Questions and answers Carl Hinton, 2013-01-26 The author of this book has been travelling to Tanzania as a missionary since 1991 During that period he has been asked many Bible based and faith centred questions some of which are repeatedly asked It is thought that the answers to these repeated questions may be usefully contained in a pocket sized booklet for others to keep with them at all times so that they might give a ready answer to those that ask For this reason this booklet has been written as a compilation of answers to those often asked questions This is not another attempt to answer all the questions of religious leaders for that see Wrested Scriptures by Ron Abel This small booklet is aimed at answering the questions of the common man The materials found here are intended for the Ecclesias of Tanzania however the principles are universal and therefore are transferrable to any culture *Final Questions - And No Answers?* Thea und Bruno Johannsson, 2023-04-13 Final questions is a term used by the Australian philosopher Karl R Popper which indicates a field of philosophy in which Popper would esteem scientific proof impossible The field is also called metaphysics In this book Thea and Bruno discuss the problems of God's existence eternal love and spirit life after death good and evil evolution and creation They do it in their modified Socratic midwifery method The reader can follow the birth of thought as it emerges in a mixture of logical discipline and spontaneous reaction He can pause and pursue his own promptings He is not confronted with ready made results but involved in a discourse that is open ended and comprehensible
