holy producing visions and encounters with the gods They all have canopies of light called domes each transmitting the presence of a galactic star What is the geomantic origin of the Bermuda Triangle Two dysfunctional stargates If working properly they and the Earth s other two million stargates could transport us rapidly to other planets Is there a way to travel quickly across the planet without using cars airplanes boats or trains Yes and it s called a traversable wormhole and the Earth has thousands of them awaiting our discovery and use Come join the tour of a planet you ve never seen before our own star infused Earth
