she searches for a connection that will link the eco spiritual and implicitly multicultural heritage to the demands of an increasingly global and culturally unilateral community Harvard Oriental Series ,1921 The Grammar of the Spirit World in Pentecostalized Africa Hermen Kroesbergen,Johanneke Kroesbergen-Kamps,Philipp Ohimann,2023-01-01 What does it mean for the spirit world to be real Scholars from different disciplines investigate this topic focusing on the role played by the spiritual realm in Pentecostalized Africa The grammatical angle of their research proves to be a fruitful avenue to clarify the kind of reality or realities the spirit world has This novel approach takes us beyond most existing research by investigating the often unaddressed assumption that we know what it means for the spirit world to be taken as real This volume shows the importance of paying close attention to the grammar according to which people speak of spirits Spirit witchcraft ancestors and other aspects of the spirit world **Late Bloomer** Melissa Pritchard,2007-12-18 Prudence True Parker teaches a course called Advanced Personal Journey at a community college in Arizona but her own personal journey is not really advancing She s divorced debt ridden and starting to feel desperate when she meets Digby Deeds alias Mildred Crowley the author of the wildly successful Savage Passion romance series at her local library When the dying Deeds offers Prudence the final forty plots of his popular series her financial needs trump her literary aspirations and she accepts To her astonishment her own life soon begins to outpace Passion s fevered tales and she finds herself in the midst of a plot involving psychics a sexy young Comanche lover Native American activists medicine men and even a few wolves Quick witted and laugh out loud funny Late Bloomer follows Prue on her madcap journey as she finds her real life surpassing the wildest flights of her imagination *Sense and Stigma in the Gospels* Louise J. Lawrence,2013-10-24 The senses are used within New Testament texts as instruments of knowledge and power and thus constitute important mediators of cultural knowledge and experience Likewise those instances where sensory faculty is perceived to be disabled in some way also become key sites for ideological commentary and critique However often biblical scholarship itself disabled by eye centric and textocentric norms has read sensory disabled characters as nothing more than inert sites of healing their agency including their alternative sensory modes of communication and resistance to oppression remain largely unaddressed In response Louise J Lawrence seeks to initiate a variety of interdisciplinary dialogues with disability studies and sensory anthropology in a quest to refigure characters with sensory disabilities featured in the gospels and provide alternative interpretations of their conditions and social interactions In each instance the identity of those stigmatised as other according to particular physiological social and cultural norms are recovered by exploring ethnographic accounts which document the stories of those experiencing similar rejection on account of perceived sensory difference in diverse cross cultural settings Through this process these disabled characters are recast as individuals capable of employing certain strategies which destabilize the stigma imposed upon them and tactical performers who can subversively achieve their social goals
