imagination fared Was it powerful enough or had it fallen into a sorry plight When Bonna Jones joined a dream sharing group run by Melbourne psychologist Peter O Connor she was on the cusp of menopause In group conversations she took part in a process of sharing night time dreams which were imagined re imagined and befriended Dreams are an easy and accessible way to engage with the world of image and imagination If you record your dreams and share with others you begin a process that invites an imaginative response You grow your mental power to imagine Dream images beget other images and through that give life to more The dreams Bonna shared now revealed in her memoir show how she reimagined her life and where she was headed For Bonna dream group seeded new experiences Beginning in 2003 she joined small group odysseys to Greece On visits to sacred sites ancient landscapes and archaeological museums she listened to talks on Greek mythology and took part in dream sharing The odysseys had separation initiation and return as their theme They prompted her to picture her own wild place and its attractions and she saw how a dreamer has an inner wild she goes to at night In that place while her other mental powers sleep her imagination is awake later she returns This process initiates her into new ways of seeing her day life On the heels of a decade of dream sharing and odysseys to Greece in 2012 Bonna went to art school Encouraged to revive childlike imaginings as part of a process of making art she discovered more ways to see Shared dreams travels to Greece and art school are the main threads in her story but mothering is also woven in Feminine figures appeared in Bonna s dreams and she learnt about the gods of Greek mythology who are feminine or masculine but sometimes ambiguous Over time with plenty to reflect on she grew to see her own mother in a new softer light The Mother seen as mythical mother gave her a fresh way to see mother daughter relationships and released her into a new time **Jung's Alchemical Philosophy**

Stanton Marlan, 2022-04-27 Winner of the IAJS Book Award 2023 for Best Theoretical Book Traditionally alchemy has been understood as a precursor to the science of chemistry but from the vantage point of the human spirit it is also a discipline that illuminates the human soul This book explores the goal of alchemy from Jungian psychological and philosophical perspectives Jung s Alchemical Philosophy Psyche and the Mercurial Play of Image and Idea is a reflection on Jung s alchemical work and the importance of philosophy as a way of understanding alchemy and its contributions to Jung s psychology By engaging these disciplines Marlan opens new vistas on alchemy and the circular and ouroboric play of images and ideas shedding light on the alchemical opus and the transformative processes of Jungian psychology Divides in the history of alchemy and in the alchemical imagination are addressed as Marlan deepens the process by turning to a number of interpretations that illuminate both the enigma of the Philosophers Stone and the ferment in the Jungian tradition This book will be of interest to Jungian analysts and those who wish to explore the intersection of philosophy and psychology as it relates to alchemy Coexistentialism and the Unbearable Intimacy of Ecological Emergency Sam Mickey, 2016-07-29 The philosophy of existentialism is undergoing an ecological renewal as global warming mass extinction and other signs of the planetary scale of human actions are making it glaringly apparent that existence is always ecological coexistence One of the

most urgent problems in the current ecological emergency is that humans cannot bear to face the emergency. Its earth shattering implications are ignored in favor of more solutions fixes and sustainability transitions. Solutions cannot solve much when they cannot face what it means to be human amidst unprecedented uncertainty and intimate interconnectedness. Attention to such uncertainty and interconnectedness is what ecological existentialism, Deborah Bird Rose or coexistentialism, Timothy Morton is all about. This book follows Rose, Morton and many others, e.g. Jean-Luc Nancy, Peter Sloterdijk and Luce Irigaray who are currently taking up the styles of thinking conveyed in existentialism, renewing existentialist affirmations of experience, paradox, uncertainty and ambiguity and extending existentialism beyond humans to include attention to the uniqueness and strangeness of all beings, all humans and nonhumans woven into ecological coexistence. Along the way, coexistentialism finds productive alliances and tensions amidst many areas of inquiry including ecocriticism, ecological humanities, object-oriented ontology, feminism, phenomenology, deconstruction, new materialism and more. This is a book for anyone who seeks to refute cynicism and loneliness and affirm coexistence.

Portraits of American Continental Philosophers James R. Watson, 1999. Taken together, these intimate self-portraits provide a vibrant overview of the multiplicity and depth of continental philosophy in America. Jacket [Religion, Spirituality, and Aging](#) Harry R. Moody, 2012-12-06. Learn how to make a more positive impact with your social work with the aged. Religion is an important coping mechanism for many aging adults. Religion, Spirituality, and Aging: A Social Work Perspective presents the latest research that shows how religion and spirituality can improve quality of life for elders. Respected social work researchers and scholars provide insight and practical methods for fostering positive aging while also considering how spirituality and religion can affect practitioners themselves. The full range of advantages and ethical implications are discussed in clear detail from a social work viewpoint. Case studies plainly illustrate the positive impact that the inclusion of spirituality and religion in an aging person's life may have on their physical and mental welfare. Organized social work in the early twentieth century actively tried to distance itself from its roots as a form of religious charity in favor of becoming a scientific and professional endeavor. Religion, Spirituality, and Aging once again bridges the gap between social work and spiritual matters by presenting penetrating articles that discuss the issues of the aging soul while examining ways to improve care. Creative strategies are offered to contribute to the spiritual side of aging while considering every implication and ethical question. The compilation is extensively referenced and includes helpful figures and tables to clearly illustrate data and ideas. Religion, Spirituality, and Aging discusses the latest social work trends and attitudes toward spirituality, prayer, meditation, and acts of altruism as interventions. An empirical study of how social workers use religion and spirituality as an intervention, ethical considerations, and best practices, religion and spirituality during long-term care, the Postcards to God project, dreams and their relationship to the search for meaning in later life, a spiritual approach to positive aging through autobiography, dementia and spirituality, creating new rituals for sacred aging, spiritual master Henri Nouwen's principles of aging and his approaches to caring for

older people an interview study on elders spirituality and the changes manifested in their views of religion Religion Spirituality and Aging is a remarkable reminder that elders are our future selves This erudite well reasoned examination of aging and spirituality from a social work perspective is crucial reading for social workers human service professionals who work with the aged and gerontology scholars The Memory Effect Russell J.A.
