

Sixth Edition

The Sociological Quest

An Introduction to the Study of Social Life

Haydn Aurons and Evan Willis

Sociological Quest

Luigi Tomasi

Sociological Quest:

The Sociological Quest Haydn Aarons, Evan Willis, 2022-10-10 Starting Sociology can be daunting This user friendly introduction takes the reader on a quest towards a sociological understanding of the world we live in Using contemporary examples The Sociological Quest asks what is distinctive about the way Sociologists view society Haydn Aarons and Evan Willis show that they are concerned with the relationships between the individual and society and that a sociological analysis involves an approach which is historical cultural structural and critical This sixth edition has been thoroughly revised and updated and includes new material on identities social change social movements populism climate change the COVID 19 pandemic digital interaction and social media Also included in the sixth edition is an expanded chapter on empirical research in Sociology and the research process as well as a new chapter on careers in Sociology Sociological Quest Frank Brown,

Social Movement Organizations John Lofland, 2017-09-29 The authoritative and richly detailed handbook is divided into three parts 1 procedures for studying SMOs 2 propositions or generalizations about them and 3 perspectives or wider considerations relating to them Included are discussions of such basic questions as What causes SMOs and why do people join them What are the beliefs and practices of SMOs What effect do SMOs have and what are the social reactions to them

Sociological Social Work Priscilla Dunk-West, Fiona Verity, 2016-04-01 Sociological social work is a lifelong social work practice which is animated by a sociological perspective Social workers shorthand orientations such as strengths perspective task centred or humanistic to name but a few as a way to identify their philosophical and theoretical approaches in professional life Whilst some texts have examined sociology for social work this text instead proposes that sociological social work is a legitimate and theoretically rich orientation and this book demonstrates what sociological social work looks like in our rapidly changing world This text will equip students and practitioners with a way to think sociologically not just while they are studying but as an ever present reference for making sense of social work purpose and how this is realised in a transforming world This follows an established tradition in social work literature but this book elevates and names the importance of this approach which we argue is critically needed if social work is to achieve its agenda in transformative social political economic and environmental contexts The current landscape in which we live is one that is characterised by rapid changes which have implications for the life experiences of those with whom social workers work social justice advocacy agendas and for fulfilling the purpose of social work more generally This book is essential reading for those looking to keep up with these changes The Souls of W.E.B. Du Bois Edward J. Blum, Jason R. Young, 2009 The Souls of W E B Du Bois is a collection of articles that treat Du Bois on the subject of religion by reintroducing his life and work to an audience that may be familiar with his work generally but may never have seen analyses of his study of religion Because the project includes articles that examine both Du Bois s personal religious life along with his examination of religion the editors seek to add not only to our knowledge of Du Bois s scholarly contributions but also hope to shed light on his personal life and

religiosity Also in treating the biography and career of a thinker whose work covers much of the twentieth century the editors intend this work to address larger issues related to religion in the United States over the course of the century

Sociology, *New Horizons in Sociological Theory and Research* Luigi Tomasi, 2020-07-24 This title was first published in 2001 This book tackles the important issue of the tasks that confront sociology in the third millennium It examines the sociological interpretations of the World Wide revolution which amid unprecedented scientific and technological progress and the globalization of markets has generated new inequalities poverty structural unemployment and mass conditionings A number of the most distinguished living sociologists including Boudon Beck Eisenstadt Tiryakain Wieviorka furnish profound and innovative interpretations of changes in world society while outlining the frontiers of sociological research for the 21st Century The contributions to the book not only prompt reflection on the structure and organization of sociological research but also revitalize sociological inquiry by conducting original and stimulating analysis of theoretical and methodological issues an undertaking essential for the survival of the discipline itself **Down To Earth Sociology**, 2000 **For Durkheim** Edward A. Tiryakian, 2016-12-05 For Durkheim is a timely and original contribution to the debate about Durkheim at a time when his concerns on ethics morality and civil religion have much relevance for our own troubled and divided society It includes two new essays from Edward A Tiryakian s collection on the Danish Muhammad cartoons and September 11th providing contemporary relevance to the debate and an analytical and interpretive introduction indicating the ongoing importance of Durkheim within sociology This indispensable volume for all serious Durkheim scholars includes English translations of papers previously published in French for the first time and will be of interest to sociologists anthropologists social historians and those interested in critical questions of modernity **Buried Communities** Kurt Fosso, 2004-01-01 Offers an explanation for the poet s mysterious and longstanding preoccupation with death and grief **Connecting Families?** Barbosa Neves, Barbara, Casimiro, Cláudia, 2018-06-26 Are Information and Communication Technologies ICTs connecting families And what does this mean in terms of family routines relationships norms work intimacy and privacy This edited collection takes a life course and generational perspective covering theory including posthumanism and strong structuration theory and methodology including digital and cross disciplinary methods It presents a series of case studies on topics such as intergenerational connections work life balance transnational families digital storytelling and mobile parenting It will give students researchers and practitioners a variety of tools to make sense of how ICTs are used appropriated and domesticated in family life These tools allow for an informed and critical understanding of ICTs and family dynamics **The Anthem Companion to Everett Hughes** Rick Helmes-Hayes, Marco Santoro, 2016-12-01 The Anthem Companion to Everett Hughes is a comprehensive and updated critical discussion of Hughes s contribution to sociology and his current legacy in the social sciences A global team of scholars discusses issues such as the international circulation of Hughes s work his intellectual biography his impact on current ethnographic research practices and the use in current research of such

Hughesian concepts as master status dirty work and bastard institutions This companion is a useful reference for students of classical sociology practitioners of ethnographic research and scholars of sociology in the Chicagoan tradition **Story of Sociology** Gregor McLennan, 2011-03-15 A brilliant synthetic essay of theoretical importance in its own right Jeffrey C Alexander Yale University USA McLennan takes us on an absorbing journey that will provide illumination to newcomers to sociology and seasoned veterans alike This is a fascinating version of the story so far and an expansive vision of the road ahead Rob Stones University of Essex UK What does sociology involve How did its key concepts and perspectives develop What is the scope and relevance of sociology today These are the fundamental questions that motivate every new and returning student of sociology and they lie at the heart of this unique book Situating sociology within the wider context of social theory Story of Sociology takes us from the intellectual tensions of Enlightenment thought through the American dominated twentieth century to the latest debates in the discipline Accessible and inspiring succinct yet challenging this book is an ideal companion to any introductory sociology or social theory course This is an excellent short introduction to sociological theory superbly capturing the dilemmas of sociological argument as well as its different traditions and sensibilities John Holmwood University of Nottingham UK Story of Sociology is more than a simple history it is a compelling invitation to enter the sociological imagination Extraordinary in its scope and clarity this book links current departures to enduring themes and captures the dynamic positioning of sociology in the contemporary age Lisa Adkins University of Newcastle Australia The SAGE Handbook of Governance Mark Bevir, 2010-12-14 The study of governance has risen to prominence as a way of describing and explaining changes in our world The SAGE Handbook of Governance presents an authoritative and innovative overview of this fascinating field with particular emphasis on the significant new and emerging theoretical issues and policy innovations The Handbook is divided into three parts Part one explores the major theories influencing current thinking and shaping future research in the field of governance Part two deals specifically with changing practices and policy innovations including the changing role of the state transnational and global governance markets and networks public management and budgeting and finance Part three explores the dilemmas of managing governance including attempts to rethink democracy and citizenship as well as specific policy issues such as capacity building regulation and sustainable development This volume is an excellent resource for advanced students and researchers in political science economics geography sociology and public administration Mark Bevir is a Professor of Political Science at the University of California Berkeley *Revisiting the Self* Charalambos Tsekeris, 2017-10-02 Who am I Or even more curiously who are you These are questions about the self that aspect of who we are that we believe defines or at least describes each of us The self is not merely an internal creation however Family friends colleagues and acquaintances all contribute to who we are and more importantly they help to shape who we think we are In this innovative and thought provoking book the various social aspects of the self and its construction are imaginatively explored Such explorations can seem abstractly academic but they

carry great significance Knowledge of how the self is constructed has many implications for most social processes for example understanding the volatility of the notion of self that can provide the basis for terrorist radicalisation can generate destructive suicidal tendencies or can foment aggressive national identities This interdisciplinary collection is relevant not only for theoretical and methodological elaborations but also for more practical considerations The chapters in this book were originally published as a special issue of Contemporary Social Science and two articles from Self and Identity

Polish Catholicism between Tradition and Migration Wojciech Sadlon, 2021-06-27 From a critical realist perspective this book examines the manner and the extent to which religion is shaped by modernity With a focus on Poland one of the most monolithic and religiously active Catholic societies in the world but which has undergone periods of intense transformation in its recent history the author explores the transformations that have affected Catholicism from a position of reflexivity Viewing Catholicism as a system of ideas elaborated by tradition the author considers the relationship between human subjectivity and social structure by examining the shift from traditional religious practice to modern religious observance particularly in an era of migration in which many Polish Catholics have relocated to western European countries with profound changes in their religious outlook Presenting a new approach to understanding religious change from the perspective of religious reflexivity Polish Catholicism between Tradition and Migration will appeal to scholars across the social sciences with interests in religion research methods social change and critical realist thought *Sociology* Luigi Tomasi, 2012

Faith and Learning David S. Dockery, 2012 Two dozen Christian higher education professionals thoroughly explore the question of the faith's place on the university campus whether in administrative matters the broader academic world or in student life *Beyond Sociology* Ananta Kumar Giri, 2017-12-20 This book explores the contours of a transformational sociology which seeks to reconsider the horizons of sociological imagination It questions accepted modernist assumptions such as the equation of society and nation state the dualism of individual and society and that of ontology and epistemology Arguing that contemporary sociology suffers from what Ulrich Beck calls the Nato like fire power of western sociology it argues that sociology has to open itself to transcivilizational dialogues and planetary conversations about self culture and society The book also challenges scholars to go beyond a privileging of the post traditional telos of modernist sociology and puts forward a foundational interrogation of modernist sociology It underscores the limitations of established conventions of sociology and considering an alternative sociology based upon Confucian vision and practice of self transformation This collection offers a way to go beyond dominant structures of modern sociology and contemporary dominant ways of thinking about and doing sociology helping us cultivate a transdisciplinary sociology *Public Sociology* John Germov, Marilyn Poole, 2020-07-22 From the future of work to the nature of our closest relationships how do we understand the links between our personal troubles and wider public issues in society today Now into its fourth edition Public Sociology continues to highlight the relevance of a grounded sociological perspective to Australian social life as well as

encouraging students to apply a sociological gaze to their own lives and the communities in which they live Public Sociology presents a wide range of topics in a user friendly and accessible way introducing key theories and research methods and exploring core themes including youth families and intimate relationships class and inequality and race and ethnic relations All chapters have been extensively revised to bring them up to date in a fast changing social world reflecting the latest sociological debates in response to changing lifestyles and evolving political landscapes In addition to updated statistics and research findings an expanded glossary and the latest citations to the scholarly literature the text features a completely new chapter on gender and sexualities with expanded discussion of LGBTIQ This new edition also explores contemporary issues ranging from the MeToo movement to marriage equality fake news and alt facts This is the essential sociological reference to help students make sense of a complex and challenging world NEW TO THE FOURTH EDITION A new chapter on gender and sexualities and expanded discussion of intersectionality Exploration of the latest social issues including MeToo rising inequality and the post truth age All chapters thoroughly revised and updated with the latest research Updated book website with extra readings YouTube clips and case studies A new feature Visual Sociology helps the reader analyse the power of visual messaging With a firm base in the richest traditions of the discipline and with a remarkably approachable format this book offers an excellent introduction to a wide array of sociology s concerns making it suitable for all Australian social science undergraduates Gary Wickham Emeritus Professor of Sociology Murdoch University A sophisticated yet accessible introduction to social identities differences and inequalities and social transformations Jo Lindsay Professor in Sociology Monash University Sweeping and lucid communicates with ease and simplicity Toni Makkai Emeritus Professor College of Arts and Social Sciences Australian National University
