and personnel of the social courts along with a comparative analysis to other legal systems such as those of the United States of America Problems of Communism ,1992 **The Accidental Proletariat** Walter D. Connor,2014-07-14 Walter Connor shows how the seven decades since Stalin launched the First Five Year plan have changed Soviet workers from a disorganized mass of unskilled ex peasants into something very much like a class not the working class intended by Lenin and Stalin but a new and powerful accidental proletariat produced by forces partly beyond the state s control Does this new proletariat threaten glasnost and perestroika To address that question Connor examines the growth of the new class and its role in the crisis ridden politics of Gorbachev s USSR In this book as in his earlier works Connor focuses on the interplay of social and political forces Do workers support economic reform he asks or oppose it Are they beneficiaries or victims of Gorbachev s policies Can a Soviet state already under severe ethnic and economic strains accommodate an emergent working class politics Connor probes these issues in a work that is essential reading for students of Russian politics government officials faced with the uncertainties of a new Russia and people seeking to do business in any economy previously isolated behind geographical military and institutional barriers Originally published in 1991 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 Chinese Urban Life Under Reform Wenfang Tang,William L. Parish,2000-01-28 This book examines how urban China is experiencing the shift from a planned to a market economy Ibss: Political Science: 1988 British Library of Political and Economic Science,1992 This bibliography lists the most important works in political science published in 1988 Rural Inequality in Divided Russia Stephen Wegren,2013-07-24 This book examines economic and political polarisation in post Soviet Russia and in particular analyses

the development of rural inequality It discusses how rural inequality has developed in post Soviet Russia and how it differs from the Soviet period and goes on to look at the factors that affect rural stratification and inequality using human and social capital profession gender and village location as independent variables The book uses survey data from rural households and fieldwork in Russia in order to highlight the multiplicity of divisions that act as fault lines in contemporary rural Russia

When people should go to the ebook stores, search launch by shop, shelf by shelf, it is truly problematic. This is why we provide the ebook compilations in this website. It will very ease you to look guide **Socialisms Dilemmas State And Society In The Soviet Bloc** as you such as.

By searching the title, publisher, or authors of guide you in fact want, you can discover them rapidly.
