Spheres Of Liberty:

Culture and Social Progress Joseph Kirk Folsom,1928 *Modern Power and Free Speech* Chris Demaske,2011-01-01
Modern Power and Free Speech takes a socio political approach to question the application of the First Amendment in cases dealing with the speech rights of disempowered groups Combining legal analysis First Amendment theory feminist theory and political theory Chris Demaske addresses the inadequacies of current free speech doctrine **The Essential Calhoun**
John Caldwell Calhoun,1999-12-31 John C Calhoun was a major actor in the political history of nineteenth century America His dramatic career will always be of interest However Calhoun is equally important as a political thinker who continues to elicit widespread interest from the most diverse points of the ideological spectrum The Essential Calhoun presents a full fledged selection of speeches and writings taken from the entire forty year span of Calhoun s public career and from many varieties of occasions public and private For the first time it is possible to appreciate Calhoun fully and to consider his thought within the compass of a single volume Calhoun is known to posterity as the premier defender of the Old South and slavery and as the theorist of the concurrent majority His contemporaries knew him as much else including a political economist and foreign policy authority As the range of writings shows he was a valuable and often prophetic commentator Calhoun s thought testifies to a deep and abiding concern with moral and ethical issues that confront a government resting on the consent of the people The fundamental question with which he wrestles in all his works is how to achieve and maintain a proper balance between power and liberty in a democratic society By providing the most representative compendium of his thought The Essential Calhoun invites the reader to engage in this exercise of applying the moral imagination realistically to the public business of America Historians American studies specialists economists and political scientists will find this volume indispensable *American Literature* Robert Shafer,1926 The Civil Sphere Jeffrey C. Alexander,2008-09-08 What binds societies together and how can these social orders be structured in a fair way Jeffrey C Alexander s masterful work The Civil Sphere addresses this central paradox of modern life Feelings for others the solidarity that is ignored or underplayed by theories of power or self interest are at the heart of this novel inquiry into the meeting place between normative theories of what we think we should do and empirical studies of who we actually are Solidarity Alexander demonstrates creates inclusive and exclusive social structures and shows how they can be repaired It is not perfect it is not absolute and the horrors which occur in its lapses have been seen all too frequently in the forms of discrimination genocide and war Despite its worldly flaws and contradictions however solidarity and the project of civil society remain our best hope the antidote to every divisive institution every unfair distribution every abusive and dominating hierarchy This grand sweeping statement and rigorous empirical investigation is a major contribution to our thinking about the real but ideal world in which we all reside
Spheres of Liberty Michael Kammen,2001 A historical overview of the concept of liberty in American culture and thought
East and West Kwang-Sae Lee,2006 Seeks themes of mutual resonance in eastern and western thought covering a

range of selected topics with contemporary relevance The main themes are methodological issues comparison of Kantian and Confucian moral philosophy and holistic individualism and pluralism exemplified by Pragmatism Wittgenstein Heidegger Confucianism and more **God's Instruments** Blair Worden,2012-03-22 A detailed study of the religious and political character of the most revolutionary decade of English history from the execution of Charles I in 1649 to the return of his son in 1660 Explores the minds and conduct of the dominant figure of the era Oliver Cromwell and his friends and enemies

Essays on Constitutional Law and Equity, and Other Subjects Henry Schofield,1921 Year Book Carnegie Endowment for International Peace,1929
